faces of dedication

Dedication is the willingness to work to help out a student or to better the school in any possible way. There is one teacher who has shown to be interested in helping any student. She is always concerned about her students and the school. In order to thank her for her care we dedicate our 1978 **FLASHBACK** to Miss Lynn Murchison.

Use
Electricity
Wisely

Conserving electricity and all energy is not just a temporary measure to relieve a temporary problem. If we want to help assure these children and their children an adequate energy supply, we must use all energy wisely from now on.

Begin in your home with your daily living habits. We have free booklets to show you how to insulate and weatherize your home to conserve heating and cooling, and how to use your hot water and your appliances efficiently.

Begin saving for their energy future now.

FACES TO BE REMEMBERED

The faces to be remembered are of the people you enjoyed being with and being around. The faces of people being honored, winning, playing, and just being your friend. The faces you will remember most are of all different people at all different places. These are only a few of those you will remember.

FACES OF "78"

The many faces of the class of "78" like the officers, the Who's Who, some football players, basketball players, and people just being Oxford High Seniors. Pictures of them performing, listening, watching, showing spirit, and just having fun.
