2/27/2021 21:13:35	2/27/2021	Fiona Chau	Senior Class Council	\$4,700	The item we would like to purchase is a long sleeve that we plan to distribute to every 12th grade student at Mills. The design: https://scontent-sjc3-1.cdninstagram.com/v/t51.2885-15/e35/p320x320/153695451_129118795780311_27882048764609106_n.jpg?tp=1&nc_ht=scontent-sjc3-1.cdninstagram.com&nc_cat=103&nc_ohc=s-OCq9IXIMkAX9h8UrG&oh=8f772e893747953bcf2a0ce3b2eed6a4&oe=606355A3&ig_cache_key=MjUxODE1MjlzNTIzNDczMDEwMA%3D%3D.2	We would like give the long sleeve shirts to the seniors this year for free. Although seniors usually receive t-shirts during the senior picnic, this year we decided to design and give out these long sleeve shirts instead. We hope to raise spirits among the senior students, many of which may feel disappointed or neglected due to the lack of senior events because of COVID-19. We also plan to sell the senior hoodies that are sold every year at a low price, but these shirts will be completely free to every student with the funds requested so everyone will be included.	278	Yes
3/3/2021 16:04:18	3/3/2021	Fiona Chau	Senior Class Council	1770	We would like to receive funds that will go towards the annual senior hoodies designed by the class council.	The senior hoodie is a yearly tradition that the senior class partakes in, the class council designs a hoodie that is available to the seniors to purchase. It raises class and school spirit, as well acts as a community booster. We hope to reduce the price of the carefully designed hoodies for the class of 2021 at Mills with these funds. Many of the seniors may feel down or distanced from one another, we hope that with these hoodies more widely available to every student, we will regain a sense of the class morale, motivation, and excitement in a time without many of the senior activities or being with one another.	170	Yes

3/24/2021 15:16:03	3/24/2021	Mel Cotter	Science	\$1500-2000	I am looking for the same tech upgrade that 2 other science classrooms have.	This digital upgrade will help give more access and opportunity to Mills students in class, and in flex. NGSS is Phenomenon based and the curriculum is populated with many short video clips. This upgrade will help streamline changing between devices, as well as be easier to see in the back of the room.	200	Yes
3/24/2021 15:35:41	3/24/2021	Ms. Mary Rustia	Science	Up to \$1,000.00	I need to replace disposable supplies of serological pipets I sent home this past year for students to use at home, about \$500 worth = case of 500. I also sent home petri dishes and LB Agar, about \$300 worth .	The replace and restock will support the 100 students enrolled in the 3 sections of Biotech.	96	Yes
