

Watermelon

- Wild watermelon originated in Southern Africa.
- Watermelon can be classified as a fruit or a vegetable.
- Watermelon is about 92 percent water.
- The heaviest watermelon weighed 350.5 lbs! It was grown in Sevierville, Tennessee, by Chris Kent, in 2013.
- August 3rd is National Watermelon Day.

In Japan, some watermelons are grown in different shapes and given as gifts, but you can't eat them. They can cost \$80-\$100!
