WHAT IS A BUDGET?

A budget is a plan for financial operation embodying both an estimate of proposed expenditures for a fiscal year and the means of financing such expenditures. A properly designed budget will be "balanced" in a sense that proposed expenditures should not exceed estimated revenues plus any fund balance (if used). The budget document then presents a financial program for the fiscal year. The care with which this program is planned and carried out influences directly the efficiency and economy of the school system. Effective budgeting is indispensable to both sound financing and intelligent operation of the school's financial program and thus directly affects the primary function of the school, i.e. education.

To summarize, this budget or plan is designed as a planning and control system. It does not stop with the passage of the budget, but continues all year long as a method to monitor the efficiency of our operations. Our goal is to safeguard your assets, run this school system as efficiently and effectively as possible, and direct as much of our resources into the classroom as possible for the benefit of our students and staff.

CHANGES IN THE 2012-2013 BUDGET

CHENEY PUBLIC SCHOOLS

GENERAL FUND

Two major impacts on the Cheney School District's budget for 2012-13 school year include the McCleary Decision by the State Supreme Court and the opening of two new middle schools.

Enrollment is the primary budget driver. For 2012-13, student enrollment is projected at 3,900 Full Time Equivalent (FTE) students, or up 50 students from the 2011-12 school year average. This is a conservative enrollment projection noting that the Statistical Cohort Survival model predicts 3,927 students. Although economic uncertainties remain, the opening of two new middle schools in the fall of 2012 may drive enrollment above this conservative estimate.

Revenues are projected at \$39,900,000 and are primarily determined by enrollment for state funding sources, categorical funding sources according to state and federal grants, and local levy. The good news is that due to the McCleary Decision the Legislature did not cut public school budgets any further. The damaging effects of budget reductions over the last three years of approximately \$4,000,000 remain however. These cuts include reductions to K-4 class size enhancement, Initiative I-728, Initiative I-732 Cola, federal stimulus payments, and staff salaries. For 2012-13, revenues are up approximately \$850,000 from the 2011-2012 school year due primarily to a 50 student enrollment increase, and a \$582,000 increase in Levy proceeds.

Revenues as a percentage of total:	<u>2011-12</u>	<u>2012-13</u>
LOCAL AND LEVY	23.6%	23.8%
STATE	68.7%	69.0%
FEDERAL	7.7%	7.2%

Levy Lid remains capped at 28% of the previous year's state and federal funding sources. Cheney qualifies for an estimated calendar year 2013 levy authority cap of \$9,855,277 and a levy equalization assistance (LEA) amount of \$1,096,933. Net is \$8,788,344 with a voter approved limit of \$8,500,000. Thus, there is no budgeted roll-back. However, levies will be certified in November as always. Overall levy rates are projected with a 3% growth in assessed value this year with the Maintenance and Operations Levy rate at an estimated \$3.14 per \$1,000, and the Debt Service Levy rate at an estimated \$1.85 per \$1,000 for a total of \$4.99.

Expenditures are projected at \$40,850,020, up \$1,130,020 over the previous year, or 2.84%. All existing programs for students are maintained. In addition, Cheney opens two new middle schools in the fall of 2012. The District also assumes ownership and maintenance of the Nike Site and Crunk's Sports Field Complex. Staffing and maintenance costs are increased accordingly. Inflation in the form of rising fuel, food, and instructional supplies accounts for the balance of the increase in spending.

Staffing levels this year are increased to accommodate growing student populations as well as the addition of Westwood Middle School. Staffing is increased by 9 certificated staff and .2 classified staff over last year's budget.

General Fund

The General Fund accounts for all cash and other resources except those required to be accounted for in other funds. This would include the ordinary operations of the school district, including all programs of instruction for students, maintenance of plant and facilities, administration of the District, food services, and pupil transportation. The General Fund cannot be used for those purposes for which special funds have been established except under special rules which apply to Associated Study Body expenditures and to expenditures in the Capital Projects Fund.

Transportation Vehicle Fund

The Transportation Vehicle Fund is provided to account for the reimbursement to the school district for approved transportation equipment purchases and the expenditures for pupil transportation equipment or for major repairs to the transportation equipment.

Capital Projects Fund

The Capital Projects Fund includes all monies and resources set aside for construction projects, the acquisition of land or existing buildings, construction of buildings, certain purchases of new equipment, conducting energy audits, remodeling of buildings, and the technology program. The replacement of roofs, carpets, and service systems are also included in the Capital Projects Fund. The Capital Projects Fund is usually financed from the proceeds for the sale of bonds, state matching funds, special levies, impact fees, and investment earnings of the Capital Projects Fund.

