WHAT IS A BUDGET?

A budget is a plan for financial operation embodying both an estimate of proposed expenditures for a fiscal year and the means of financing such expenditures. A properly designed budget will be "balanced" in a sense that proposed expenditures should not exceed estimated revenues plus any fund balance (if used). The budget document then presents a financial program for the fiscal year. The care with which this program is planned and carried out influences directly the efficiency and economy of the school system. Effective budgeting is indispensable to both sound financing and intelligent operation of the school's financial program and thus directly affects the primary function of the school, i.e. education.

To summarize, this budget or plan is designed as a planning and control system. It does not stop with the passage of the budget, but continues all year long as a method to monitor the efficiency of our operations. Our goal is to safeguard your assets, run this school system as efficiently and effectively as possible, and direct as much of our resources into the classroom as possible for the benefit of our students and staff.

CHANGES IN THE 2011-2012 BUDGET

CHENEY PUBLIC SCHOOLS

GENERAL FUND

Enrollment is projected at 3,750 Full Time Equivalent (FTE) students, up 10 students from the 2010-11 school year budget. Although the Statistical Cohort Survival model predicts 3,817, the District is being cautious with our enrollment growth estimate due to the economic uncertainties at both the local and state levels.

Staffing levels this year are reduced primarily via attrition by 8 certificated staff and 7 classified staff.

Revenues are projected at \$38,785,000 and are primarily determined by enrollment for state funding sources, categorical funding sources according to state and federal grants, and by local levy. Revenues are down \$65,000 from the 2010-2011 school year. The District lost \$1.2 million last year (2010-11 school year) and experienced an additional mid-year cut of \$500,000 for a total loss of \$1.7 million. Previous reductions to revenue sources such as K-4 class size enhancement, Initiative I-728, Initiative I-732 Cola, and non-Basic Education Act (BEA) grants are extended. New reductions for next year total \$1.975 million and include the loss of BEA funding for staff salaries (\$270,000), ALL federal stimulus funding support (\$1.3 million), Medicaid billing for special education students (\$130,000), LEA reduction due to the realignment of assessed valuation in the state (\$257,000) and LAP reduction (\$18,000). These substantial losses are partially offset by a \$630,000 increase in Levy proceeds for a net loss of \$1.345 million for the 2011-2012 school year.

Revenues as a percentage of total:	<u>2010-11</u>	<u>2011-12</u>
LOCAL AND LEVY	21.85%	23.6%
STATE	67.62%	68.7%
FEDERAL	10.53%	7.7%

Levy Lid remains capped at 28% of this year's state and federal funding sources. Cheney qualifies for an estimated calendar year levy authority cap of \$9,393,357. For the school year 2011-2012, the District's estimated allocation for levy equalization assistance (LEA) is \$1,057,000. Net is \$8,431,617 with a voter approved limit of \$7,700,000. Thus, there is no budgeted roll-back. However, levies will be certified in November as always. Overall levy rates are projected with no growth in assessed value this year with the Maintenance and Operations Levy rate at an estimated \$3.04 per \$1,000, and the Debt Service Levy rate at an estimated \$1.92 per \$1,000 for a total of \$4.96.

Expenditures are projected at \$39,720,000, up \$520,000 over the previous year, or 1.33%. The State of Washington continues to struggle with flat revenue levels and rising cost levels. For Cheney School District it is the same story, different year. Staff salaries are down, yet benefit costs are up \$450,000 due primarily to rising pension rates. Inflation in the form of rising fuel, food, and instructional supplies accounts for the balance of the increase in spending. All existing programs for students are maintained.

Fund Balance begins the year at approximately \$2,525,000. (Unreserved fund balance is closer to the \$1,900,000 mark.) The District Board of Directors declared a fiscal emergency as well as a modified education plan allowing the use of fund balance reserves to balance out the budget. Projected ending balance is at 4%.

FUND ACCOUNTING

General Fund

The General Fund accounts for all cash and other resources except those required to be accounted for in other funds. This would include the ordinary operations of the school district, including all programs of instruction for students, maintenance of plant and facilities, administration of the District, food services, and pupil transportation. The General Fund cannot be used for those purposes for which special funds have been established except under special rules which apply to Associated Study Body expenditures and to expenditures in the Capital Projects Fund.

Transportation Vehicle Fund

The Transportation Vehicle Fund is provided to account for the reimbursement to the school district for approved transportation equipment purchases and the expenditures for pupil transportation equipment or for major repairs to the transportation equipment.

