Are you seeking a high-quality early care and education program for your child?

Add your child to our waiting list for Fall 2024 enrollment:

- Preschool classrooms for children aged 3-5 years, children must be 3 on or before September 1st.
- A team of highly skilled early childhood educators who provide a play-based curriculum designed to foster children's development across all learning domains, with a strong partnership with families and local family support organizations
- Operating hours are from 7:30 am to 5:30 pm, Monday through Friday.
- Conveniently located in Trumbull, catering to families from neighboring communities of Fairfield County
- Our program accepts Care 4 Kids and provides a sliding fee scale for qualifying families.
- Modern facilities equipped with security protocols

"Our child has shown tremendous growth both behaviorally and academically all thanks to his teacher and the assistant teachers. The amount of hard work and dedication they pour into the kids is astounding. I just know in my heart that we won't always be as lucky to find a team of teachers that love and care for each child. It warms my heart to see how the director who is involved with the children. The love truly shines through within the program and teachers. I always recommend this program to anyone who is eligible. In my opinion, the staff is always friendly and welcoming, but most importantly patient."

Dear CES Community,

We are looking to host a Cultural Arts Day on Monday, June 3, 2023 from 9 am to 12:30 pm. Cultural Arts Day is an opportunity for members of our community to come in and share aspects of their cultural heritage, traditions and customs through food, dance, music, art, theater and storytelling with our students.

We are in search of members of our CES community who would be interested in sharing aspects of their heritage and culture with our children. In the past, we have had interactive presentations on cultural cooking, art, dance, music, story telling, written expression and theater.

Presenters would spend the morning at Six to Six presenting and sharing their cultural heritage, customs and traditions with our students.

- Each presenter would be stationed in a classroom. Classes (pre-K to 8th grade) would rotate through the various rooms where the presenters are located.**
- Presenters would give 30 minute presentations and/or demonstrations with student participation.**
- Lunch will be provided for our presenters.**
- If you are interested in being a presenter or if you know someone who may be interested, please contact any member of the team below by May 1st.**

Catherine Nguyen-Ho, Math Specialist, at nguyenc@cestrumbull.org Terri Davis, School Counselor, at davist@cestrumbull.org Sabine Januski, Assistant Principal, at januskis@cestrumbull.org.

We appreciate your participation and support for enriching our students.

Thank you,

Sabine Januski

WHO'S WHO IN THE AGENCY?

**Special Education
Coordinator
Margaret Giordano
Six to Six and SPED**

It is an honor to introduce myself as the new Special Education Coordinator at CES and to join this exceptional community. In this role, I lead and support the wonderful special education department at Six to Six Interdistrict Magnet School. I also work with the Special Education office providing professional development services, assisting on special projects, and providing support and training in CT-SEDS.

I come to CES as a seasoned special education teacher and administrator. Prior to coming here, I was a Special Education Supervisor where I provided leadership and oversight for all special education programming in the district. I previously served as a Special Education Compliance Monitor and special education teacher for Philadelphia Public Schools. I also taught at a special education private school for students with severe autism spectrum disorders in upstate New York. I am passionate about supporting students, teachers, and families and I strive to cultivate an inclusive, collaborative environment where everyone's voice is respected and heard. I am committed to caring for and supporting our students each and every day.

In addition to these work experiences, I am also a new mother – Connor is just about six months old now (our first baby!). My husband John is a biomedical engineering professor at Fairfield University. We spent quite a few exciting years moving around while John completed his PhD, and then a postdoctoral fellowship, before we finally landed permanently in Connecticut. We are thrilled to be here!

I am extremely excited to be a part of this special community at CES. Thank you for the warm welcome!
