

STUDENT CONDUCT ON SCHOOL BUSES

Students will conduct themselves in an orderly manner at all times while boarding, riding, or leaving a school bus. They will observe rules of safety and will not cause commotions which might distract the attention of the driver from the control of the vehicle. Violations of order will be considered the same as if committed in a classroom.

The Principal or his/her designee may put a student off the bus only in extreme situations when the continued presence of the student on the bus clearly jeopardizes the safety of other passengers. An immediate report of the case will be made to the office of the superintendent. Normally, offenders will be advised by drivers that they will be reported to the appropriate principal or to the superintendent. If school authorities deem suspension of bus privileges to be the appropriate disciplinary action to be taken, parents will be advised immediately of this decision.