Debt Service Fund

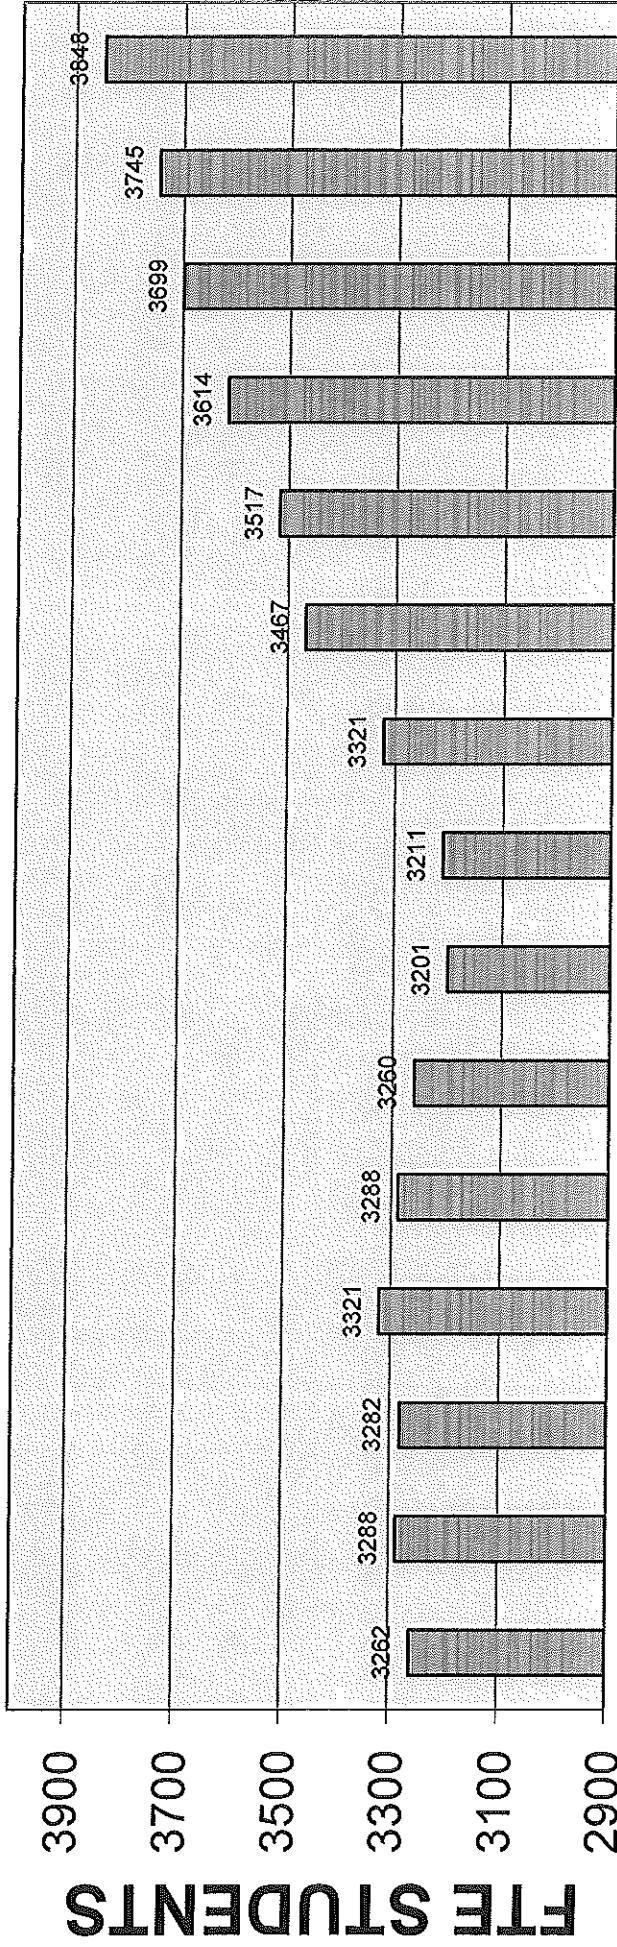

The law provides that a fund be established in the county treasury for the redemption of outstanding bonds and the payment of interest. Disbursements are made by the County Treasurer. Provision must be made annually for the making of levy sufficient to meet payments of principal and interest. Collected levy monies are held by the County Treasurer in authorized interest earnings accounts and/or securities until bond maturity or interest payment dates.

