COMMUNICATION

HOMEROOM PERIODS

During the homeroom periods, attendance is checked and various announcements of interest to both teachers and students are made via the school's intercom system. Handouts are typically given to students at the end of class.

TELEPHONE (Use of)

The main office telephone will be available to students for emergency calls only. When the phone is to be used during the school day, students must come to the office with a note from the teacher before permission will be granted.

Students wishing to stay for athletics and other after-school events must make "pick-up" arrangements with parents beforehand.

Students are allowed to have cell phones, but they must be turned off and kept out of sight during the school day. Cell phone usage is allowed outside of the school day and other times authorized by school personnel.

POLICIES AND REGULATIONS

VISITORS (Policy 8.50)

Except for parents, guardians, or parental designees who are on essential business, visiting is not permitted to interrupt the educational process during the school day. Further, except for specified and authorized occasions, students of other schools are not to visit during the school day.

All visitors and parents must check-in at the Main Office of the school. Teachers have been instructed to direct all unauthorized visitors to the office to obtain a Visitor's Pass. Parents are encouraged to visit their school throughout the year. Visitation of younger brothers and sisters, cousins, and houseguests of our students is discouraged.

ALL VISITORS ARE REQUIRED TO SUBMIT A DRIVERS LICENSE OR STATE I. D. FOR SCANNING.

ADMISSION POLICY (Policies 7.50, 7.110, 7.350 & 7.370)

To enter kindergarten or first grade, a child must have reached the age of five (5) or six (6) years old respectively on or before September 1st. All students must comply with the health examination, immunization and vision regulations required by the State of Illinois. Students in kindergarten, second and sixth grades must present proof of a dental examination before May 15th of the current school year.

A student entering any grade must present transfer form affirming that the student is currently in “Good Standing” with the previous school, and fill out a request that report cards, medical and cumulative records be forwarded from his previous school. All new students who are first-time registrants have 30 days following registration to comply with the health examination and immunization requirements. Enrollment is tentative until all records are received.

Students who are homeless shall be immediately enrolled even if they are unable to produce the required records for enrollment. Students whose families are suspected to be homeless should be referred to the Homeless Liaison at 815-836-7719.

TEXTBOOKS, FEES, AND SUPPLIES (Policy 4.140)

When a student loses, damages or permits damage to a textbook, workbook or library book, the student will be charged per district replacement cost for the damage or loss.

Supplies such as paper, pencils, pens, crayons, paste, etc., should be purchased for the student by the parents as these supplies are needed. A list of the supplies your child will need will be given to the child by the teacher.

It should be expected that there will be some fees during the year for other educational programs

Parents should give the teacher or the principal at least three days notice when a pupil is withdrawing from the District. The transfer/release will be issued on the student's last day. With written and signed consent, records of tests, health records, special education records, and other information pertinent to the child's welfare will be forwarded to the new school upon request from the school.

ATTENDANCE and ABSENCES (Policies 7.70 & 7.80)

Regular attendance at school is required by law, as well as being essential to success. If your child is to be absent from school for any reason, please call the school secretary before classes begin each morning to report the absence. If a parent has not called in to report the absence, the District will call the parent to inquire why the student is not at school. If there has been no contact from the family at the start of the school day, the school may contact the police to conduct a wellness check at the home of the student.

Teachers are not normally expected to make special preparations or give advance assignments for any student who will be absent from school; however, upon returning to school, students will be provided with assignments for all missing work. The student, by being absent, misses valuable instructional time that cannot be regained. It is the parent's responsibility to have the child in attendance for each day that school is in session.

According to the Regional Office of Education, students are to be identified under one of the following categories each school day:

- **In Person Instruction:** The full day or partial days represented as a decimal that the student was present.
- **e-Learning:** e-Learning days are established by the Superintendent in lieu of an emergency day.
- **Absent – Excused:** "Valid cause" for absence shall be illness, observance of a religious holiday, death in the immediate family, family emergency, student mental health day, and shall include such other situations beyond the control of the student as determined by the board of education in each district, or such other circumstances which cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student.
- **Absent – Unexcused:** Absences not due to a "valid cause" as noted under Excused Absences.
- **Medically Homebound:** A student who is receiving home/hospital instructional services, provided by the district, in accordance with 105 ILCS 5/14-13.01

- **Hospitalized:** a student was hospitalized because of medical emergencies or procedures (e.g., because of a motor vehicle or other type of accident, surgery, severe illness, psychiatric emergency) or was participating in residential programs that provide psychological treatment or treatment for drug or alcohol abuse, but was not receiving home/hospital instructional services, in accordance with 105 ILCS 5/14-13.01.
- **Remote Learning:** Used if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, the State Superintendent of Education may declare a requirement to use remote learning days or blended remote learning days for a school district.

