

**Superintendent Search Update
Kennett Consolidated School District**

May 1, 2024

Dear KCSD Parents, Guardians, Students, Staff, and Community:

We want to provide an update on the progress of the KCSD Superintendent search.

We are in the interview stage of the selection process to identify the new Superintendent of Schools for KCSD. We are proud that KCSD's reputation attracted exceptional candidates. As we mentioned in our last update, we used community input to help develop candidate evaluation criteria and candidate interview questions. Our interviews are focused on ensuring that the evaluation criteria and the candidates' professional experiences lead us to our goal of finding the best leader and steward for our students and for KCSD.

At the conclusion of interviews and after reference and background checks, the Board anticipates selection of an outstanding finalist in late May or early June. Our goal is that the new Superintendent will assume their responsibilities at KCSD on or close to August 1, 2024.

We look forward to presenting our next Superintendent. Thank you for your support. We will continue to provide updates via email and on the KCSD website. If you have any questions, please contact the CCIU Executive Search Team at KCSDSuptSearch@cciu.org.

With appreciation,

Board of School Directors
Kennett Consolidated School District
