

Third Party Assessments

What are Third Party Assessments?

Third Party Assessments are computer-based applications that provide districts with data rich reports on a district, building, class or student level. Districts utilize this data to help guide instructional decision making, analyze student achievement and growth as well as evaluate the effectiveness of curriculum and programming, and fulfilling Annual Professional Performance Review (APPR) requirements. These assessments are also utilized in Multi-Tiered System of Support (MTSS) Response To Intervention (RTI) programs, Academic Intervention Services (AIS), universal screening, benchmarking and progress monitoring.

The Third Party Assessment Program provides support to our component school districts for the following products:

- Aimsweb Plus
- i-Ready
- Educational Analytics
- LAS Links
- LinkIt!
- NWEA
- Panorama
- Renaissance
- Right Reason Technologies

District Support

Our program includes the following services for our participating districts:

- Help Desk Support which includes:
 - Product Support
 - Local or regional product trainings
 - Understanding assessment data
 - Telephone/email/remote support
- User Meetings throughout the school year
- Listserv and website resources
- Liaison support between the district and vendor
- Assist districts in scheduling product demonstrations