Parents may be requested to meet with the school officials to discuss habitual absences. Pursuant to the Illinois School Code, a child who is absent without valid cause for 5% or more of the previous 180 regular attendance day is a chronic or habitual truant. Students whose absences are in excess of 5% may be required to provide documentation in the form of a doctor's note or other documentation for absences. Failure to do so will result in these absences being termed unexcused and the initiation of truancy proceedings on the part of the district. A student must be present at least 5 hours to be counted as present for the entire day and a student who is present at least 2.5 hours is considered present for a half day

TARDINESS (Policies 7.70 & 6.110)

Students are expected to be in their seats by the time the second bell rings in the morning.

Any student tardy to school must report to the office with a parent or guardian before reporting to their class.

Repeated tardiness or absence, without justifiable cause, may result in referral to the truancy officer, temporary suspension, parent conference, or additional meaningful assignments at the discretion of the teacher or administrator.

EARLY DISMISSAL (Policies 7.80 & 7.90)

Procedures for a child leaving school are as follows:

1. Children are released from school only to their custodial parents or to persons authorized by their parents. A child must be signed out at the office. Identification may be requested.
2. Children are released to police officers only after proper clearance by the building administrator and notification to parents.
3. In case of family dissension (divorce, step- parents, etc.) the request occasionally comes to prohibit one party of the conflict from taking the child from school. Such requests are honored only if legal status has been established and a notarized affidavit certifying the legal guardian has been turned into the office.
4. Students will be released from school as an excused absence, to observe religious holiday or for religious instruction. The student's parent must give written notice to the building principal at least one calendar day before the anticipated absence. Students will be given an opportunity to make up any missed work.
5. Requests for released time for dental and medical appointments are honored. When possible, appointments should be scheduled during non-school hours.

PHYSICAL EDUCATION (Policies 6.60, 6.310 & 7.260)

Unless excused by a family physician or spiritual advisor, all students in grades K-8 are required to take physical education. This includes the wearing of school approved apparel during class. (Grades 6, 7, and 8 only.) Parental excuses may be accepted for physical education classes or recess periods for 1 day only. Any serious or chronic ailment that a student may have must be verified in writing by a physician and entered in the student's health record before the student shall be excused for periods of physical education classes and/or recess of more than 1 day.

Students should have their own non-marking soled gym shoes for physical education classes.

Students are required to purchase a school combination lock. (Grades 6, 7, and 8 only.)

PARENTAL NOTICE OF RIGHT TO KNOW TEACHER QUALIFICATIONS

As required by Every *Student Succeeds Act* (ESSA), the District advises parents that they may request, and the school shall provide in a timely manner, information regarding the professional qualifications of your child's classroom teachers, including the following:

- Whether the teacher has met state certification criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or provisional status through which state certification has been waived. The degrees earned by the teacher and the field of certification or degree. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

The District shall make this decision taking into consideration the nature of the emergency, the seriousness of the threat to the health or safety of the student or other persons, the need for such records to meet the emergency, and whether the persons to whom such records are released are in a position to deal with the emergency. The District shall notify the parents as soon as possible of the information released, the date of the release, the person, agency or organization to whom the release was made, and the purpose of the release.

No student shall be subjected to bullying:

- during any school-sponsored education program or activity;
- while in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school sanctioned events or activities; or through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment; or through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any non-school-related activity, function, or program.

As used in this section, “bullying” includes “cyber-bullying” and is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- placing the student(s) in reasonable fear of harm to the student’s or students’ person or property,
- causing a substantially detrimental effect on the student’s or students’ physical or mental health,
- substantially interfering with the student’s or students’ academic performance; or
- substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

“Cyber-bullying” means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photoelectronic system, or photo optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. “Cyber-bullying” includes the creation of a web page or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying in this Section. “Cyber-bullying” also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated herein.

Students are encouraged to promptly report incidences of bullying. Reports may be made anonymously. Reports of bullying may be made, in writing, by telephone, or by email, to the building principal. If a report is received by a staff member other than the building principal, the staff member shall notify the principal, or his or her designee, of the report of the incident as soon as reasonably possible. The parent(s)/guardian(s) of all students involved in an alleged incident of bullying shall be informed of the incident to the extent permitted by the federal and State laws and rules governing student privacy rights. The building principal, or his or her designee, shall discuss, if appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

An administrator shall promptly address reports of bullying and shall determine whether a reported act of bullying is within the permissible scope of the district’s or school’s jurisdiction. If, in the administrator’s discretion, it is within the permissible scope of the district’s or schools’ jurisdiction, an investigation shall be conducted.

