Classroom Teacher(s)

Classroom instruction with differentiation

Teacher and Instructional Challenge (IC) Teacher Consult

Classroom teacher requests ideas, strategies, resources or additional assessment, to help facilitate differentiation of instruction in the classroom.

Classroom Teacher and IC Teacher

IC teacher provides direct services for student.

is advanced in relationship to the grade level standards and meets criteria for enrichment experiences in ELA and/or math.

Principal and Team

Assessment data indicates student performance is significantly above grade level: differentiation and enrichment experiences may not be enough for appropriate academic pace and progress.
