

PRELIMINARY WORKING BUDGET

JULY 1, 2019 - JUNE 30, 2020

GREAT NECK UNION FREE SCHOOL DISTRICT

GREAT NECK, NEW YORK

March 2019

**CALENDAR OF BUDGET EVENTS FOR THE 2019-2020 SCHOOL YEAR
JANUARY 3 – MAY 21, 2019**

2019

JANUARY 3 Working budget delivered to Superintendent and her staff and the President of the GNTA. All day budget review session.
Thursday

JANUARY 28 The Board of Education meets with the representatives of GNTA/SAGES and UPTC to discuss their priorities. (7:30 p.m. @
Monday Phipps Board Room) followed by a Board Meeting at 8:30 p.m. in the Phipps Board Room.

WINTER RECESS: FEBRUARY 18 - 22

FEBRUARY 28 The Superintendent transmits the Preliminary Working Budget to the Board of Education, administrative support personnel, district
Thursday bargaining unit presidents, UPTC Budget Committee chair, libraries, school principals and other interested persons who request a copy of the document. It is also posted on the district's website.

MARCH 11 **INFORMAL PUBLIC BUDGET HEARING:** At this public meeting, the Board of Education discusses the Preliminary Working Budget
and invites comments and any additional recommendations from the public. (North High School – Student Recognitions @ 7:30 p.m.
followed by Public Action meeting.)

MARCH 23 At this public meeting, the Board of Education meets with the Superintendent and her administrative team to discuss the
Saturday Preliminary Working Budget line by line and considers its options with regard to the Budget. Comments and recommendations are invited from the public. (South High Library - 9:30 a.m.)

APRIL 1 **INFORMAL PUBLIC BUDGET HEARING:** At this public meeting, the Board of Education once again invites comments and additional
Monday recommendations from the public regarding the Preliminary Working Budget. (South High School – Student Recognitions @ 7:30 p.m.
followed by public action meeting.)

SPRING RECESS: APRIL 18 – APRIL 26

APRIL 16 **OFFICIAL PUBLIC HEARING and ADOPTION OF BUDGET:** At this public meeting, the Board of Education holds its official hearing. It
Tuesday indicates to the audience its tentative recommendations prior to receiving any final comments from the public. The Board of Education will then adopt the Proposed Budget. (This is the budget that the Board will ask residents to approve at the Annual Meeting.) (North Middle School – Student Recognitions @ 7:30 p.m. followed by public action meeting.)

MAY 13 **ANNUAL BUDGET HEARING (Discussion only):** The Board of Education holds the Annual Budget Hearing as required by statute.
Monday (South Middle – Student Recognitions @ 7:30 p.m. followed by public action meeting.)

MAY 21 **ANNUAL MEETING:** Voting takes place at the E. M. Baker Elementary School, William A. Shine South High School, Saddle Rock
Tuesday Elementary School and Lakeville Elementary School from 7:00 a.m. to 10:00 p.m. The Board of Education, meeting in public session at 10:30 p.m. in the Board Room of the Phipps Administration Building, will receive the report of voting from the District Clerk.

STATEMENT OF EDUCATIONAL PHILOSOPHY

The purpose of education in our schools shall be:

- to kindle a desire and provide the means for intellectual, emotional, moral, social and physical growth leading to knowledge and excellence;
- to help all children acquire, according to their capabilities, the power and will to learn and to live a creative life as a member of a democratic society; and
- to help each individual student develop the will to explore and enlarge the realm of the human mind and spirit.

In order to achieve these goals our schools will provide:

- teaching that inspires, challenges, informs and constantly searches for methods of improvement;
- a classroom climate that recognizes the value of encouragement and the positive approach to education;
- professional, flexible evaluation techniques that reflect children's cumulative growth and complete development, as well as their academic achievement.

The staff, with the Board's full cooperation, will strive to make it possible for each child:

- to develop the ability to think clearly, reason effectively, master the tools of learning and use them with purpose;
- to acquire an understanding of history, appreciate our nation's heritage, traditions and ideals, and achieve respect for individuals and their differences and for the relationships that exist on a personal, local, national and international level; and
- to develop originality and creativity, and maintain the integrity of the individual personality;
- to achieve sound physical and mental health with body and mind disciplined by physical activities, learning experiences, and a heightened sense of responsibility for full participation in society;
- to be constantly guided towards high moral, ethical and aesthetic values.

