

MAY 2024

# What's UP

The Greenheck Turner Community Center is committed to meeting community needs by providing opportunities for all in the areas of recreation, wellness, athletics, and social activities.

May 1, 2024, was the first day our online portal is open for turf rental. Turf fields will be available for anyone to rent beginning in August. For rentals exceeding four (4) hours, please contact our Facility Scheduling Coordinator to ensure the best customer service and maximize rental space. Fields are available for teams, practices, organizations, and families with no residency requirements.

## WHAT MAKES THIS FACILITY UNIQUE?

The full-size turf field will be separated into four fields. Each of the four fields will be 30X70 yards.

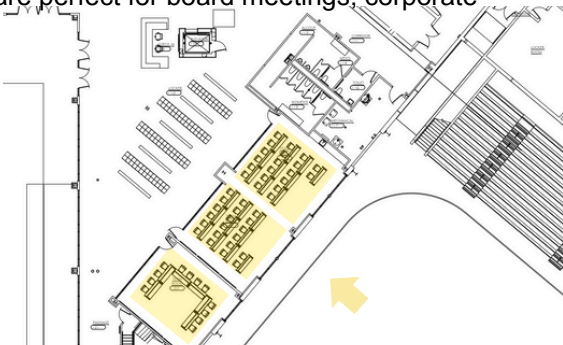

There will be more than 1,100 permanent bleacher seats available in the arena. Plus more with portable bleachers and seating throughout the common areas for families and spectators.

There is a large glass viewing window wall on the upper level that allows families and fans to view the turf fields and sit in comfortable areas with natural light and charging stations.

## MEETING ROOMS

Four (4) meetings rooms will be available to book for \$25/hour and will accommodate up to 45 people with tables and chairs. These are perfect for board meetings, corporate retreats, and nonprofit presentations.

The Grand Opening will be August 1, 2024. We are ready to show you the new facility, open our doors and invite you in. Watch for more details and times.

*We ♥ our  
Volunteers*

Many of our REC programs are successful because of volunteer coaches. On average we have 100 summer soccer volunteers, 30 fall soccer coaches, 40 basketball coaches, 30 flag football coaches, and 40 indoor soccer coaches. Pictured below is Dr. Scott Murch of Orthopaedic Associates of Wausau with his flag football team. Thank you for volunteering to coach!

**SUMMER REC SOCCER** is the largest program for youth in the area. This July we will have almost 900 kids, age 4 through 8th grade, enrolled in the five-week session. This program has grown over the years and is successful because of the partnerships with volunteer coaches and parents. Each week teams play on 12 small fields and 6 large fields at the D.C. Everest Middle School Soccer Complex. Teams learn basic rules of soccer, positions, foot coordination and team play.

<https://www.youtube.com/@greenheckturnercommunitycenter>

If you missed summer registration please consider fall soccer.

## **FALL REC SPORTS**

Registration opens May 22, 2024

**Flag Football** grades 1-6

Registration closes July 19th

**Fall Soccer** grades 4K-5

Registration closes July 19th

**Girls Basketball REC League** grades 3-6

Registration closes July 26th

**Boys Basketball REC League** grades 3-6

Registration closes September 6th

**Boys Basketball Skills & Drills** grades 4K-2

Registration closes September 6th

This summer we are offering two new programs for kids~ **Girls Rising Stars Running Camp** and a **Youth Tennis Program** along with another round of **Youth Speed Camp**. This fall, we will expand our REC programming with more options and expanding ages. **Flag football** will be offered for 1-6th graders and once again played at Stiehm Stadium. Keep watching our **Facebook** page for additional opportunities.

# ADVENTURE CARE

## Summer CAMP

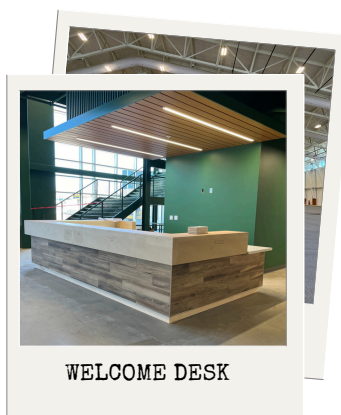

Summer Adventure Care is almost full. We expect to have 250 kids each day for 12 weeks of outdoor adventure fun while providing families with quality care options. Summer Camp will employ 30 staff members. Campers are challenged and supported while going on field trips, being creative in arts and crafts, learning new games, ice skating, rock climbing

and much more. Adventure Camp is open to all outside and area residents. Breakfast, lunch and afternoon snack is provided daily. [Learn more here:](https://gtcc.dce.k12.wi.us/quick-links/adventure-camp) <https://gtcc.dce.k12.wi.us/quick-links/adventure-camp>

Our **FULL SWING** wide screen sport simulators were installed last week and offer golf, soccer, softball, dodgeball, and more. This is the only simulator that measures your ball at impact and in-flight with an overhead ION3 Camera and a combination of infrared technology and high-speed blue light LED cameras. The simulators show real ball flight, with no delay, for the most realistic ball flight on the market. These bays will rent for \$40/hour and be available 7-days a week. The front desk welcome staff will help you access the space this fall.

# JUST ONE YEAR AGO

**March of 2023** the first construction vehicles arrived on property and the fences around the tennis courts began to come down.

**April- May-** the front steps were still standing and the bull dozers began to move dirt and earth to prep the site and the front steps of the Greenheck Field House came down.

**June- July-** brought a lot of moving, flattening and compacting the soil. The cranes arrived and footings were dug. Steel arrived on large trucks and the elevator shaft was built. The steel outline of the “wedge” was built and DCE flag was hung high above the project.

**August- September-** We flew one of the first fly overs with the drone and you could see the entire project from a birds eye view, and a new name, logo and steel truss sections went up each weighing approximately 65,000-100,000 lbs.

**October- November-** the last piece of structural steel was placed, glass windows were installed in the arena and the roof was insulated.

**December- January-** drywall was installed and the new arch connected the old lobby to the new portion of the second floor; paint and lights were added.

**February-March-** the grand staircase was installed, meeting room glass and lights in the turf, along with carpet in the common areas was added.

Photos have the power to convey a narrative that words sometimes cannot capture. This project has been recorded through thousands of photographs and video clips. The original time capsule from 1997 unveiled images of classrooms, computer labs, and parking lot upgrades. We hope these photos and videos can capture a moment, serving as a reminder of our community's commitment to this project.
