

EFFECTIVE SELF REGULATION AND EXECUTIVE FUNCTIONING STRATEGIES - A PARENT WORKSHOP

Join us for an interactive workshop where we will demonstrate and help you practice effective strategies you can apply right away at home to enhance your children's executive functioning skills and self-regulation.

In this session you will learn:

- A set of evidence-based strategies that will help you enhance executive functioning skills in your children
- Tools that will help your children manage strong emotions at home
- Effective strategies to foster cooperation and avoid power struggles
