AP U.S. Government & Politics Summer Reading Assignment 2024-2025

Required Reading:

Read the U.S. Constitution and complete the document summary. The U.S. Constitution is an important resource and a foundational document for the AP U.S. Government & Politics course. Taking some time over the summer to familiarize yourself with the document will give you a jump start for the first unit of the course.

If you want to increase your opportunity for success in the course and on the exam, you should complete the summer reading assignment. If you choose not to complete the summer, you should reflect on your choice to take AP Government & Politics and consider switching classes. The course covers a lot of material in a short amount of time and will require you to commit lots of your time to reading and note taking.