The Board recognizes that learning is a lifelong process and acknowledges responsibility for helping adults continue to learn in order to achieve creative and occupational fulfillment.

GREAT NECK PUBLIC SCHOOLS

DETERMINATION OF TAX LEVY & SCHOOL TAX REPORT CARD 2019-2020

	BUDGET 2018 - 2019	PRELIMINARY BUDGET 2019 - 2020	Percent Increase

Amount to be Raised by Real Property Tax	<u>\$203,571,382</u>	<u>\$207,518,286</u>	1.94% (1)
PROJECTED ENROLLMENT GROWTH	2018-2019 PROJ.	2019-2020 PROJ.	
Enrollment	6,637	6,671	0.51%

ASSESSED VALUATIONS:

Actual 2018-2019 as of September 2018	36,343,894
Actual 2017-2018 as of August 2017	35,887,428
Actual 2016-2017 as of September 2016	37,176,976
Actual 2015-2016 as of September 12, 2015	40,337,646
Actual 2014-2015 as of September 19, 2014	42,116,708
Actual 2013-2014 as of September 6, 2013	43,438,784
Actual 2012-2013 as of August 24, 2012	45,100,501
Actual 2011-2012 as of August 8, 2011	49,629,096

The percentage increase used for the allowable tax levy growth factor for the 2019-2020 Real Property Tax Levy is 2.00%

(1) Chapter 97 of the Laws of 2011 added a new section to General Municipal Law that limits the annual increase of a New York State Public School District's Real Property Tax Levy, not the individual tax bill of resident taxpayers. The formula to calculate the maximum allowable increase a New York State Public School District can increase its Real Property Tax Levy for the following school year allows for a growth in the tax base; an increase in the current years tax levy by the Consumer Price Index-Urban (CPI-U); and certain expenditures that are exempt from the tax cap calculation. These factors allow the total Real Property Tax Levy increase to be greater or less than the "perceived cap", which has been publicized as no higher than 2% above the previous years levy. The 2% cap that everyone assumes to mean the Real Property Tax Levy cannot increase any higher than 2%, is not absolute. Although a 2% cap is possible, each Public School District's tax limit will be different and is the result of that District's individual calculation. The tax base growth factor for 2019-2020 and other tax cap calculation components permit the Great Neck Public School District to raise taxes approximately 4.05%.

GENERAL SUPPORT

A1010 - A1060--BOARD OF EDUCATION

This section relates to the legal requirements imposed by statute on the school system. Sufficient appropriations are included for meeting the expenses incurred by the Board of Education in the conduct of its official business, the operation of the District Clerk's office, and for scheduling the annual and special district meetings.

The Great Neck Board of Education consists of five residents who are elected for specific seats by the voters of the school district. Members serve three-year, unpaid terms as trustees. Terms are staggered, with one or two seats up for election each year.

The District Clerk, appointed by the Board of Education, serves at the will of the Board, and is directly responsible to the Board. The District Clerk is responsible for giving notice of public meetings, attending meetings and making a record of the proceedings, keeping and preserving all official records, handling official correspondence, preparing resolutions, executing contracts, and reporting regularly to the Board those items requiring official action that are not channeled through the Superintendent of Schools.

CENTRAL ADMINISTRATION

This budget category provides appropriations for the operation of the offices of the Superintendent of Schools, Business Administration, Human Resources, Legal, and Public Information Services.

A1240—Chief School Administrator

The Superintendent of Schools is the chief executive and administrative officer of the Board of Education, and has, in addition to the powers and duties specifically imposed by statute, all executive and administrative powers and duties in connection with the conduct of the schools.

It is the duty of the Superintendent to complete all executive and administrative transactions that are not required by law or resolution to be brought before the Board of Education, and to prepare all other matters of administrative procedure or policy for Board approval.