All reasonable efforts shall be made to complete the investigation within 10 school days after the date the report of the incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported incident.

Appropriate school support staff and other staff with knowledge, experience, and training on bullying prevention, shall be involved, as deemed appropriate. Parents and guardians of the students who are parties to the investigation shall be provided with information about the investigation and an opportunity to meet with the principal, or his or her designee, to discuss the investigation, the findings of the investigation, and the actions taken to address the report incident of bullying to the extent permitted by federal and State laws and rules governing student privacy rights. The District may take interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

Retaliation or reprisal against any person who reports an act of bullying is prohibited.

Appropriate consequences and remedial actions will be taken in regards to any person who engages in reprisal or retaliation. Appropriate consequences and remedial action will be taken against individuals who falsely accuse another of bullying as a means of retaliation or as a means of bullying.

The Superintendent or designee shall develop and maintain a program that:

1. Fully implement and enforces each of the following Board policies:
 - a. 7:190 – Student Discipline. This policy prohibits students from engaging in any kind of aggressive behavior that does physical or psychological harm to another or any urging of other students to engage in such conduct; prohibited conduct includes any use of violence, force, threats, intimidation, fear, harassment, bullying or other comparable conduct.
 - b. 7:310 – Restrictions on Publications and Written or Electronic Material.  - c. 7:20 – Sexual Harassment – This policy prohibits any person from harassing or intimidating a student based upon a student’s sex, color, race, religion, creed, ancestry, national origin, physical or mental disability, sexual orientation, or another protected group status.
 - d. Full implementation of the above policies includes:
 - i. conducting a prompt and thorough investigation of alleged incidents of bullying, intimidation, harassing behavior, or similar conduct,
 - ii. providing each student who violates one or more of these policies with appropriate consequences and remedial action, and
 - iii. protecting students against retaliation for reporting such conduct.
2. Examines the appropriate steps to understand and rectify conditions that foster bullying, intimidation, and harassment; this contemplates taking action to eliminate or prevent these disruptive behaviors beyond traditional punitive disciplinary actions.
3. Includes bullying prevention and character instruction in all grades in accordance with State law.
4. Fully informs staff members of the District’s goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes: (a) communicating the District’s expectation – and the State law requirement – that teachers and other certificated employees maintain discipline, and (b) establishing a process for staff members to fulfill their obligation to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
5. Encourages all members of the school community, including students, parents, volunteers, and visitors, to report alleged acts of bullying, intimidation, harassment, and other acts of actual or threatened violence.
6. Actively involves students’ parents/guardians in the remediation of the behavior(s) of concern. This includes ensuring that all parents/guardians are notified, as required by State law, whenever their child engages in aggressive behavior.
7. Communicates the District’s expectation that all students conduct themselves with proper regard for the rights and welfare of other students. This includes a process for commending or acknowledging students for demonstrating appropriate behavior.
8. Annually communicates this policy to students and their parents/guardians. This includes annually disseminating information to all students and parents/guardians explaining the serious disruption caused by bullying, intimidation, or harassment and that these behaviors will be taken seriously and are not acceptable in any form.
9. Engages in ongoing monitoring that includes collecting and analyzing appropriate data on the nature and extent of bullying in the District’s schools and, after identifying appropriate indicators, assesses the effectiveness of the various strategies, programs,

and procedures and reports the results of this assessment to the Board along with recommendations to enhance effectiveness.

10. Complies with State and federal law and is in alignment with Board policies. This includes prompting the Board to update the policy beginning every 2 years after its initial adoption and filing this policy with the Illinois State Board of Education after the Board adopts or updates it.
11. The policy evaluation process shall include a process to assess the outcomes and effectiveness of the policy, including, but not limited to, factors such as the frequency of victimization; student/staff/family observations of safety at school; identification of areas of a school building where bullying most frequently occurs; the types of bullying utilized; and bystander intervention or participation. Information which the District already collects for other purposes may be used in this policy evaluation. The information developed as a result of the policy evaluations shall be made available on the District's website.

GRADING AND PROMOTION

REPORT CARDS (Policies 6.280 & 6.340)

Reed, Ludwig and Oak Prairie grades are reported using traditional A, B, C, D, F and Incomplete. Walsh grades are reported using a checklist. Report cards will typically be available electronically on the Friday following the end of each marking period. Each time, the report card envelope must be signed by one of the student's parents and returned the next school day or as soon as possible.

At Oak Prairie report cards will be issued four times annually at the end of each marking period (quarterly). At Walsh, Reed and Ludwig report cards are issued three times annually (trimesters).

