College Course Options

In partnership with our the San Mateo Community College District, we can have students take advantage of the earning college credits while still in high school!

“Concurrent Enrollment” vs. “Dual Enrollment”

Concurrent Enrollment:

High school students take a community college course for enrichment, *without* earning credits toward high school graduation

Dual Enrollment:

Certain courses offered at the high school site where students can earn BOTH college units and high school credits.

- Example: Food & Nutrition class you will earn (3) College units in Hospitality. All you need to do is complete an additional form to earn those college credits.

Planned Dual Enrollment Classes for 2023-2024

The following courses have been identified as Dual Enrollment classes:

- Food & Nutrition (SMHS)
- Biotechnology (SMHS)
- Career Planning & Career Exploration (CRER 100)

Middle College

Middle College: This is a special program within our district for students in their Junior and Senior year. Students become part of a small community at College of San Mateo and take English and their Social Science class with other students from the district and are able to enroll in at least 2 community college level classes. This is a great opportunity for those students looking to get started on their college career.

Applications are due online:

Friday, March 10th

Academic Integrity

Means that when it comes to YOUR academic endeavors, you are honest and responsible. You don't do anything to give yourself an unfair advantage and the grades you receive are a result of your OWN EFFORTS.

Examples of breaking academic integrity include:

- Cheating or helping others by giving them answers to an assignment, test, or quiz.
- Submitting something as your own without giving proper acknowledgment (PLAGIARISM).
- Receive info about a test ahead of time.
- Provide false information.

*****Keep in mind that your school counselor may have to report any violation of school code, policy, conduct and/or academic integrity to colleges and universities.***

Time for a brief break...

- Take a breath. Take a moment to pause and reflect.
- Self-care: Think of one thing that you can do today to “take a break” and de-stress.