Associated Student Body Fund

The Associated Student Body Fund is financed by student body fees, activity gate receipts, and other approved student body fund-raising activities. The Board of Directors of the District reviews, revises, and approves a budget for the Associated Student Body.

1/ Enrollment are the average counts at school year's end as reported in the P-223 system. These counts do not include Ancillary and Non-Standard (summer) data.

2/ Enrollment and staff counts are entered in the budget for the school year. These counts remain constant and are not subject to change with subsequent updates to the P-233 and S-275 system, respectively.

3/ Enrollment should include special ed., part-time private, home-based, and summer students eligible for BEA funding, as reflected in the F-203.

4/ The staff counts for the prior year are the actual counts reported on Form S-275 and the current fiscal year are budgeted counts reported on Form F-195.

5/ Beginning in 2011-2012 kindergarten is considered full day and basic education. Beginning with 2011-2012, kindergarten enrollment counts should include any additional FTE attributable to the state funded full day kindergarten allocation based on total kindergarten enrollment, as reflected in the F-203.

REVENUE WORK SHEET--GENERAL FUND--LOCAL EXCESS LEVIES AND TIMBER EXCISE TAX

Local property tax collections (Account 1100) should include revenue anticipated to be received in cash during the fiscal year. Estimation for the Timber Excise Tax collection (Revenue Account 1500) is necessary to estimate the Net Excess Levy Collection. The Net Excess Levy equals the Excess Levy Amount minus the sum of the Timber Levy.

REVENUE SOURCES

Local Taxes

Collection of maintenance and operation levies approved by voters.

Local Non-Tax

Includes all tuition and fees paid by students for participation in athletic activities, student food service sales, investment earnings, rental of district facilities, and other various community services.

State General Purpose

Funding revenues allocated by the State based upon enrollment and the education/work experience of the certificated (teachers) staff. Included in this revenue description is Local Effort Assistance. Local Effort Assistance is an attempt to equalize the tax burden placed upon taxpayers of residential districts with a limited tax base. The State provides assistance in the form of revenue to help equalize the tax base statewide. Only districts that have a successful levy passage qualify for this assistance. Therefore, Cheney does qualify for LEA assistance.

State Special Purpose

State revenues provided for support of remedial learning, children with special needs, highly capable children, special and pilot programs such as math and science grants, student achievement funds (I-728 not funded in 2012-2013), pupil transportation, and food services.

Federal General Purpose

This category includes revenue from federal forest tree sales and "In Lieu" of Taxes.

Federal Special Purpose

This category includes support for federal learning programs such as Title I, Title II, and Title IX. Additionally, federal dollars are received for specialized instruction, school food services including USDA commodities, Career and Technical Education (CTE), Medicaid support payments, and Impact aid support for Military and Indian Education programs.

Revenues from Other Districts

Includes payments for educating students from other non-high districts and students with special needs.

