

Don't skip the free and reduced-price meal form

Support your school

The Free and Reduced-Price Meal forms benefit your family, school, and community. Not only do they help your school receive more funding to support your child's learning environment, but there are benefits to you as well. Income-eligible families could receive discounts on bus passes, internet providers, AP testing, summer camps, and more. Ask your school for specific benefits available to you.

Even if your child doesn't eat meals at school, the forms help strengthen your school meal program!

FAQ

Will filling out this form or eating school meals affect my immigration status?

No. School meal forms are not shared with any immigration officials.

How does filling out the form help my school?

The forms are used to calculate school funding levels from the state and federal government. They also help your school become eligible to offer other programs such as after school and summer meals.
