

2nd Grade Flat Stanley Project

Dear Parents,

We are so excited to get to know your child and learn all about your summer break! This summer you will be choosing any Flat Stanley book by Jeff Brown that is on your reading level. After reading your book of choice, please complete the “All About The Book” summary page.

How exciting that Flat Stanley will be spending the summer with you! We are asking that each student completes a Flat Stanley Project. The project will consist of creating and decorating your Flat Stanley template. Students are asked to take at least 5 photographs with their Flat Stanley throughout the summer showcasing what activities they have done. Each photograph will then be placed on a poster board and labeled with a complete sentence.

This will be a great opportunity for the students to get to know one another by sharing their most treasured memories from summer break!

Materials:

Flat Stanley colored and cut out

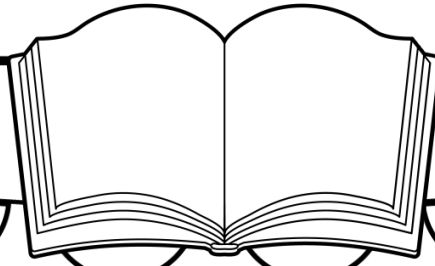

Poster board

5 Photographs

1 Sentence per photograph

Flat Stanley Book of choice (available on amazon or at your local library)

All About The Book...

Setting(s):

A favorite scene from the book:
