## AP Spanish Summer Assignments (2024)

### I. Mandatory Work:

A. Watch 5 or more episodes of a series in Spanish. Each episode should last at least 30 minutes. At least 2 of the episodes should be from the same series. You may watch them with SPANISH subtitles. ***This should be content that was originally produced in Spanish, NOT English content with Spanish dubbed over it.*** Write a 10-sentence summary in Spanish about each episode. Make sure to include the series title, season and episode numbers, along with the name of the platform you watch it on (Youtube, Netflix, etc.). Email at least one summary to the Spanish professor, Mrs. Garner at [lgarner@gac.org](mailto:lgarner@gac.org) every other week and have the last one turned in by the end of July.

B. Read the novel *La Hija del Sastre* by Carrie Toth and Carol Gaab. It is available on Amazon (feel free to purchase a used copy) and [Wayside publishing](http://www.waysidepublishing.com). You will take a test and make a presentation over the content of this novel in the first week of the new school year.

2. Read newspaper articles and watch news clips from Spanish speaking countries and write a brief summary.
