

Project

PROJECT AWARE EXPANDS MENTAL HEALTH SERVICES TO ECISD

Communities in Schools of San Antonio in collaboration with East Central ISD was awarded the Project AWARE federal grant. Project AWARE provides funding for clinical mental health professionals for all ECISD students. Additional services funded through Project AWARE include providing mental health awareness, training, education, and whole school wellness for all ECISD students, families, and staff.

Professional Mental Health Counseling Services

Project AWARE provides ECISD with six full-time Licensed Professional Counselors to service eligible students in the district.

Education and Training

Project AWARE provides ECISD with one Community Educator and two State level support representatives to offer mental health education, awareness, training and resources to all ECISD students, staff and families.

Case Management & wrap around services

Project AWARE provides every ECISD campus with a Communities in Schools full time site coordinator that offers eligible students with comprehensive case management, and family resources.

Sustainability Plan

Project AWARE will provide these services for until 2028, which allows ECISD to build out a sustainability plan to continue services.
