COLLEGIAL CIRCLE DESCRIPTION

What was the anticipated goal(s) of this Collegial Circle?

Not only have students changed, but so have our team members. We are planning to use this time to develop a procedure that case managers will use to best assist our IST students.

What grade level(s) and or subject area(s) will benefit from this Circle?

Any student that is a part of IST (grade can range from 9-12)

What level of Guskey's Professional Development Evaluation did you select for this Circle?

Student Learning Outcome

FINAL REFLECTIONS

Was the goal of your Collegial Circle met? Please explain.

Yes. One of the things we discussed was the lack of teacher feedback as part of the process in creating a plan for students. We used our time to develop a form to help streamline the feedback process for teachers.

How did the members of this Collegial Circle assess whether the outcome was met? What evidence was utilized to assess your progress?

We have created a form that we hope will be easier for teachers to fill out and for the members of IST to gather the data. We are hopeful that this will improve the amount of feedback that we receive. The form will be useful for us in determining if the circle was successful.

How did your work impact teaching and learning? [Include student work samples, lesson plans, peer reviews, etc.]

Did your work align with the Level of Evaluation you identified in your proposal? Please explain.

Yes, we are hoping that by getting more effective teacher feedback we can better help assist our IST students and therefore improving their overall success.

Please included any additional comments you would like to share with the Collegial Circle Committee. This may include unanticipated outcomes, next steps, new learning, etc.

We would like to have some time at department meetings to talk to new teachers about IST.