Incomplete grades must be made up before the next marking period. The important mark is the final year grade which is an average plus an evaluation by the teacher of the final progress achieved by the end of the year. Students receiving an Incomplete on the report card are ineligible for the Honor Roll list at Oak Prairie until the Incomplete is removed. (See District policy for student grades and grading system.)

District 92 grading and promotion policy is available upon request (Policy 6.280).

PARENT-TEACHER CONFERENCES (Policy 8.50)

Conferences between parents and their child's teacher(s) will be conducted during the school year. Teachers may schedule individual conferences with parents when class not in session. Parents should feel free to request appointments for conferences with teachers at any time during the school year. Please do not report for a conference without first making an appointment. Please keep appointments, and/or notify the teacher(s) if you will not be able to attend.

RETENTION POLICY (Policy 6.280)

The promotion and retention of children is the responsibility of the professional staff. It is the policy of the Board of Education to support these decisions. The administrator and the teacher have the background and information to make an educational decision in the best interest of the child. Habitual absences, excessive tardiness and failure to make up the missed assignments are considered reasons for retention.

The school administration and the teachers consider it extremely important that parents be consulted early and continue to be well informed regarding the possibility of the retention of their child. Students determined to not qualify for promotion to the next higher grade shall be provided remedial assistance, which may include, but shall not be limited to, a summer bridge program of no less than 90 hours, tutorial sessions, increased or concentrated instructional time, modifications to instructional materials, and retention in grade.

Students shall not be promoted to the next higher grade level based on age or any other social reasons not related to the academic performance of the student. (See district plan General District Criteria for Student Promotion, Progression, Retention Guidelines.)

EIGHTH GRADE GRADUATION

Graduation is a special occasion and students are expected to dress appropriately. Disposable gowns and ribbons are made available through the school for graduation.

SUPPORT SERVICES

SPECIAL EDUCATION SERVICES (Policy 6.120)

District 92 provides a free, appropriate public education in the least restrictive environment to all eligible students with disabilities, as required by the Individuals with Disabilities Education Act (IDEA), Article 14 of the Illinois School Code, Section 504 of the Rehabilitation Act of 1973, and their implementing regulations. The term “students with disabilities”, for purposes of the IDEA, means students for whom it is determined, through definitions and procedures described under these laws and regulations, that special education and related services are required.

For purposes of Section 504, “students with disabilities” includes students for whom a physical or mental impairment substantially limits one or more major life functions. For further information regarding programs and services for students with disabilities or how to request an evaluation of your student, contact the Director of Student Services.

HEALTH SERVICES (Policies 7.250, 7.260 & 7.270)

Vision and Hearing Tests - Vision tests and hearing tests are given to students in predetermined grade levels each year. Referrals are sent to parents of the pupils who need to be checked by a physician.

Parents or guardians are notified in case of serious illness or accident. The parents will be asked to come for the child in the event of a serious accident or illness where a child will need further medical attention. It is imperative that the school has the parents’ phone numbers (at home and place of employment) as well as those of relatives or neighbors, and emergency telephone numbers on file in the office for this purpose. Please advise your school of any phone number changes. Update emergency and parent contact information as changes occur.

A physician’s statement concerning any serious ailment, such as asthma, diabetes, epilepsy, chronic back ailments, etc., should be filed with the school so that this information may be entered in the student’s health record.

When a child returns to school after a serious illness or accident, it is the responsibility of both the parent and the physician to establish with the school the child’s physical limitations.

Medication – For students who need to take medication during the school day, medication administration procedures and permission forms are available in the Nurse’s Offices. A student may possess an epinephrine auto-injector and/or medication prescribed for asthma for immediate use at the student’s discretion only if proper forms are submitted to the Nurse or Principal. No student will be permitted to possess or self-administer medication until the proper forms are received by the school. The District retains discretion to reject requests for administration of medication, subject to the requirements of the Individuals with Disabilities Education Act (IDEA), Article 14 of the Illinois School Code, Section 504 of the Rehabilitation Act of 1973, and their implementing regulations.

To provide care to all students, it is important that parents and students update the nurses when a student has a change in medication and/or medical condition. Nothing prohibits any school employee or official from providing emergency assistance to students, including but not limited to administering medication.

STUDENT HEALTH

Students should remain at home until they are well enough to resume work in the classroom. Children who have had a fever should maintain a normal temperature for 24 hours before returning to school. Should a student incur an unusual rash, the student should be kept home for observation and/or attention by the family physician. Lice checks are conducted periodically. A “no nit” procedure is enforced when lice are found.

CONTAGIOUS DISEASES (Policy 7.280)

Please use the following as a guide for the length of time children should be out of school.

Chickenpox -	Minimum 7 days after eruption.
Mumps -	Minimum 7-10 days until all glandular swelling is gone.

EXCUSES FOR ILLNESS (Policy 7.70)

The child may be required to bring a signed note from the doctor if the illness keeps the child away from school for three days or more. A signed note from the doctor is required if restrictions are put on the child. The duration should be stated along with restrictions. In cases when a parent has not called school to report an absence, a written excuse may be required.

LUNCH PROGRAM

Students are assigned to a regular lunch period. Students of grades K-5, under supervision, may spend additional time on the playground except during inclement weather. Parents or guardians are advised that school campuses are closed.

Students at Walsh, Reed, Ludwig and Oak Prairie are supplied with a photo identification lunch card at the beginning of each school year. This card is a debit card used for purchasing lunches. If this card is lost it will be replaced at no charge one time. Any further need to replace the card will result in a \$5.00 charge to the student.

LUNCHROOM EXPECTATIONS

- All students must report to the lunchroom with their assigned class.
- Each student is responsible for leaving the table and floor around the table free from lunch papers and other refuse

LOST AND FOUND

Articles of clothing, purses, jewelry, and equipment that are found should be brought to the office so that the rightful owner may be found. If a student loses an item, they should report the loss immediately to the office. Check at intervals to claim the article if it is found. Students are encouraged not to bring a large sum of money or personal possessions to school. The school is not responsible for loss or theft of personal items. Furthermore, the school is not responsible for missing items including textbooks and other school materials. A student may purchase a combination lock (Ludwig or Oak Prairie only) for a hall locker. Personal locks are not permitted on any school locker.

The district has adopted an e-learning plan for school closures. [Click here for details on the D92 e-Learning Plan](#). When school is to be closed for the entire day, the Superintendent will notify families through the district's digital notification system, as well as post notification on the District 92 web site and social media pages. GIFTED/ACCELERATED SERVICES

(Policy 6.130)

The District 92 philosophy toward academically talented programming supports the need for a differentiated program of instruction that addresses the acceleration and enrichment of curricular content, individual learning styles, and special talents and abilities. The program helps to develop self-esteem, independent study skills, research, and creative/critical thinking skills.

Academically talented/gifted services are offered in grades three through eight. Program eligibility is determined through student placement and ranking on a district matrix. Eligible students in grades 6-8 receive instruction through designated Honors courses. [Click here for additional details on the D92 Gifted Services](#).

TITLE I PROGRAM

(Policy 6.170)

Students in qualifying schools who need extra help in reading and language arts may be eligible for federally funded Title 1 services. Title 1 funds are allocated to schools based on the number of students qualifying for the free or reduced-price lunch program. Any child at the school, however, may receive Title 1 services if he or she has the educational need.

READING IMPROVEMENT PROGRAM

The District Reading Improvement program serves students in kindergarten, first and second grade who require additional academic support in reading and language arts. Students who are eligible for this program receive strategic reading instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension. Students are referred for the program by the classroom teacher and/or the Reading specialist for testing to determine placement in this intervention program.

ENGLISH LEARNER PROGRAM (K-8)

The District English Learner (EL) program helps to ensure that students with limited English proficiency develop high levels of academic attainment in English as they participate in grade level curriculum. All non-English language background students new to the District are given an

age-appropriate English language proficiency test to determine eligibility for this program. The District EL program is partially funded through Every Student Succeeds Act (ESSA) federal Title III funds. Illinois is the fifth largest state with the highest number of English Learners (EL). Focused instruction in English language skills is provided by an EL specialist.

STUDENT DISCIPLINE HANDBOOK

DISCIPLINE PROGRAM

(Policy 7.180, 7.185, 7.190 & 7.20)

Updates for 2022-23

In the following program for discipline, students are given opportunities to improve behavior and cooperate with their teachers and others in charge. Much importance is placed upon parental involvement in the social development of each student.

In order to maintain order and security in school, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. State law precludes school authorities from requesting passwords or other related account information to gain access to a student's account or profiles on a social networking website.

The School Discipline Policy applies to all students that are engaged in any student sponsored, recognized activity, or are on school property. It also applies to students moving to and from school on foot or on a bus. These rules also apply, and a student may be subject to discipline, for any conduct that takes place off-campus and/or outside of school if the conduct interferes with, disrupts, or adversely affects the school mission, instruction, activities, discipline, and/or operations, or is reasonably foreseeable that the conduct will interfere with, disrupt, or adversely affect the school mission, instruction, activities, discipline, and/or operations, including but not limited to conduct that may reasonably be considered to a) be a threat to a staff member; b) endanger the health or safety of students, staff, or school property; or c) otherwise impinge on the rights of other students. This may include conduct through e-mail, the Internet, and/or social media.

All our schools encourage positive behaviors by offering incentive programs periodically throughout the school year.

So that students may clearly understand those behaviors that are unacceptable, specific infractions and their consequences are categorized below. These guidelines are not intended to be exhaustive, students are subject to disciplinary action any time their behavior is disruptive, illegal, insubordinate, or disrespectful of others and/or otherwise violates the expected behavior of students.

In addition, administration from the elementary and intermediate grade buildings reserve the right to administer age-appropriate disciplinary actions for the infractions listed in this code. This may include but not be limited to programs like peer mediation, anger management classes, and/or privileges being removed.

Bullying, intimidation, and harassment are not acceptable in any form and will not be tolerated at school or any school-related activity. The School District will protect students against retaliation for reporting incidents of bullying, intimidation, or harassment, and will take disciplinary action against any student who participates in such conduct.

A student receiving special education services may require an alternative behavior intervention plan documented by an Individual Education Program (IEP). Students receiving special education services shall be disciplined in accordance with federal and State rules and regulations and a student's IEP.

LUNCHROOM RULES

Lunch is a time for students to relax, unwind and converse with their classmates. Students still must show respect for their peers and supervisors by keeping noise at a moderate level and following the lunchroom rules in addition to complying with expected student behavior. Disregard for these rules may result in the following disciplinary sanctions based on the severity of the incident (this list is not exhaustive):

- Repeated verbal reminders to group and/or individuals
- Specific table assignments
- Lunch detention
- Recess detention
- Parent contact
- Office intervention

DISCIPLINE TERMS

Students may be suspended for up to ten school days for any activity that constitutes gross disobedience or misconduct. Students who are assigned OSS may not be on the campus or attend any school functions for any reason unless prior arrangements have been made with the building principal.

Items such as baseball bats, pipes, sticks, bottles, locks, pencils, pens, chains, ice picks, screw drivers, bricks, or stones may be considered weapons if used or attempted to be used to cause bodily harm.

Any toy or model weapon that looks enough like an authentic weapon to be reasonably mistaken for one will be considered a look-a-like weapon. Any student who represents a look-a-like weapon to a staff member or another student as a real weapon and/or uses it to intimidate, threaten, or harass someone will be treated the same as if (s) he used a real weapon according to state and federal laws.

Referral to Local Law Enforcement - All known or suspected illegal acts will be reported to local law enforcement.

Expulsion - In cases of gross disobedience or misconduct, a recommendation may be made to the Board of Education that expulsion proceedings be initiated. The Board of Education has the authority to expel a student for up to two years. Students who are expelled may be referred to appropriate and available support services.

A student who has been determined to have brought one of the following objects to school, any school sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

- A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
- A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alike” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

Social Suspension - Loss of privilege to attend or participate in extra-curricular or non-curricular activities outside of the regularly defined school day.

LEVEL 1 ACTS OF MISCONDUCT

Level 1 Acts of Misconduct are minor misbehaviors which impede the orderly operation of the classroom and school. Such misbehaviors can usually be handled by an individual staff member but sometimes require the intervention of other school support personnel. Level 1 misbehaviors include the following:

- Causing classroom/lunchroom disturbances.
- Being disobedient.
- Throwing or propelling any object-- for example, paper wads, rubber bands, food, etc.
- Failing to enter a class at the assigned time without an acceptable excuse.
- Violating school rules, playground rules and lunchroom rules:

- Restorative practices
- Conference with parents
- Detention
- In-School Suspension
- Withdrawal of privileges
- Consequences as stipulated in the approved classroom management plan

LEVEL 2 ACTS OF MISCONDUCT

Level 2 Acts of Misconduct involve misbehaviors whose frequency or seriousness tend to disrupt the learning climate of the school. Those infractions which result from the continuation of Level I misbehaviors require the intervention of personnel on the administrative level because the execution of Level I disciplinary options has failed to correct the situation. Included in this level are misbehaviors which do not represent a direct threat to the health and safety of others

but whose educational consequences are serious enough to require corrective action on the part of the administrative personnel. These include such misbehaviors as:

- Continued, unmodified Level I Acts of Misconduct – Continuation of Level I or Level II Acts of Misconduct will automatically move the infraction to a Level III.
- Insubordination – Refusing to obey a direct order from a staff member.
- Using obscenity, profanity, vulgarity, directed toward other students.
- Any form of bullying, verbally abusing or sexually harassing other students.
- Using or possessing, distributing, purchasing or selling tobacco materials (including, but not limited to lighters and matches) or e-cigarettes.
- Entering another student’s locker without permission.

- Using or possessing laser pointers will result in an automatic day of In-School Suspension and confiscation of said laser pointer.
- Using the District’s technology inappropriately, including cyber bullying, will result in a loss of privileges. Additional disciplinary options may also apply depending on the severity of the misuse.