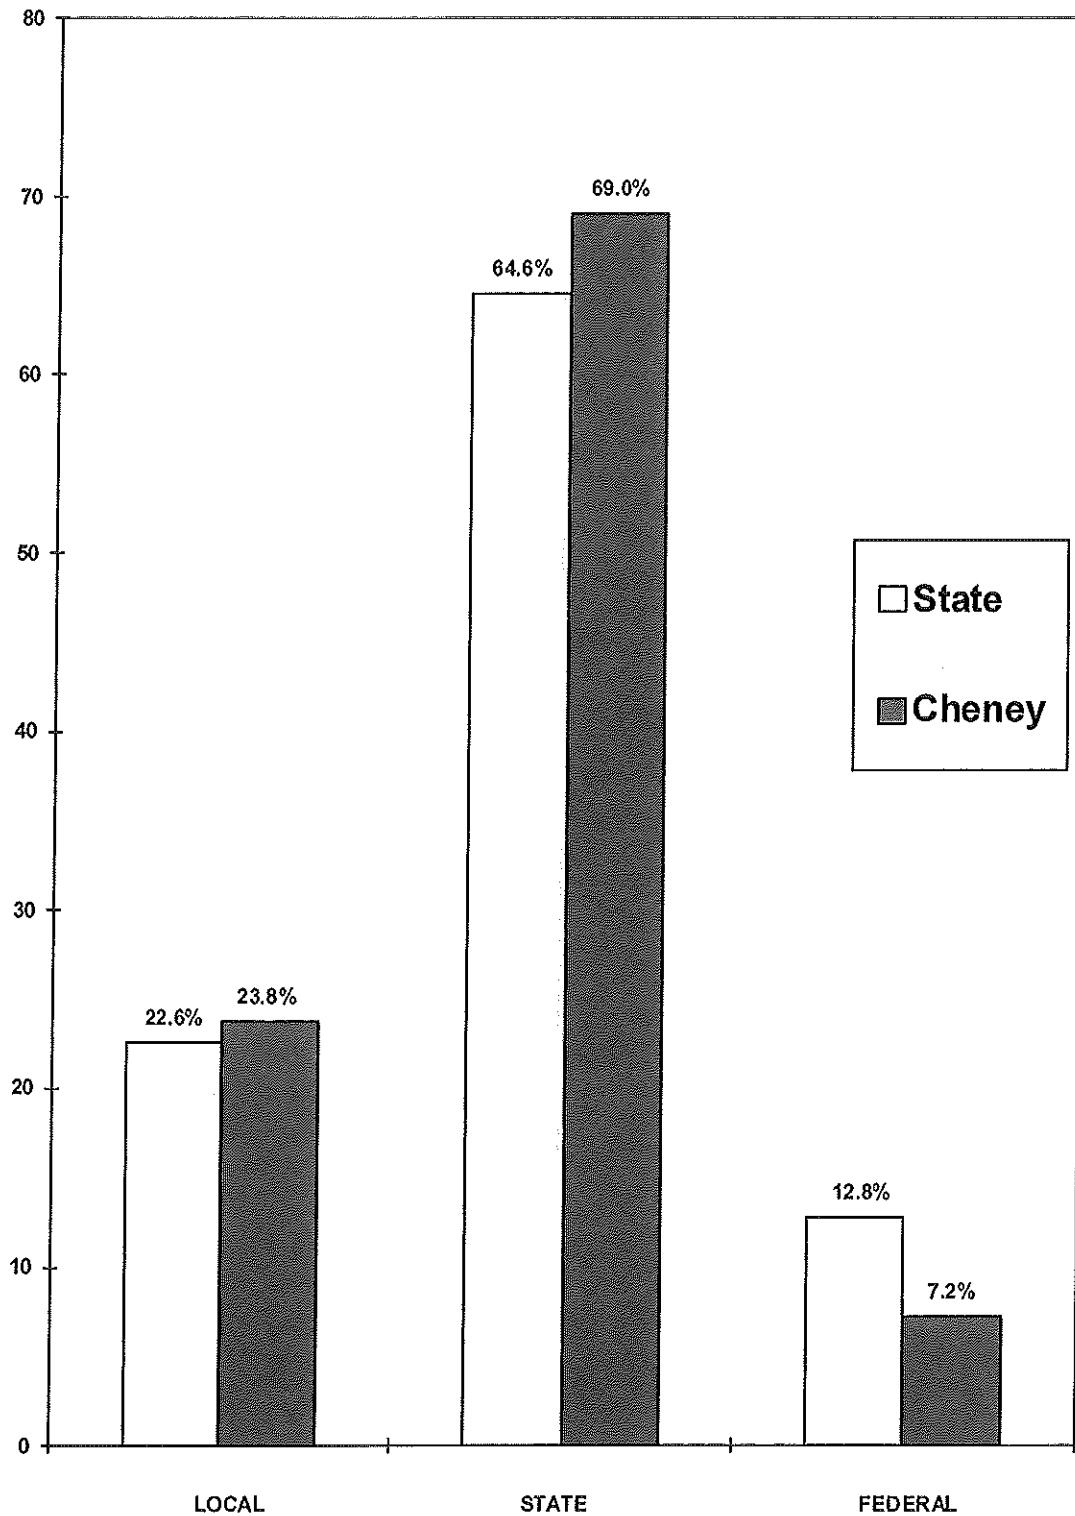

Revenues from Other Agencies

Revenues from agencies other than the Office of the Superintendent of Public Instruction, federal government and other school districts.

Other Financing Sources

Revenues received from the sale of surplus equipment, and the transfer in from Capital Projects Fund (for technology expenditures).

