Mike Seifert	Boys Indoor Track - Assistant Varsity Coach (33%)	682.97
Kore Sharpley	Wrestling - Assistant Varsity Coach-Volunteer	0.00
Mike Thompson	Wrestling - Assistant Varsity Coach	5,374.93
Brandon Thompson	Wrestling - Assistant Varsity Coach	4,344.92
Iain Whitis	Wrestling - 7th Grade Coach	3,448.35

The next board meeting will be November 15, 2021, 6 p.m. at the Board of Education.

INFORMATION ITEMS

ANNUAL REPORTING FORM – NUTRITION STANDARDS

Certification of Standards Governing Types of Foods and Beverages Sold on School Premises for the 2020-2021 school year.

State law in Ohio requires each school district board of education and each chartered nonpublic school board or governing authority to adopt and enforce nutrition standards governing the types of food and beverages available for sale on school premises and report compliance annually to the Ohio Department of Education.

Solon City School District is compliant with regulations for all snack food sold by adhering to the USDA Smart Snack regulations at school and Ohio's food and beverage standards sold as outlined in SB 210 (whichever is more strict).

BUS SAFETY REMINDERS FOR FALL

As the weather turns colder and it is darker outside when students are heading to their bus stops, the Solon Schools Transportation Department is reminding families and drivers in the community of several important safety protocols.

The safety of students on our school buses is our top priority. State law requires very specific safety precautions by bus drivers, students, family members and motorists to ensure student safety.

All students are assigned and required to use a specific school bus stop with a designated place of safety. When possible, students should wear light-colored clothing or jackets on dark mornings (or place something reflective on coats or backpacks). Families should also:

- Check new cold-weather clothing for safety. Draw strings and key chains can catch on objects on the bus and create potential safety hazards.
- Help students to be ready at their place of safety at the bus stop five minutes before the bus is due to arrive even in inclement weather. If necessary, family members should take turns with friends and neighbors to be sure students are supervised at bus stops.
- Never drive to catch up to a bus. Having students run alongside a bus to catch a missed bus at a subsequent stop is dangerous as students could be in a driver's blind spot. Also never chase after a bus that may miss a stop on the ride home from school. Drivers follow very specific protocols for missed stops, which includes radioing into the Transportation Department and continuing along the route to a safe location to turn around and bring the student back to the stop.
- Remind students to alert the driver if they ever drop something near the bus. Students or parents should not reach to pick up items that fall near the bus or roll near the wheels until given the go-ahead that it is safe to do so by the driver.
- Ensure students are not using technology such as phones or earbuds. Playing on a phone or listening to music impedes students' ability to watch and listen for potential dangers around them as well as hear or see safety instructions from their bus driver.
For parents and other motorists driving during school transportation times, please remember that:
- Alternating flashing amber (yellow) lights are on to warn motorists that the bus is preparing to stop to let students on or off the bus.
- Alternating flashing red lights are on to warn motorists that the bus is stopped on the roadway to let students on or off the bus.
- The STOP sign arm is engaged at the same time as the red flashing lights are turned on. A white flashing strobe light may also be used during unfavorable conditions or times of day that limit visibility, such as darkness, rain, fog and snow.

- Four-way hazard lights are activated at all railroad crossings and turn-arounds. The bus will stop prior to crossing railroad tracks.
- The school bus will have its four-way hazard lights and backup light on when preparing to back onto a side street to turn around.
- Motorists must use caution when they approach a bus in the process of completing a turn-around.
- Do not pass a school bus that has red alternating flashing lights. This is the signal that the bus is stopped to load or unload students. Traffic should not move until the bus resumes motion or the driver signals traffic to proceed.
- Be careful and alert on dark streets in the mornings as students and families are waiting at bus stops. Please observe posted speed limits on roadways.
- Remind teen drivers about these important rules of the road.

Thank you for your continued support and commitment to students' safety as they travel to and from school each day.

RED RIBBON WEEK

This is Red Ribbon Week, a long-standing national education campaign aimed at supporting students in safe and healthy decision-making. This year's national theme and logo, Drug Free Looks Like Me, was created by Solon student Marin Wurst.

Here in Solon, students mark the week with different creative daily themes that reflect the overall message of staying drug free. The schools use this week as a springboard to focus on an-appropriate information about the dangers of drug and alcohol use as well as promoting leadership and kindness.

Students traditionally wear red on the first day of Ribbon Week and follow up with additional theme days such as wearing a team jersey or t-shirt to "Team Up Against Drugs," wearing hats on a "Hats Off To Being Drug Free" day and wearing mismatched socks to "SOCK it to Unsafe Behavior," among others.

Red Ribbon Week is just one of the many ongoing programs in our schools to provide positive educational supports for students.

COVID UPDATE

Mr. Bolden gave a covid update.