It is the responsibility of the Superintendent to direct and supervise the work of all the schools, offices, and employees of the Board of Education, and all employees are subordinate to the Superintendent in all matters.

Further, it is the duty of the Superintendent to:

- **execute the policies of the Board of Education;**
- **prepare and submit the annual budget to the Board of Education;**
- **approve and direct all expenditures within the budget adopted by the Board of Education;**
- **prepare and submit salary schedules for adoption by the Board of Education;**
- **continuously study the development and needs of the schools;**
- **prepare reports to the Board of Education on the conditions and needs of the schools;**
- **compile and keep comprehensive and accurate statistics and other information as a public record;**
- **acquaint the public with the purposes, activities, and needs of the schools;**
- **interpret the programs of the schools to educational, civic, business, and professional organizations and their leaders, and cooperate with these groups in promoting the welfare of the community.**

A1310—Assistant Superintendent for Business

The Assistant Superintendent for Business plans and directs the business affairs of the school system in compliance with pertinent laws, Board of Education policies and general instructions of the Superintendent.

It is the duty of the Assistant Superintendent for Business to:

- **oversee the preparation and organization of the annual budget and assist the Superintendent in appraising its adequacy and soundness;**
- **supervise payroll, purchasing, borrowing, investing of funds, and other financial operations of the district;**
- **maintain complete accounting records;**
- **prepare and certify the accuracy of all financial reports as required by the Superintendent, Board of Education, State Education Department, and other agencies of government.**

A1480—Public Information and Services

This office is under the direct supervision of the Superintendent and is responsible for developing and maintaining a continuing, comprehensive and effective program of communication with the public, media, public officials and agencies, business and community leaders, special interest groups, students, staff and parents.

ELEMENTARY INSTRUCTION (2019-20)

The elementary curriculum is continually reviewed and updated to ensure alignment with the New York State Next Generation Learning Standards <http://www.nysed.gov/next-generation-learning-standards>, and policies of the Great Neck Public Schools Board of Education.

A2110-1200 – TEACHERS

General Education Classroom Teachers

During the 2018-19 school year, 124 classroom teachers, grades K-5, work in collaboration with each school's administration to meet the needs of our diverse population of 2,545 elementary students. In the primary grades, K-2, the median class size is 17; in grades 3-5, the median class size is 21.

English Language Arts – Key features of the New York State Next Generation Standards in English Language Arts include:

Reading-- Anchor Standards:

- *Key Ideas and Details, e.g., Read closely to determine what the text says explicitly/implicitly and make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.*
- *Craft and Structure, e.g., Interpret words and phrases as they are used in a text, including*

determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone.

- *Integration of Knowledge and Ideas, e.g., Delineate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence.*

Writing-- Anchor Standards:

- *Text Types and Purposes, e.g., Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.*
- *Research to Build and Present Knowledge, e.g., Conduct research based on focused questions to demonstrate understanding of the subject under investigation.*

Speaking and Listening:

- *Comprehension and Collaboration, e.g., Prepare for and participate effectively in a range of conversations and collaborations with diverse partners; express ideas clearly and persuasively, and build on those of others.*
- *Presentation of Knowledge and Ideas, e.g., Present information, findings, and supporting evidence so that listeners can follow the line of reasoning. Ensure that the organization, development, and style are appropriate to task, purpose, and audience.*

Language:

- ***Conventions of Academic English/Language for Learning, e.g., Demonstrate command of the conventions of academic English grammar and usage when writing or speaking***
- ***Knowledge of Language, e.g., Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.***
- ***Vocabulary Acquisition and Use, e.g., Determine or clarify the meaning of unknown and multiple-meaning words and phrases by using context clues, analyzing meaningful word parts, and consulting general and specialized reference materials, as appropriate.***

Mathematics – There are eight standards for mathematical practice in grades K-5:

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

These practices rest on important “processes and proficiencies” with longstanding importance in mathematics education. The first of these are process standards of problem solving, reasoning and proof, communication, representation, and connections. The second are strands of mathematical proficiency: adaptive reasoning, strategic competence, conceptual understanding (comprehension of mathematical concepts, operations and relations), procedural fluency (skill in carrying out procedures flexibly, accurately, efficiently and appropriately), and productive disposition (habitual inclination to see mathematics as sensible, useful, and worthwhile, coupled with a belief in diligence and one’s own efficacy). Problem solving is at the center of all math learning and concepts are taught with a concrete-pictorial-abstract progression through real world, hands-on experiences. In grades K-5, the *Math in Focus* program is utilized.

