## *from the desk of Carolyn Connolly...*

Greetings from a very busy middle high school! The middle school drama company is gearing up for their performance later in the month, students at the high school finished term 1 today, and our sports teams have started tournament play! Add to that some beautiful weather for spectators and some ambitious students seeking opportunities for internships and independent study, and we have the recipe for a robust autumn at 143 Pond Street.

Our recent professional development day was spent with teachers working on curriculum mapping and assessments. Annually, teachers identify student learning and professional practice goals, and those are the things on which we often focus when we have time allotted for faculty collaboration. The alignment of curriculum within each of the disciplines, and our school goal of making learning equitable for all students is work that is very important and I am thrilled with the progress we have made over the past few years.

Recent items of interest at our monthly PSO meeting included Camp Wing and its future as a Cohasset experience for 6th graders. It was a positive learning trip from start to finish, and I thank the students for their enthusiasm throughout the 3 days we were there! My thanks also to the teachers and to Mrs. Sandler who stayed there with me the entire time to ensure our students had the emotional support and supervision they needed. The trip bore much fruit as students challenged themselves, made new friends, conquered fears, and somehow avoided drama—YAY! I think that was the result of leaving the phones behind!!! Thank you parents for making sure that really happened. We are in the process of confirming dates for next year and look forward to offering this experience to our next group of 6th grade students.

## **iPass Information**

As you are aware from fall communication, families are encouraged to log in to iPass throughout the year to update biographical information. When doing so, please pay particular notice to which phone number appears as the “#1” or first contact. Most families have the home number in this slot, when it is rarely that number at which we actually make contact. So, when have a moment, it might be worth checking to make certain that your contact numbers appear in the order that is best for you!!

Ladies and gentleman, boys and girls, children of all ages,

JOIN THE **COHASSET PSO** FOR THE 2015

## MAKE A DIFFERENCE DAY

---

**The Cohasset PSO joins National Make a Difference Day** by enlisting families, groups and individuals interested in getting a day of fresh air and helping out a local senior citizen by raking leaves and doing light fall cleanup during the first few weeks of November.

**Everyone who participated last year reported a great day outside**, full of fresh fall air, fun in the leaves, and a feeling of gratification at helping out our grateful Elder community – in fact, most families that have done it once come back again. Kids love to help when it's fun, and doing with neighbors, parents and friends is a terrific way to model community spirit and in our wonderful town.