Capital Projects Fund

The Capital Projects Fund includes all monies and resources set aside for construction projects, the acquisition of land or existing buildings, construction of buildings, certain purchases of new equipment, conducting energy audits, remodeling of buildings, and the technology program. The replacement of roofs, carpets, and service systems are also included in the Capital Projects Fund. The Capital Projects Fund is usually financed from the proceeds for the sale of bonds, state matching funds, special levies, impact fees, and investment earnings of the Capital Projects Fund.

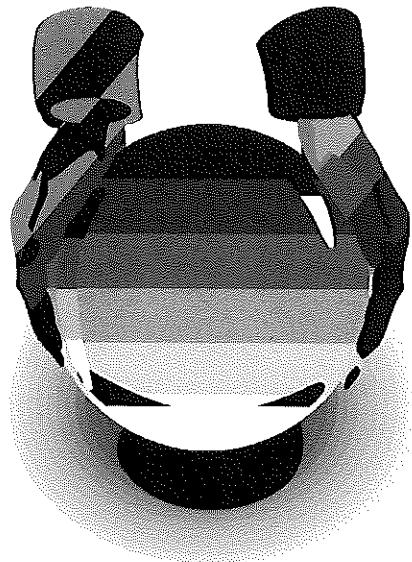

Debt Service Fund

The law provides that a fund be established in the county treasury for the redemption of outstanding bonds and the payment of interest. Disbursements are made by the County Treasurer. Provision must be made annually for the making of levy sufficient to meet payments of principal and interest. Collected levy monies are held by the County Treasurer in authorized interest earnings accounts and/or securities until bond maturity or interest payment dates.

Associated Student Body Fund

The Associated Student Body Fund is financed by student body fees, activity gate receipts, and other approved student body fund-raising activities. The Board of Directors of the District reviews, revises, and approves a budget for the Associated Student Body.

- 1/ Enrollment and Staff are the final and accepted counts as captured in the P-223 and S-275 Systems, respectively.
- 2/ Enrollment and staff counts are as reported as of March, at the point when the budget year is opened. These counts remain constant and are not subject to change with subsequent updates to the P-223 and S-275 Systems, respectively.
- 3/ Enrollment should include special ed., part-time private, home-based, and summer students eligible for BEA funding, as reflected in the F-203.
- 4/ The staff counts for the prior year are the actual counts reported on Form S-275 and the current fiscal year are budgeted counts reported on Form F-195.
- 5/ Beginning in 2011-2012 kindergarten is considered full-day and basic education. Beginning with 2011-2012, kindergarten enrollment counts should include any additional FTE attributable to the state funded full day kindergarten allocation based on total kindergarten enrollment, as reflected in the F-203.

REVENUE SOURCES

Local Taxes

Collection of maintenance and operation levies approved by voters.

Local Non-Tax

Includes all tuition and fees paid by students for participation in athletic activities, student food service sales, investment earnings, rental of district facilities, and other various community services.

State General Purpose

Funding revenues allocated by the State based upon enrollment and the education/work experience of the certificated (teachers) staff. Included in this revenue description is Local Effort Assistance. Local Effort Assistance is an attempt to equalize the tax burden placed upon taxpayers of residential districts with a limited tax base. The State provides assistance in the form of revenue to help equalize the tax base statewide. Only districts that have a successful levy passage qualify for this assistance. Therefore, Cheney does qualify for LEA assistance.

State Special Purpose

State revenues provided for support of remedial learning, children with special needs, highly capable children, special and pilot programs such as math and science grants, student achievement funds (I-728 not funded in 2011-2012), pupil transportation, and food services.

Federal General Purpose

This category includes revenue from federal forest tree sales and "In Lieu" of Taxes.

Federal Special Purpose

This category includes support for federal learning programs such as Title I, Title II, and Title IX. Additionally, federal dollars are received for specialized instruction, school food services including USDA commodities, vocational education, Medicaid support payments, and Impact aid support for Military and Indian Education programs.

Revenues from Other Districts

Includes payments for educating students from other non-high districts and students with special needs.