General Fund Summary

General Fund expenditures are categorized in several ways in the Budget. These categories are defined by the State through a state accounting system to maintain consistency among the many school districts throughout the State of Washington. The school district prepares an expenditure budget on a program basis. Program budgeting allows the district to estimate the costs of instructional programs on an individual basis. The major General Fund Programs are defined below.

BASIC EDUCATION

This program covers the direct cost of basic education as defined in RCW 28A.58.750. Program expenditures include the salary and benefit costs of basic education teachers including extra curricular activities. It also includes direct costs of instruction such as library and textbooks, supplies and materials, classroom equipment and instructional materials, etc. Teaching activities include a comprehensive range of subjects that include such areas as art, music, physical education, math, and social studies. Also included here are the expenditures for principals, counselors, librarians, nurses, and building secretaries.

SPECIAL EDUCATION

This program reflects the direct costs of educating children with special needs. These costs, which are considered to be in excess of basic instruction needs, include teachers, certificated support staff (psychologists, speech therapists, etc.) and classified support staff (educational assistants, secretaries, etc.).

VOCATIONAL (CTE) INSTRUCTION

This program reflects the expenditures for career and technical education programs that are approved by the Superintendent of Public Instruction. Many programs such as business, industrial arts, agriculture, and home and family are a part of CTE education.

COMPENSATORY EDUCATION

Title I, Disadvantaged

Provides remedial assistance to educationally deprived children in the areas of reading, language arts, ESL, and mathematics.

Title II, School Improvement

Provides funding for improving student achievement through preparing, training, and recruiting high quality teachers and principals.

Learning Assistance Program (LAP)

Provides additional learning assistance to supplement those children who may not be eligible for other compensatory programs.

Transitional Bilingual (ESL)

Recorded in this program are the direct costs for the special education programs provided students who speak English as a second language.

Student Achievement

This voter approved initiative allows for reduced class sizes, professional development opportunities for staff, full-time kindergarten, and extended learning programs for students. For the 2012-2013 school year, I-728 (Student Achievement) payments are suspended.

OTHER INSTRUCTIONAL PROGRAMS

Highly Capable (Gifted)

This program supports those students in the highly gifted educational program.

SUPPORT SERVICES

General District Support Services

This program records expenditures to provide support for all programs of the district both instructional and non-instructional. Included within this program are expenditures for the Superintendent's office, Board, maintenance, accounting, utilities, data processing, and insurance.

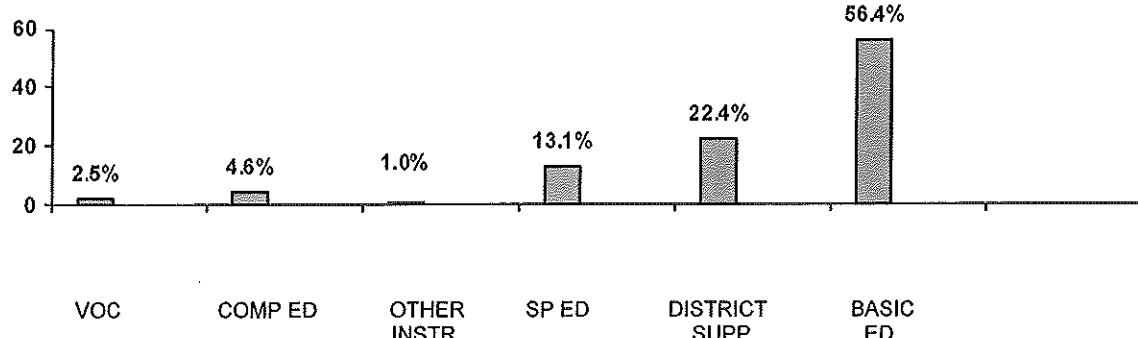

Nutritional Program

This is where the costs of operating the district lunch and breakfast meal programs are recorded. It is the intent of the district that the costs of this program do not exceed the revenues generated by local sales and federal support.

Transportation

This program reflects the costs of operating and maintaining the district's pupil transportation program.

1/ G.L. 536 is an account that is used to summarize actions for other financing uses--transfers out.

2/ G.L.535 is an account that is used to summarize actions for other financing uses such as long-term financing and debt extinguishments. Nonvoted debts may be serviced in the Debt Service Fund (DSF) rather than in the fund that received the debt proceeds. In order to provide the resources to retire the debt, a transfer is used by the General Fund, Capital Projects Fund, or Transportation Vehicle Fund to transfer resources to the DSF.
