GREAT NECK PUBLIC SCHOOLS

Where Discovery Leads to Greatness

CONSTRUCTION PROJECTS UPDATE

FACILITIES IMPROVEMENTS CONTINUE DISTRICTWIDE

The District is pleased to share that the majority of construction projects included in the community-approved 2017 bond plan will be completed, on schedule, by summer's end 2023. Through astute planning by the District's facilities department and architects, the improvement projects have continued unabated over recent years with minimal impact from the pandemic shutdown, subsequent supply chain issues, and price increases.

Projects in the 2017 bond plan, plus the 2019 capital projects proposition approved by the community, touch every building in the District, from the creation of state-of-the-art library/media centers at all secondary schools, Saddle Rock and John F. Kennedy elementary schools; to classroom additions at E.M. Baker and Lakeville elementary schools; to the award-winning new auditorium at E.M. Baker Elementary School. Below are those projects that

Roof replacement at North Middle School

were completed or substantially completed in 2022. On the reverse side are listed those projects slated to be completed in the spring/summer 2023.

GREAT NECK NORTH HIGH SCHOOL

The projects included in the 2017 bond plan and the 2019 capital projects proposition, as well as initiatives undertaken as a result of the ongoing short- and long-range planning activities of the Board of Education and district administration, help ensure the Great Neck Public Schools continues to deliver an innovative and forward-thinking learning environment for all students. The District's reputation as one of the leading public school districts in the country is a reflection of the Great Neck community's support and engagement with our schools, students and educators.

Excavation work is underway for classroom additions at E.M. Baker and Lakeville elementary schools.