LEVEL 2 DISCIPLINARY OPTIONS: The action taken will be made on a case-by-case basis according to the severity of the incident, and may include but are not limited to:

- Restorative practices
- Conference with parent
- In-School Suspension
- Out of School Suspension from school (one to three days)
- Out of School Suspension (four to ten days) if other appropriate and available interventions have been exhausted
- Recommendation for alternative program
- Withdrawal of privileges

LEVEL 3 ACTS OF MISCONDUCT

Level 3 Acts of Misconduct involve acts directed against persons or property. Level III acts of misconduct can usually be handled by the disciplinary mechanism in the school. The corrective measures which the school or district uses will be determined by the extent of the resources available for remediation in the best interest of all students. Level III offenses may involve law enforcement. These include such behaviors as:

- Continued unmodified Level II offenses
- Possession or use of fireworks
- Extortion, threats, or any form of bullying or intimidation
- Theft or possession of articles belonging to others
- Vandalism or defacing of school property or property of others
- Bomb threat/false fire alarms

- Other acts of misconduct which are seriously disruptive, and/or create a safety hazard to students

- Being involved in a gang or gang related activities including displaying gang symbols or paraphernalia

 - Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions
- Any inhalant, regardless of whether it contains an illegal drug or controlled substance:
 - that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or
 - about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications
- "Look-alike" or counterfeit drugs, including a substance not containing an illegal drug or controlled substance, but one:
 - that a student believes to be, or represents to be, an illegal drug or controlled substance; or
 - about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug or controlled substance
- Drug paraphernalia, including devices that are or can be used to:
 - ingest, inhale, or inject cannabis or controlled substances into the body; and

- pledging to become a member; or
- soliciting any other person to join, promise to join, or be pledged to become a member.

LEVEL 3 DISCIPLINARY OPTIONS: The actions taken will be made on a case by case basis according to the severity of the incident, and may include but are not limited to:

- Loss of privileges, exclusion from celebratory events, and/or loss of graduation events
- Suspension from school (OSS for one to three days or, ISS)
- Suspension from school (OSS for four to ten days) if other appropriate and available interventions have been exhausted
- Recommendation for expulsion
- Recommendation for alternative program
- School District action which results in appropriate placement
- Restitution for cost of repair or replacement of property

THREAT ASSESSMENT

SCHOOL BUS RIDER HANDBOOK

SCHOOL BUS BEHAVIOR (Policies 7.220 & 7.130)

It is the school's legal responsibility to transport home the students who rode the bus to school in the morning. Students who desire to walk when they are assigned to a bus route must have written permission from a parent/guardian stating they have given them permission to walk. If a note is not on record a student will face disciplinary action for leaving school grounds without the proper permission.

No one other than students of the District 92 schools are to ride buses without special permission or assignment. This regulation is in keeping with transportation insurance coverage.

The District will be unable to honor requests for students to ride buses other than their own.

In general, student conduct should be essentially the same on the buses as in the classroom. Any student guilty of misbehavior that could jeopardize personal safety and the safety of other bus occupants is subject to exclusion from bus transportation.

School bus drivers are to have control of all children while transporting between the homes of the children and the school. The driver shall keep order, shall treat all children in a civil manner, shall see that no child is imposed upon or mistreated enroute, and shall assure that the following regulations are observed by all pupil passengers.

EXPECTATIONS FOR SCHOOL BUS RIDERS

1. Arrive at your designated bus stop at least 5 minutes prior to your scheduled pick-up time. Help keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
4. Do not leave your seat while the bus is in motion.
5. Be alert to a danger signal from the driver.
6. Remain in the bus in the event of a road emergency until instructions are given by the driver.
7. Keep hands and head inside the bus at all times. Do not throw anything out of the bus window.
8. Loud talking and laughing or unnecessary confusion may divert the driver's attention which could result in an accident.
9. Be absolutely quiet when the bus is approaching a railroad crossing stop.
10. Never tamper with the bus or any of its equipment.
11. Assist in keeping the bus safe and clean at all times.
12. No animals are permitted on the bus.
13. Cell phones and other electronic devices may not be used to take pictures of other students while riding on the bus.
14. Keep books, lunches or other articles out of the aisle.
15. Leave no books, lunches or other articles on the bus.
16. Be courteous to other students and the bus driver.
17. Students are not allowed to eat on the bus.
18. Do not ask the driver to stop at places other than the regular bus stop; he/she is not permitted to do this except by proper authorization.

