# School & District Leadership Academy

## What Great Leaders Do Differently

*Presented by Todd Whitaker, National Presenter, ASCD Author*

What are the specific qualities and practices of great educational leaders that elevate them above the rest? This session reveals what the most effective leaders do differently than their colleagues. Participants will focus on what the most successful leaders do . . . that others do not. Everyone will leave knowing what great leaders do differently, why these things make them more effective, and learn how to immediately implement each of these into your own districts and schools.

## How to Get All Teachers to Be Like the Best Teachers

*Presented by Todd Whitaker, National Presenter, ASCD Author*

There are dramatic differences in the quality of teachers in every school. If all teachers could be more like the best teachers, then we would have significant improvement in every school. Every building has special teachers who connect with all students and consistently engage them in learning. This session focuses on what educational leaders can do to get all of the teachers to be like their best teachers.
