The percentage increase used for the allowable tax levy growth factor for the 2022-2023 Real Property Tax Levy is 2.00%

Note 1: Chapter 97 of the Laws of 2011 added a new section to General Municipal Law that limits the annual increase of a New York State Public School District's Real Property Tax Levy, not the individual tax bill of resident taxpayers. The formula to calculate the maximum allowable increase a New York State Public School District can increase its Real Property Tax Levy for the following school year allows for a growth in the tax base; an increase in the current years tax levy by the Consumer Price Index-Urban (CPI-U); and certain expenditures that are exempt from the tax cap calculation. These factors allow the total Real Property Tax Levy increase to be greater or less than the "perceived cap", which has been publicized as no higher than 2% above the previous year's levy. The 2% cap that everyone assumes to mean the Real Property Tax Levy cannot increase any higher than 2%, is not absolute. Although a 2% cap is possible, each Public School District's tax limit will be different and is the result of that District's individual calculation. The tax base growth factor for 2022-2023 of 1.0076% and other tax cap calculation components permit the Great Neck Public School District to raise taxes approximately 3.36%.

Note 2: Includes students with disabilities in other settings.
