

Counselor's Corner

Middle School Years

Hello!

I hope the start of the year has been successful so far. September is Suicide Prevention Month.

School counselors recognize the threat of suicide among children and adolescents and strive to create a supportive environment.

I look forward to meeting with you all!

To achieve their ethical obligation to protect students, school counselors must maintain current training in:

- Being informed about signs of suicidal thoughts
- Being knowledgeable about the resources available
- Preparing students, staff, colleagues and parents to recognize warning symptoms for suicidal behavior
- Referring students who demonstrate signs of suicidal thoughts to local community agencies
