The Solon High School team also excelled at the national tournament, earning fourth place honors.

Congratulations to the students, coaches and families. The sustained excellence of this program at the state and national level is a reflection of continued hard work and commitment.

## ATHLETIC PROGRAM PROFESSIONAL DEVELOPMENT

Earlier this year we discussed a series of four recommendations we would undertake to strengthen our athletic program and underscore our commitment to upholding high expectations. One of those recommendations was recently completed through a professional development program for all of our coaches and administrators at Solon Middle School and Solon High School.

Led by renowned leadership expert Brian Kight, the program focused on providing a more concrete structure for our athletic team members to consistently establish and communicate expectations for student athletes and families. The structure will assist the program in ongoing culture building that fosters realistic expectations and maximizes the potential of our student athletes.