The social studies curriculum includes history, geography, map studies, economics, civics, citizenship, and government. It begins in the primary grades with themes that concentrate on the family, school, and community, and expands in the intermediate grades to Long Island, New York State, the United States, Canada, and Latin America, all of which are explored culturally, politically, geographically, and historically.

Special Area Programs

New York State certified teacher specialists work with students and classroom teachers to enhance the elementary program in science, literacy, enrichment education, computer, art, music, physical education, technology, STEM, and library/media.

- Science specialists work directly with students in a laboratory setting to provide hands-on experiences and inquiry aligned with the NYS Next Generation Science Standards (NGSS). K-5 teachers reinforce and expand knowledge of the NGSS in the classroom.
- Literacy and math specialists help to coordinate each school's core curriculum instructional and intervention programs in reading and math. These specialists also work directly with selected students, teachers, and administrators to help ensure each child's progress in literacy and math.
- SEEK (Supporting Educational Exploration and Knowledge) teachers work with third, fourth, and fifth grade children who qualify for enrichment. Special projects and advanced studies, as well as independent research activities, are developed to meet the needs and interests of the children participating in the program. In addition, SEEK teachers serve as staff developers and provide additional resources to the classroom teachers in grades K-5 to benefit all students.

- Technology staff developers, one in each school, implement a sequential curriculum in computer skills and technology applications for students and provide staff development for teachers in grades preK-5. Each elementary school is equipped with a Computer Instructional Center, which houses 25 networked computers and a teacher presentation center. In addition, each classroom is equipped with computers and software programs that enhance the district's reading, writing, mathematics, science, social studies, and STEM programs.
- Art, Music, and Physical Education teachers support the elementary program and expand the children's horizons for lifelong learning in grades K-5. A spiraling curriculum in each of these areas addresses skills, creative expression, and aesthetic appreciation.

A2110-1200 -- 1210: INTERVENTION PROGRAMS

A team of specialists provides intervention services for children with special needs, working with them individually and in small groups. There is close articulation between the specialists who provide academic intervention and the classroom teachers.

Speech teachers work with small groups of identified children to develop oral communication skills.

Hourly reading and math specialists work with small groups of children in grades K-5 to reinforce the development of literacy and math skills. This instructional support supplements the core reading and math instruction provided in the classroom.

Reading Recovery teachers meet with individual, at-risk first-graders five periods each week for approximately 20 weeks to provide intensive early intervention. Children are taught strategies for decoding and comprehension, as well as techniques for becoming independent readers.

Certified ESL (English as a Second Language) teachers work with English language learners (ELLs) to develop language skills. These teachers also serve as consultants to the classroom teachers.

A2110-1680- PARAPROFESSIONALS

Instructional paraprofessionals assist in the elementary library, computer, and instructional programs.

In addition, non-instructional para-professionals provide supervision and ensure the welfare and safety of elementary children at arrival and dismissal as well as during lunch and recess periods.

A2610-1570 – SCHOOL LIBRARY/MEDIA

Certified library/media specialists teach elementary children to become effective users of information. They encourage the cultivation of literature appreciation and support and enrich the educational program. Children are taught research skills and learn to access information from a variety of print and technology sources, such as reference CDs and multimedia encyclopedias. The library/media specialists also meet with classroom teachers to plan mutually supportive activities and projects.

SECONDARY INSTRUCTION (2019-2020)

The secondary instructional budget, encompassing two middle schools and three high schools (North, South, and Village) conforms to State requirements and expectations of students 6-8 and 9-12, and reflects the values and expectations for curricular and co-curricular activities shared by the community. More than 95% of Great Neck's high school graduates plan to attend two or four year colleges. Consequently, the major focus of the educational program is to provide school services and programs that prepare them to achieve this goal. Counts of Full-time Equivalent teachers (FTEs) for each listed instructional area are detailed in Table IX.