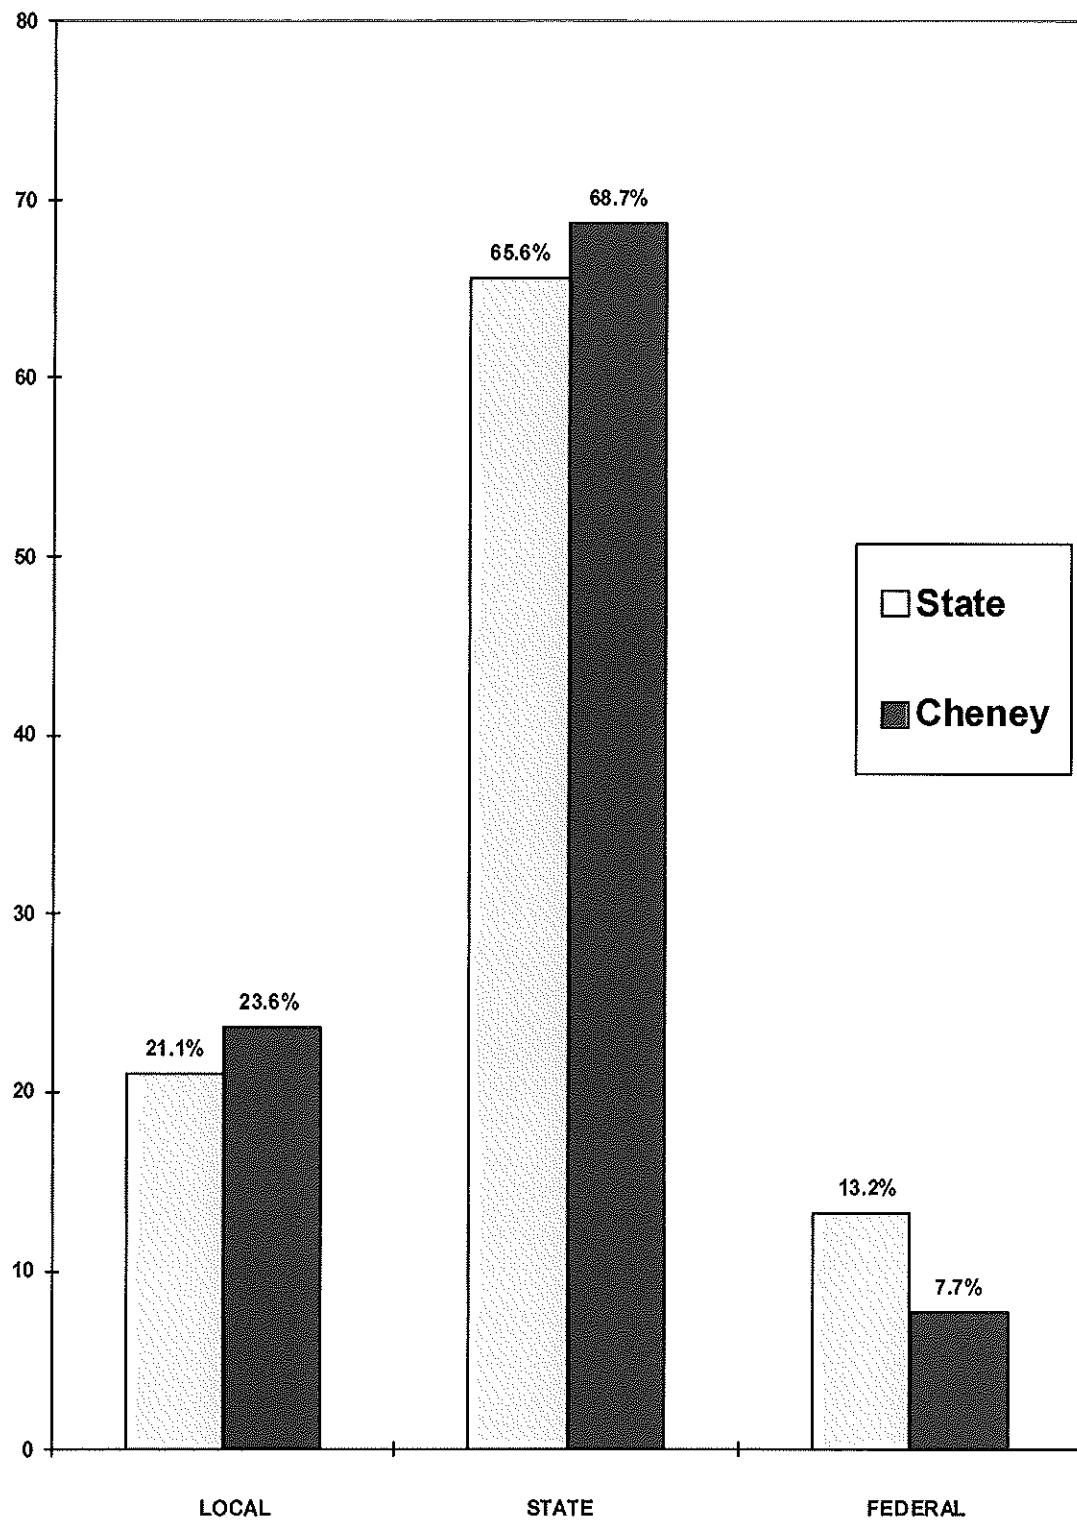

Revenues from Other Agencies

Revenues from agencies other than the Office of the Superintendent of Public Instruction, federal government and other school districts.

