

# Navigator Dismissal

**Yellow Cars:**  
Kinder pick up is in front of the Kinder building. The small parking lot denoted with red is closed during dismissal.

**Green cars:** Enter the parking lot from the left side of the driveway on Queens Arbor, park in a designated parking space and walk to pick up your student. The only crosswalk that we will be using is the green one in this picture. No students will be permitted to use the crosswalk without their adult present. Please wait until the staff member has stopped traffic and waves you across.

**Blue cars:** Stay in your vehicle while using the pick up lane, 1st-5th students must enter cars in the loading zone without help. We will use both lanes to maximize our lot and get cars off the street. If both lanes are full please line up on the school side of Queens Arbor, see picture. Please keep the left lane entrance clear so that kinder families and those that use the parking lot can enter.

**All Exiting:** The only exit is on Bear Hollow, please choose a lane based on if you are turning right or left on Bear Hollow.