A2110-1300—TEACHERS

Grade 6

Teachers with K - 6 or a 5 - 6 content area certification teach language arts, reading, social studies, science and mathematics to sixth grade students. The average class size in core curriculum classes rarely exceeds 24 students. Teachers of these classes provide a home base for middle school students and work closely with teams and counselors to help sixth graders adapt to the academic, social, physical and emotional changes they encounter as they enter their adolescent years.

CORE CURRICULUM

As required by New York State for successful middle school completion and high school graduation, students must have instruction and seat time in a number of core content areas (English, social studies, math, science, and foreign language).

English Language Arts

Middle school grades 6 - 8 focus on basic skills and techniques in expository and fiction reading, grammar, spelling, outlining, and critical, creative and expository writing. Students must demonstrate proficiency in these areas on the NYS English Language Arts Assessment administered during the spring in each of these three years.

High school grades 9 - 12 provide increasingly advanced instruction and experiences. Students refine their writing strategies, perform literary research, explore various genres of literature and prepare for the rigorous expectations of college English programs. Passing the English Language Arts Regents examination is a graduation requirement that most students complete by the end of grade 11. Twelfth grade students take college level Advanced Placement courses or college preparatory English electives.

Social Studies

This discipline encompasses the study of geography, sociology, history, pop culture, anthropology, economics, civics, political science, international relations, and more.

Middle school students engage in the cultural study of non-Western societies and an introduction to American history in grade 6, and take a two year sequence in American history in grades 7 and 8. They analyze documents (original texts, maps, charts, political cartoons, and secondary texts) and write document based as well as thematic essays. They also complete research projects and create reports individually and in groups.

High School social studies curricula correspond to Regents examinations. At the completion of tenth grade, students are tested on their knowledge of the history, politics, geography and culture of non-western and European cultures from ancient to current times. At the end of grade 11, they are tested on their knowledge of American history, politics, culture and government. Students may also take advantage of Advanced Placement opportunities in World, European, and American history. Twelfth grade students may take Advanced Placement college level courses in politics and government, economics and/or psychology, or college preparatory social studies electives. Texts are regularly supplemented by original documents as well as fiction and non-fiction books.

Mathematics

Middle School grades 6 - 8 focus on skills in mathematical operations, computation, and pre-algebra and algebra skills. Students must demonstrate proficiency on the NYS Mathematics Assessment administered during the spring in each of these three years. Accelerated students may take Regents level Algebra, with up to one high school credit granted in 8th grade.

Students entering high school should complete a college-preparatory Regents sequence that includes Algebra I, Geometry, and Algebra II. In some cases, courses are supported with an additional lab component. Students may continue with Trigonometry and Pre-calculus, Statistics and/or Advanced Algebra. Students may take Advanced Placement and/or college level courses in Calculus, Statistics, math research and post-calculus topics.

Science

Middle School provides laboratory study, readings, and direct and group instruction in earth science, life science, and chemical and physical sciences. They study basic concepts in physics, chemistry, and ecology through readings, discussion and research. A Regents level Earth Science laboratory course is provided to all 8th grade students. The Earth Science Regents is administered in lieu of the State's science proficiency exam at the end of 8th grade.

High School offers students a variety of Regents level courses that combine classroom instruction with laboratory experiences. Students generally choose two such courses from Living Environment (Biology), Chemistry, Physics and Marine Science. At North High School 9th graders are enrolled in a high school Physics program. In addition, interested students may select Advanced Placement college level courses in Biology, Chemistry, Environmental Science, and Physics, from among many elective science offerings. A highly successful research program presents students a forum to in which to apply their knowledge to real-world problems.

Foreign Language

Middle School students typically begin formal, introductory, foreign language instruction in 6th grade. Students may study conversation, grammar, writing and reading in Spanish, French, Hebrew, Mandarin or Latin. The specific languages offered are based on student interest. Those who need additional mastery of English language skills generally defer study of a second language until eighth grade. The instructional program increases in intensity each year, culminating in a proficiency examination at the end of grade 8.

