Standards/Topics Covered:

Reading Intervention is a program designed to help students strengthen reading skills in the following areas: decoding, fluency, vocabulary, spelling, and comprehension. This program addresses individual needs through direct individual/small group instruction and the use of technology. Students were selected for this course based primarily on the following factors: the universal screener (given 3 times a year), past assessments, grades, teacher input, and other data. The universal screener is the AimsWeb 2.0 test, which identifies students as either Tier 1, 2, or 3. Tier 1= student is on grade-level or above. NO OTHER INTERVENTION IS NEEDED outside of the general curriculum. Tier 2= student is 1-2 levels below grade level. RTI IS NEEDED. Tier 3= student is 3 or more levels below grade level. RTI IS NEEDED. Your student has tested Tier 2 or Tier 3. Aimsweb is a one-to-one assessment for students in Tier 2 and Tier 3 Intervention. Students will be progress monitored every two weeks.
