

EVALUATION MATRIX
Agricultural Barn Electrical Repairs & Upgrades
August 7, 2023

EVALUATORS	Monetary Proposal Amount	Project Personnel/Qualifications To RFP	Experience	Financial Stability	General Information	HUB	TOTAL SCORE
	50 pts. Poss.	10 pts. Poss.	25 pts. Poss.	10 pts. Poss.	5 pts. Poss.	5 pts Poss.	
David Walker Malek Inc.	50	10	25	10	5	0	100
Blair McDavid Malek Inc.	50	10	25	10	5	0	100
Kelly Murphy Malek Inc.	50	10	25	10	5	0	100

Over the past few years, it has become apparent that livestock are inadequately ventilated due to the lack of electrical access to the livestock pens. The correction to this issue will require extensive and permanent modifications to address deficiencies discovered within the existing electrical Main Distribution Panel (MDP).

On June 29, 2023, the District released a formal procurement for these requested services. Area vendors were solicited for proposals based upon schematic drawings provided by Stridde, Callins, & Associates. As a result of that procurement, only one vendor provided a proposal for review.

Malek Inc. has been a proven vendor for the District over the years. As illustrated in the table above, three evaluators reviewed, graded, and scored the proposals submitted by the vendor. The proposal was deemed responsive to the solicitation, and presented an offer which was in line with market rates. The evaluators gave them good scores based on their experience, overall impression, and reasonableness of costs. Therefore, it is the recommendation of the evaluation team to award Malek Inc. the contract for the Agricultural Barn Electrical Repairs & Upgrades for the contract amount of \$115, 500.00 pending Board approval.