High School foreign language study includes a Regents-equivalent examination. Students are expected to develop independence in reading, writing, listening, and speaking. Advanced Placement courses are available in most languages and students are encouraged to continue their studies through this level. Students may also have

the opportunity to study an additional language such as Italian, Mandarin Chinese, Hebrew, and/or American Sign Language during their high school careers.

ADDITIONAL ACADEMIC DISCIPLINES

Computer Instruction/Computer Staff Developer

Our secondary schools are One-to One iPad settings. Through required and elective courses, middle and high school students are taught to use technology responsibly, to master various computer applications, and to develop competence in Internet research including evaluation and reliability assessment of sources and information. Each school may house one or more computer instruction centers. Computer staff developers help teachers integrate instructional technology into lessons in all content areas.

Other Subject Areas

The State and the school district mandate that students fulfill requirements among additional subject areas. In middle school, students must fulfill requirements in art, music, home and careers, health, physical education and technology. High school students are required by the district to select from among courses in business, computers, music, drama, art and technology. The State requires a health component. In many cases students continue in these disciplines to satisfy sequence and/or graduation requirements.

ENL (English as a New Language) provides instruction in speaking, writing and understanding English for students who arrive in our secondary schools from various foreign nations. The ENL teachers at our secondary schools work collaboratively with students, teachers, and pupil personnel staff.

Secondary Library/Media Specialists

These specialists help teachers to develop research assignments and assist students in independent research and information gathering and presentation. Libraries are the academic heart of a school system where students “learn how to learn” and gather and organize information through sophisticated electronic instructional media.

A2110-1300/1308—ACADEMIC SUPPORT

Reading/Hourly Secondary Staff

Increasingly rigorous demands of secondary instruction require additional support for some students to achieve success in classes and to pass the Regents assessments needed to earn Regents diplomas. Teacher referrals and test scores are used to identify students who need support services. At each grade level, progress is reviewed and students are recommended for additional or reduced services.

Each school has developed an instructional support team to help students keep up with the pace of class work and to develop habits of independent study. Small group sizes allow for individualized instruction to supplement academic studies.

A2110-1680/A2620-1388—INSTRUCTIONAL Paraprofessionals

There are 20 part-time and full-time instructional paraprofessionals who assist in the secondary libraries, computer rooms, television studios, study centers, and other general education settings.

CO-CURRICULAR ACTIVITIES

A2110-1304—Activity Sponsors

A2110-1313—Club Sponsors

A2110-1403—Trip Chaperones

A2110-1404—After School Supervisors

Co-curricular activities are a critical adjunct to the academic program. They offer opportunities to develop interests and talents, to meet students from other districts, to engage in competition, and to perform community service. Among the schools there are more than 120 teams, 120 activities and 60 clubs in such areas as interscholastic and intramural athletics, performing arts, student publications, community projects, and science research and competition.

STUDENT SUPPORT SERVICES

A2810-1572--Guidance Counselors

A2815-1575--Secondary Nurses

A2270-1577--Secondary Psychologists

A2270-1572--Secondary Social Workers

Adolescents need guidance and support in planning schedules, preparing for college admission, and

dealing with social, psychological and academic concerns. To provide long and short term assistance, each secondary school has a pupil personnel team which includes guidance counselors, and one or more part-time and/or full-time nurse(s), psychologist(s) and social worker(s).

Instructional Technology Program

The mission of the Instructional Technology program is to create an educational environment that is strengthened and supported by information technology. Our practices are guided by a comprehensive instructional technology plan that was developed by the District and approved by Nassau BOCES and the New York State Education Department. Decisions are made by school-based Technology Committees, which identify goals, prioritize equipment needs, develop budgets, review curriculum, select software, recommend apps, evaluate educational Web sites, design professional development opportunities, and discuss technology issues within each building.

