**Families, your attention is needed as there seems to be some confusion about being dismissed from school due to an illness. Please review the following language from the**

**CMHS HANDBOOK: DISMISSAL PROCEDURES**

**Illness**

The following procedures will be followed for dismissals due to illness:

- Students who are ill may not leave school without the authorization of the nurse or an administrator.
- If a student becomes ill while in school, he/she must obtain permission from a staff member and receive a pass to report to the nurse. If a student fails to present a pass to the nurse, a class cut will be charged to the student.
- The nurse will then make a determination if the illness requires a dismissal from school, at which point the parent/guardian will be notified.
- In order to receive an excused absence from class(es) due to illness, students must have been dismissed by the nurse.
- If the illness does not appear to be serious enough to warrant dismissal, the nurse may keep the student under observation for a period of time in order to determine if the student should return to class or be sent home.
- Students must check out in the main office before leaving the building.
- Students who have been dismissed due to illness will not be allowed to participate in co-curricular activities that day unless they receive permission from the principal or designee.
