

## COCURRICULAR AND EXTRACURRICULAR PROGRAMS

### High School

All activities at Mt. Hope High School will be coordinated through the office of the director of student activities. Early in the fall, all classes, clubs, and organizations will arrange with the director of student activities for a projected calendar of events planned for the school year. All planned activities will be submitted to the student council for consideration. Approval or rejection will be the responsibility of the director of student activities.

The activities at Mt. Hope High School will be cocurricular and will be designed to complement the academic program by providing experience for all students in developing good leadership qualities, cooperation and independent action that will ultimately lead to greater and more meaningful participation in democratic society.

Adopted: January 24, 1994
