

NORTHERN HIGHLANDS REGIONAL HIGH SCHOOL

DAY FIELD TRIPS

Participating in a class/school trip is a privilege. Participants must understand that they represent Northern Highlands Regional High School when they are on such excursions. Because participation on trips entails serious responsibilities, students and parents must agree to the regulations and procedures outlined below before permission to participate in a trip may be granted.

1. Students are permitted a limited number of absences in any given course, as described in the Student/Parent Handbook. They are responsible for all work missed on the day of the field trip. All previously assigned work (e.g., homework, tests, quizzes, papers) is due on the day following the field trip. Students who have five unexcused absences in a semester course or 10 unexcused absences in a full-year course must have permission from their teachers to participate in a field trip.
2. Students are expected to travel to and from the activity with the supervising staff member(s) and the other participating students.
3. The pertinent regulations governing student conduct, which are contained in the *Student/Parent Handbook*, must be followed by all participants. Students are expected to behave properly and to exercise caution and common sense. In addition, any special regulations/rules which are specific to the activity and/or the accommodations also must be adhered to by participants.
4. If a participant is found to be in possession and/or under the influence of alcohol and/or a controlled substance, the following will occur:
 - a. If the infraction rises to the level of a crime, the matter shall be turned over to the local law enforcement authorities for possible criminal action.
 - b. The infraction will be reported to the participant's parents.
 - c. A full report will be given to the Northern Highlands district, at which time district and state policies will be implemented. The policies are contained in the *Student/Parent Handbook*.
5. Students and parents/guardians release and hold harmless Northern Highlands Regional High School and its Board of Education and agents from any and all financial obligations or other liabilities that may be incurred, as well as any damage or injury to students or the person or property of others that students may cause while participating in the trip/program; students and parents agree to indemnify and hold them harmless against any financial liabilities and/or obligations.
6. A student who violates this agreement is subject to the procedures and disciplinary action and penalties outlined in the *Student/Parent Handbook*, including suspension, expulsion, elimination from participating in any future school trips, loss of leadership positions, loss of awards for which character and good citizenship constitute a standard in whole or in part, discharge from or demotion in student activities, or any other action which may be deemed appropriate by the agents of the Northern Highlands Regional High School Board of Education.
7. Medications both prescription and over-the-counter, are not permitted on school trips.
8. No student may self-administer medication on school trips unless that student has received the permission of the school nurse and principal to do so because of a life threatening condition as defined in N.J.S.A. 18A: 40-12.3. If a student suffers from asthma or a potentially life-threatening illness or allergy, self-administration of medication is permitted by law if the required parental permission forms are completed. If you have not already done so, please contact our school nurse for more information and the appropriate permission form. The Health Office can be reached at 201-327-8700, ext. 513.

Note: Original to be kept with staff member on trip. Copy to be filed in the High School Office with list of students attending trip.
