Administrator Board Reports

Technology Update 05/07/24

Jeffrey Ryan - Director of Information Technology

IT Performance

- Network (April 2024)
  - LAN uptime at 99.963% - 682,068 polls with 250 lost (based on 100 monitored critical devices monitored 24/7). Down slightly from last month. Internet uptime was very good this month with no major outages.
  - .Average LAN latency (speed) at .516 milliseconds. Slightly faster than last month. Internet latency continues to be very good.
  - Average daily use (school hours only) of the Internet at 798.19GB. Down 6.20% from last month and up 22.45% from last April.
  - Wireless - 3757 unique clients with an average of 1703 clients per day (clients averaging 4.66GB of usage).
- Website (April 2024)
  - 39,585 views (360,000+ since launch in August 2023) and 7,704 total users - Down from last month and holding steady for the year (anything over 10,000 per month for a small school is good).
  - 34.68% bounce rate (rate at which people immediately leave upon entering the site - anything under 40% is good).
  - 3 minute 23 second average session duration (2-4 minutes is considered very good).
  - 52.3% of traffic this month is cell phones and the top source is Google search (3,925 search clicks).
  - Most popular pages and search terms this month are employment, lunch, and prom.
  - Translations - To date we've had 9,652 words on our site translated to Spanish and 4,560 to Chinese (We offer 5 languages).
- Printing (April 2024)
  - 178,114 pages printed (does not include copying) - Up slightly from last month.
- Help desk calls (April 2024)
  - 173 calls entered in last 30 days. 173 documented calls completed in last 30 days (1.35 days average completion time - this includes weekends and holidays in the calculations).

IT Ongoing Projects...

- Google shared drive reconfiguration
  - Moving from traditional on-premises data storage to the cloud. Drives are being created and utilized. This project will continue throughout the school year and into the future.
- POE+ switch check
  - All switches were checked for POE+ (30 watt) compatibility needed for new Access Points coming this summer
  - Any switches that did not have compatibility were replaced or cards are added that have POE+
- Chromebook arrival and prep
  - 24-25 Chromebooks are arriving and are checked to make sure everything is correct
  - Units being tested
  - Planning for configuration and rollout
- Summer planning and prep
  - Planning all summer work and ordering supplies needed
  - Preparing network and rooms for new equipment
- High School Graduation
  - Working on making this year's High School Graduation live stream better than ever. We will be featuring multiple camera angles so relatives that can not make it will get a better experience. Plus the students and their parents will have the memory recorded so they can look back in the future.
