FINAL REFLECTIONS

Was the goal of your Collegial Circle met? Please explain.

We were able to revise the NYC Blueprint for Teaching in the Visual Arts to reflect with our PCSD Mission and Goals and align PCSD elementary art instruction and the NYS Visual Art Standards at the Grade 2 benchmark.

How did the members of this Collegial Circle assess whether the outcome was met? What evidence was utilized to assess your progress?

We collaboratively worked and agreed upon all revisions and new content that was included in the elementary framework. We identified gaps and overlaps against the NYS Art Standards and made the necessary adjustments.

How did your work impact teaching and learning? [Include student work samples, lesson plans, peer reviews, etc.]

We have completed the framework for the K-2 benchmark that we will now pilot in the 23-24 school year. We will review the pilot next spring and make revisions for a curriculum update in the summer of 2024.

Did your work align with the Level of Evaluation you identified in your proposal? Please explain.

Yes, participants gained new knowledge through learning, understanding, and revising the NYC blueprint for Teaching framework. Our work resulted in an alignment with our district and departmental vision, goals and grade level performance indicators.

Please included any additional comments you would like to share with the Collegial Circle Committee. This may include unanticipated outcomes, next steps, new learning, etc.

We will use this new learning and revision approach for the Grade 5 benchmark work.
