East Union High School
English Language and Composition AP: Summer Reading Selections
(209) 858-7270
nsmith@musd.net

THE MISSION

The summer reading program is an important feature of the Honors/A. P. English Program, and it serves two functions: 1) to keep you active as readers, broadening your horizons, and 2) to forestall summer brain death through writing about what you have read. This important requirement will ease your transition into the A.P. English Program.

In the junior year, the summer reading selections are nonfiction and fiction based and will give you a deeper understanding of the different voices that permeate expository texts and great literature. You will be exploring complex narrative structures, issues, and personal dilemmas that should inform you about the complex ways that human beings interact with their world.

The summer reading program and accompanying assignments will be part of your grade **(10%)** for the first semester. Your typed responses to the literary analysis questions will be due June 16 (*Outliers: The Story of Success*), July 7 (*Narrative of the Life of Frederick Douglas*), and July 28 (*1984*) by 11:59 PM through submission to turnitin.com. I will be unavailable and out of technology's reach intermittently throughout the summer. So, **DO NOT PROCRASTINATE**.

THE CHALLENGE

Over the summer, you will read **THREE** selections. The following books are available from the public library, or if you wish to keep them for your own personal library, may be purchased at a new or used bookstore.

Read, and follow the directions for your reading responses on page two.

Narrative of the Life of Frederick Douglass
By Frederick Douglass

Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered as a slave.

Written more than a century and a half ago by an African American who went on to become a famous orator, U.S. minister to Haiti, and a leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from great injustices of the past.

1984
By George Orwell

In George Orwell's *1984*, Winston Smith wrestles with oppression in Oceania, a place where the Party scrutinizes human actions with ever-watchful Big Brother. Defying a ban on individuality, Winston dares to express his thoughts in a diary and pursues a relationship with Julia. These criminal deeds bring Winston into the eye of the opposition, who then must reform the nonconformist. George Orwell's *1984* introduced the watchwords for life without freedom: BIG BROTHER IS WATCHING YOU.

Outliers: The Story of Success
by Malcolm Gladwell

There is a story that is usually told about extremely successful people, a story that focuses on intelligence and ambition. Gladwell argues that the true story of success is very different, and that if we want to understand how some people thrive, we should spend more time looking around them—at such things as their family, their birthplace, or even their birth date. And in revealing that hidden logic, Gladwell presents a fascinating and provocative blueprint for making the most of human potential.

In *The Tipping Point* Gladwell changed the way we understand the world. In *Blink* he changed the way we think about thinking. In *OUTLIERS* he transforms the way we understand success.
