

## 5016 Student Records

The school district shall manage student records and reports as are necessary for effective administration and in compliance with law. In general, "student records" shall not include transitory communications, such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district.

For purposes of the district's compliance with state and federal law, the district "maintains" as "student records" all records, files, and documents which are located in any format and within any storage unit of the district, whether in hard copy, digital, or otherwise.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. "School administrators" include attorneys, members of law enforcement acting on behalf of the school district as well as third-party website operators who have contracted with the school district or its agent to offer online programs for the benefit of students and the district. No other person shall have access thereto, nor shall the contents thereof be divulged in any manner to any unauthorized person. All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child, with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.
