The next board meeting will be November 18, 2019, 6 p.m. at the Board of Education.

INFORMATION ITEMS

TRICK OR TREAT FOR UNICEF HELPS SOLON STUDENTS ACT GLOBALLY

With the help of Solon High School's UNICEF club, students in grades preschool through six have the opportunity to give and receive this Halloween.

Students at Orchard, Lewis, Parkside, Roxbury and Solon Preschool just received the familiar bright orange Trick-or-Treat for UNICEF boxes. With parent permission, students can take their UNICEF box along with them on Halloween night to collect donations for children in need around the world.

Trick-or-Treat for UNICEF donations support emergency relief efforts for children living in war-torn areas as well as those struggling with extreme poverty. UNICEF children's aid includes safe drinking water and sanitation, immunization programs, education, health care, nutrition and more.

Now in its 69th year, the United Nations International Children's Emergency Fund is a way for children in our community to help other children around the world.

This is just one of many upcoming philanthropic programs students will be conducting as we approach the holiday season. We will continue to highlight these student efforts during our November and December meetings.

ELECTION DAY NOVEMBER 5

Election Day is November 5. The Cuyahoga County Board of Elections has again changed the polling locations for Solon residents. To check a polling location or find information to cast a ballot by mail, visit Board of Elections web site at <https://boe.cuyahogacounty.us/>

BUS SAFETY

As the weather turns colder and it is darker outside when students are heading to their bus stops, the Transportation Department is reminding families and drivers in the community of several important safety protocols.

The safety of students on our school buses is our top priority. State law requires very specific safety precautions by bus drivers, students, family members and drivers to ensure student safety. All students are assigned and required to use a specific school bus stop with a designated place of safety. When possible, students should wear light-colored clothing or jackets on dark mornings (or place something reflective on coats or backpacks). Check new cold-weather clothing for safety. Draw strings and key chains can catch on objects on the bus and create potential safety hazards. Additionally, students should be ready at their place of safety at the bus stop five minutes before the bus is due to arrive even in inclement weather. If necessary, family members should take turns with friends and neighbors to be sure students are supervised at bus stops.

For drivers, please remember that:

- Alternating flashing amber (yellow) lights are on to warn drivers that the bus is stopping to let students on or off the bus.
- Alternating flashing red lights are on to warn drivers that the bus is stopped on the roadway to let students on or off the bus.
- The STOP sign arm is engaged at the same time as the red flashing lights are turned on. A white flashing strobe light may also be used during unfavorable conditions or times of day that limit visibility, such as darkness, rain, fog and snow.
- Four-way hazard lights are activated at all railroad crossings and turn-arounds.
- The school bus will have its four-way hazard lights and backup light on when preparing to back onto a side street to turn around.
- Drivers must use caution when they approach a bus in the process of completing a turn-around.
- Do not pass a school bus that has red alternating flashing lights. This is the signal that the bus is stopped to load or unload students. Traffic should not move until the bus resumes motion or the driver signals traffic to proceed.

When a bus has its alternating flashing amber lights on, it is preparing to stop to let students on or off the bus. Drivers should be ready to stop and watch for children near or in the roadway.
