SCHOLARSHIPS THAT DO NOT REQUIRE PROOF OF CITIZENSHIP OR RESIDENCY STATUS

This is a partial list of scholarships available to SF State students. For details on each scholarship, please visit <https://sfsu.academicworks.com> and contact each org. for the most up-to-date scholarship information.

At San Francisco State University, we seek to promote scholarship opportunities for ALL students, including undocumented/AB 540 students and international students. In **our scholarship database**, there are MANY scholarships available that do not require proof of citizenship or residency status, and/or are open specifically to AB 540 students. In fact, the majority of scholarships in our database do not use citizenship to determine eligibility. The scholarships listed below are only a small sample of those available.

To identify other scholarships you might be eligible for: **FIRST**, search the SF State scholarship database by Keyword. **THEN**, check the requirements listed under the citizenship category. **IF** it says “Any”, then proof of citizenship or residency status was not part of the scholarship criteria. Undocumented students should use the keyword “AB540” or “DACA” to identify additional scholarships. A number of SF State scholarships use the CA Dream Application to determine financial need including: University Scholarship, Community College Transfer Honor, Ray Uribe, Estella Lara, and Wallace Fund for Diversity Scholarships, Costco Scholarship.