Other Financing Sources

Revenues received from the sale of surplus equipment, and the transfer in from Capital Projects Fund (for technology expenditures).

General Fund Summary

General Fund expenditures are categorized in several ways in the Budget. These categories are defined by the State through a state accounting system to maintain consistency among the many school districts throughout the State of Washington. The school district prepares an expenditure budget on a program basis. Program budgeting allows the district to estimate the costs of instructional programs on an individual basis. The major General Fund Programs are defined below.

BASIC EDUCATION

This program covers the direct cost of basic education as defined in RCW 28A.58.750. Program expenditures include the salary and benefit costs of basic education teachers including extra curricular activities. It also includes direct costs of instruction such as library and textbooks, supplies and materials, classroom equipment and instructional materials, etc. Teaching activities include a comprehensive range of subjects that include such areas as art, music, physical education, math, and social studies. Also included here are the expenditures for principals, counselors, librarians, nurses, and building secretaries.

SPECIAL EDUCATION

This program reflects the direct costs of educating children with special needs. These costs, which are considered to be in excess of basic instruction needs, include teachers, certificated support staff (psychologists, speech therapists, etc.) and classified support staff (educational assistants, secretaries, etc.).

VOCATIONAL (CTE) INSTRUCTION

This program reflects the expenditures for career and technical education programs that are approved by the Superintendent of Public Instruction. Many programs such as business, industrial arts, agriculture, and home and family are a part of CTE education.

COMPENSATORY EDUCATION

Title I, Disadvantaged
Provides remedial assistance to educationally deprived children in the areas of reading, language arts, ESL, and mathematics.

Title II, School Improvement

Provides funding for improving student achievement through preparing, training, and recruiting high quality teachers and principals.

Learning Assistance Program (LAP)

Provides additional learning assistance to supplement those children who may not be eligible for other compensatory programs.

Transitional Bilingual (ESL)

Recorded in this program are the direct costs for the special education programs provided students who speak English as a second language.

Student Achievement

This program allows for reduced class sizes, professional development opportunities for staff, full-time kindergarten, and extended learning programs for students. For the 2011-2012 school year, I-728 (Student Achievement) payments are suspended.

OTHER INSTRUCTIONAL PROGRAMS

Highly Capable (Gifted)

This program supports those students in the highly gifted educational program.

SUPPORT SERVICES

General District Support Services

This program records expenditures to provide support for all programs of the district both instructional and non-instructional. Included within this program are expenditures for the Superintendent's office, Board, maintenance, accounting, utilities, data processing, and insurance.

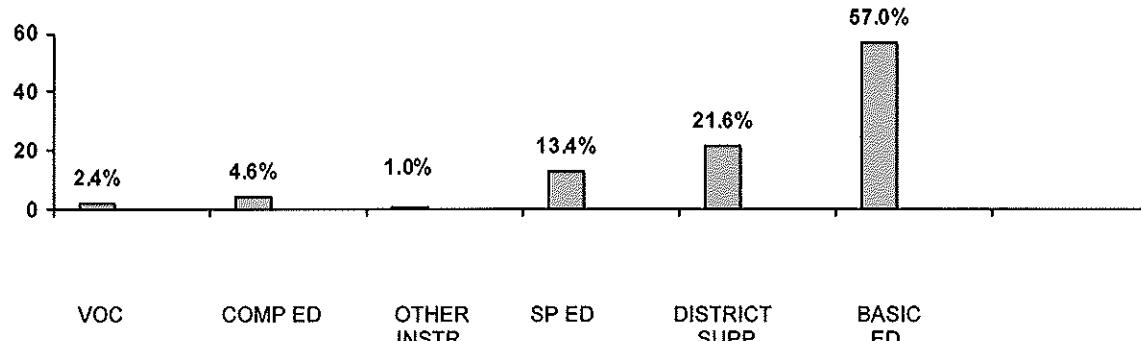

Nutritional Program

This is where the costs of operating the district lunch and breakfast meal programs are recorded. It is the intent of the district that the costs of this program do not exceed the revenues generated by local sales and federal support.

Transportation

This program reflects the costs of operating and maintaining the district's pupil transportation program.

1/ G.L. 536 is an account that is used to summarize actions for other financing uses--transfers out.

2/ G.L.535 is an account that is used to summarize actions for other financing uses such as long-term financing and debt extinguishments. Nonvoted debts may be serviced in the Debt Service Fund (DSF) rather than in the fund that received the debt proceeds. In order to provide the resources to retire the debt, a transfer is used by the General Fund, Capital Projects Fund, or Transportation Vehicle Fund to transfer resources to the DSF. Refer to Page DS3 for detail of estimated outstanding nonvoted bond detail information.

3/ Line H must be equal to or greater than all reserved fund balances.
