

➤ **When is Open Enrollment?**

- Open Enrollment will take place from Tuesday, May 7<sup>th</sup> through Friday, May 17<sup>th</sup>
- If you would like to make changes to your current coverage or add dependents to your plan, please log onto the district's Employee Navigator website.
- If you would like to keep your current coverage, no action needs to be taken as your plan coverage will automatically carry over to the new plan year beginning July 1, 2024

➤ **Are there any changes this year?**

- Effective July 1, 2024 Randolph Township Board of Education will be **transitioning prescription coverage from CVS Caremark to Express Scripts through the School Health Insurance Fund (SHIF)**
  - Your current CVS Caremark coverage should continue to be utilized through 6/30/2024
- If you do not make any changes during Open Enrollment, you will automatically be placed in the Express Scripts equivalent of your current CVS Caremark plan

➤ **Will the Express Scripts benefits be equal to my CVS Caremark plan?**

- The prescription benefits will remain the same, with the same copays and procedures of your current plan
  - The NJEHP and GSHP will continue to have the mandatory generic clause with the additional cost for brand name medications.
- You will continue to have access to Mail Order services through Express Scripts
  - Your provider will have access to submit mail order prescriptions electronically once your Express Scripts ID information is shared

➤ **Does Express Scripts have the same formulary as CVS?**

- Express Scripts does have their own formulary and list of covered drugs
  - Please utilize the 2024 Express Scripts National Preferred Formulary List to identify your current prescriptions
- If there are drugs (generic or brand name) which are currently covered through CVS, and not covered under the Express Scripts formulary, there is an appeal process to have the current drug covered. Please contact your prescribing physician for more details.

➤ **Can I still utilize CVS Specialty for my specialty prescriptions?**

- Express Scripts utilizes Accredo specialty pharmacy for specialty medications. You will not be able to utilize CVS Specialty Pharmacy for coverage as of July 1<sup>st</sup>.
  - If Accredo does not carry your specialty drug, Accredo will work with their preferred specialty partners to fill the drug for you at the same member cost share
  - Please see the Accredo Brochure in this packet for more details

➤ **Will I receive a new ID card for my prescription plan?**

- Express Scripts does not provide physical ID cards. A digital card can be found by visiting the Express Scripts member website or by utilizing the Express Scripts mobile app.
  - Please reference the Express Scripts flyer on the next page for more details
- Your Express Scripts ID information is separate from your SHIF Aetna Medical ID. Aetna Medical ID's will not be sufficient for coverage at the pharmacy
- Member ID information will be available prior to July 1<sup>st</sup>

*Due to the frequency in which plans and benefits can change, effective April 1, 2023, ESI will no longer issue physical ID cards. Digital ID cards are available at anytime, with the most up to date information*

# We're there every step of the way.

At Accredo, your specialty pharmacy, taking care of you is our focus. You might be newly diagnosed and beginning with a specialty medication, or you might just be new to Accredo. Either way, our specialty-trained pharmacists, nurses, pharmacy techs and patient care advocates understand chronic and complex conditions. We're here to help you navigate this journey.

## What is a specialty medication?

A medication typically used to treat chronic, complex conditions like multiple sclerosis and cancer. Specialty medications can include oral solids, or can be injected, infused or inhaled and may require special handling, such as refrigeration.

### Accredo provides personalized clinical support and care for a wide range of complex conditions, including:

- |                                  |   |
|----------------------------------|---|
| Age-related macular degeneration | Immune deficiency                                       |
| Alpha-1 antitrypsin deficiency   | Infertility   |
| Anemia                           | Lysosomal storage disorders                             |
| Severe asthma                    | Multiple sclerosis                                      |
| Cancer                           | Neutropenia   |
| Crohn's disease                  | Osteoarthritis  |
| Cystic fibrosis                  | Osteoporosis  |
| Deep vein thrombosis             | Psoriasis   |
| Growth hormone deficiency        | Pulmonary arterial hypertension                         |
| Hemophilia                       | Respiratory syncytial virus                             |
| Hereditary angioedema            | Rheumatoid arthritis                                    |
| Hereditary tyrosinemia           | And many more, including rare and ultra-rare conditions |

She's more than a patient.  
She's a singer in a band.  
A high-school music teacher.