19. Observe safety precautions at the discharge point. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for a signal from the bus driver permitting you to cross.
20. Observe the same rules and regulations on other trips under school sponsorship as you observe between home and school. Respect the wishes of the chaperone appointed by the school.
21. Locate a seat upon entering the bus. The bus driver or school administrator may assign a seat.
22. Do not stand or move from place to place while the bus is in motion.
23. Loud and/or profane language, or indecent conduct will not be tolerated.
24. Leave windows or doors closed except by permission of the driver.
25. Do not enter or leave the bus until it has come to a full stop and the door has been opened by the driver.

Students in grades kindergarten to 3rd grade must be released to designated adults or older siblings at their bus stops in the afternoon. Parents must complete a Child Release Form and return it to the school office prior to the start of the school year or when there are changes in those who are authorized to pick up students. Those designated individuals picking up students must have identification (driver's license/state ID/school photo ID) with them on a daily basis.

The following procedure may be used in processing all bus referrals. Additional or more serious consequences may be implemented at any step based on the severity of the incident.

1. **First referral** may result in a warning, a call home to the parent and a copy of the referral slip mailed home.
2. **Second referral** may result a two day suspension of bus privileges, a call home to the parent and a copy of the referral slip mailed home.
3. **Third referral** may result in a one week suspension of bus privileges, a call home to the parent and a copy of the referral slip mailed home.
4. **Fourth referral** may result in a two week suspension of bus privileges, a call home to the parent and a copy of the referral slip mailed home.
5. **Fifth referral** may result in removal of all bus privileges for the remainder of the school year, a call home to the parent and a copy of the referral slip mailed home.

If a student's bus privileges are suspended or removed, it is the responsibility of the pupil's parent to notify school officials if the pupil does not have alternate transportation to school. Pupils suspended or removed from school who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit.

It is a privilege to ride the bus. Upon recommendation of the driver, school administrator, and after a conference with the student and parent, school authorities may deny the privilege of riding on the school bus student who fails to abide by the rules.

For more detailed information about prohibited student conduct on the bus, see Board Policies 7:220, Bus Conduct and 7:130, Student Rights and Responsibilities.

STUDENT-ATHLETE EXPECTATIONS

SPORTSMANSHIP

The Illinois Elementary School Association's (IESA) vision for Sportsmanship is built on expectations that the entire school community will teach and promote the values of good sportsmanship. Students, coaches, administrators, board members and spectators are expected to demonstrate the highest level of sportsmanship and respect for others.

Not only is good sportsmanship necessary for a successful interscholastic activity, it is a character quality that contributes to successful life endeavors. As an IESA member school we have a mission to provide a respectful and caring environment for today's youth that fosters the development of tomorrow's leaders.

BEHAVIORAL GUIDELINES

- Respect the integrity and judgment of game officials. Avoid public criticism of game officials. Accept the decision of contest officials.
- Display modesty in victory and graciousness in defeat.
- Teach sportsmanship and reward/acknowledge players that display good sportsmanship.
- Learn and follow the rules of the game. Share this knowledge with parents and fans to help them have a better understanding and appreciation of the game.
- Respect your opponents. Treat them the way you would wish to be treated, as a guest or friend, who better can understand all the hard work and team effort that is required of the participants.

ATHLETIC UNIFORMS

The district allows a student to modify his or her athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of his or her religion or his or her cultural values or modesty preferences. A student is not required to receive the prior approval of the school board for such modification.

ATHLETIC TEAMS GRADING PROCEDURES

Students who participate in athletic teams including but not limited to: track, basketball, volleyball, baseball, softball, cross country and cheerleading must maintain passing grades in all subject areas. Students who do not meet the above guidelines will be removed from participation until the unsatisfactory grade is remedied. Students will not be able to participate for a minimum of one week until the next regular evaluation is completed. Students who are ineligible for four consecutive weeks will be removed from participation for the remainder of the particular season.

EXTRACURRICULAR ATTENDANCE PROCEDURES

Any student who participates in any district extracurricular programs and/or athletic teams must be in attendance on the day in which participation in that activity is to take place.

Students may participate after keeping doctor, dentist, orthodontist, or other medically related appointments on the day of their participation, as long as they attend school for the part of the day either prior to or following the medical appointment.

Other absences due to extenuating circumstances may be discussed with the building administrator. Students who are ill from school and not in attendance by 11:30 a.m. on the day of the scheduled activity will not be allowed to participate in that scheduled activity.

Students who go home because of illness on the day of the scheduled activity will not be allowed to participate in the scheduled activity.

CONCUSSIONS AND HEAD INJURIES (Policy 7.185)

The District shall follow the protocols, policies and by-laws of the Illinois High School Association (IHSA) relating to concussion and head injuries. The District shall include the information in this policy that is required to be signed by a student athlete and/or the guardian of a student athlete before the student is allowed to participate in practice or interscholastic competition.
