Family Update Volume 31

Dear Colina Families,

This week we completed our makeup assessments for state testing, engaged in LETRS professional development to sharpen our knowledge on the science of reading, celebrated our district poetry winner, Kennedy Burt in 1st grade and ended our week with a successful 5th grade Rally day at CMS-- what a great week Coyotes!

Next week, we welcome our newest Coyotes to the pack as they experience a Day in the Life of a Kindergartner on Tuesday, send our K-2 students over to CMS to view the Arcade and end the week with a Beach themed spirit day and 4th grade field trip!

Please continue to register for next year and inform your teachers with any changes to next year's plan. We are looking forward to ending the school year with a great last month full of celebrations and learning!
