For immediate release:

Krum Independent School District acknowledges the recent grand jury indictment and subsequent arrest of former employee Carol Turner, who has not been affiliated with the district since July 2023. While the reported events date back several decades, Krum ISD treats these allegations with utmost seriousness. The safety and well-being of our students remain our foremost concern.

Upon notification of the victim's disclosure, Carol Turner was promptly placed on administrative leave pending a thorough investigation. Furthermore, she has been prohibited from accessing any Krum ISD properties or participating in district-sponsored events. We are committed to cooperating fully with authorities throughout this process and ensuring a safe learning environment for all members of our school community.
