

Pay-to-Ride Student Transportation Program 2024-2025

Program details

- The program is provided on a space-available, time-available, first-come, first-served basis. Participation is limited according to capacity as determined by the district and is available to students in grades K-12.
- The program is only available on existing bus routes and at existing stops. No additional routes and/or stops will be considered for pay-to-ride students after the deadline.
- Buses provided specifically for special education students are not eligible for this program.
- Bus stop locations and times are assigned by North America Central School Bus (NACSB).
- Availability of seats and location of bus stops is subject to change based on changes in enrollment, boundaries, and other factors determined by the District or North America Central School Bus and can occur at any time. When changes to routes or stops occur, families utilizing pay-to-ride busing will be notified at the same time that the families of eligible students are notified.
- Students must be picked up and dropped off at their assigned location only. Pick-up and drop-off must be at the same location.
- Requests for a change in a student's bus stop will only be honored if the student's address has changed.
- No guest students will be allowed to ride along with pay-to-ride students.
- All students riding the bus are subject to the rules and regulations of conduct and safety established by the District and NACSB. The District and NACSB use video cameras on school buses as a means to maintain a safe environment for students and staff.
- Refunds will be granted for any unused full trimester purchased for the current school year.
- No refunds or rate adjustments will be made for days buses cannot operate because of weather or other circumstances beyond the control of NACSB or the district.
- Payments can be made online via the district's website. Fee is charged on a per year basis.