Our central goal is to seamlessly integrate technology into the instructional process by providing students and teachers with a wide range of electronic tools that enhance learning, increase productivity, promote creativity, provide access to educational resources, and facilitate communication. These devices are carefully selected to meet instructional needs, and include graphing calculators, computers, laptops, tablets, printers, scanners, digital cameras, camcorders, synthesizers, e-readers, projectors, interactive whiteboards or interactive flat screen displays, document cameras, videoconferencing systems, 3D printers, robotics, and wired and wireless networks.

Our signature instructional program is our 1:1 iPad Initiative, which provides a WiFi-enabled tablet computer to students and staff in Grades 3-12 to promote 21st Century learning. Students use the iPad as an electronic planner, notebook, and binder. They take notes, submit assignments, create presentations, and conduct online research in responsible ways, both individually and collaboratively, to locate, evaluate and present information using multimedia resources, online databases and Internet Web sites.

A total cost of ownership approach guides our technology budget process. The costs associated with supporting a technology program include hardware, software, supplies, staffing, technical support, telecommunications, and professional development. The District leverages leases, state contracts, cooperative bids, state and federal aid, and E-rate discounts to maximize savings. Funding sources include school and district budgets, capital projects, bond issues, and the NYS Smart Schools Bond Act.

Technology Professional Development	Professional Development is a high priority of our District Technology Program. Every year, a comprehensive Technology Academy provides intensive training opportunities to teachers in a wide variety of educational technologies and their application to the classroom curriculum. Additional courses, workshops, and tutorials are provided through the Inservice Institute, Teacher Center, and Nassau BOCES. Ongoing technology training is provided during the school day by technology staff developers and library media specialists.			
Community Involvement	The UPTC Computer Technology Committee is comprised of parent representatives from various schools in the district. The Committee meets with the Technology Director to address questions, discuss issues, set goals, investigate emerging technologies, make recommendations, and promote instructional technology use throughout the school community.			

SPECIAL PROGRAMS AND SERVICES

Psychological Services and Special Education (Pupil Personnel Services)

The Great Neck Public Schools offer a variety of services to support students and families in our school community. The Pupil Personnel Services Staff includes school psychologists, school social workers, registered nurses, special education teachers, speech teachers, and behavioral specialists. Additional specialists, such as occupational & physical therapists, orientation & mobility therapists, and vision & hearing teachers are employed as necessary. Pediatricians and child psychiatrists also consult with the district on an ongoing basis. As a result, a full range of health, diagnostic, educational and consultative services for students, staff and parents is available at each Great Neck school building.

The Great Neck Public Schools provide a full continuum of special education support services for over 1,000 school-age students and 122 preschoolers between three and five years of age. Great Neck special education initiatives promote individualized programming allowing us to meet student needs in the least restrictive environment. We push support services into general education classrooms and utilize consultant teacher services.

We provide a wide range of related services and assistive technology for our special needs students. Self-contained (individual development) classes at each grade level provide greater educational support when necessary. A Transition Coordinator assists students in participating in community activities and work-study opportunities to facilitate a successful transition to the adult world.

The Great Neck Committee on Special Education has an ongoing process to review District policies and practices to ensure compliance with the Individuals with Disabilities Education Act, as well as New York State Education law and the Regulations of the Commissioner of Education.

Pupil Personnel professionals district wide and at each school conduct ongoing staff development and parenting workshops throughout the year. Instructional Support Teams which involve Administrators, General Education Teachers, Special Education Teachers and Support Staff work in each building to provide necessary services for students in need.

ADULT LEARNING CENTER AND COMMUNITY EDUCATION

Adult Learning Center

The Adult Learning Center (ALC) located at 105 Clover Drive, offers two programs for adult students who wish to learn English as a New Language (ENL) or earn a New York State High School Equivalency Diploma. English-language classes are offered from beginning literacy to advanced ENL. In preparation for the TASC (formerly GED) examination, classes are also available to improve math, reading, science, social studies, and writing skills. The ALC receives New York State grant and local funding in addition the collection of processing fees that are used to cover the operational cost of both the English as a New Language and High School Equivalency programs.

Community Education

The Community Education Program provides a comprehensive continuing education program for all ages. Thousands of students enroll each year during our Fall, Winter, Spring, and Summer sessions. Hundreds of classes are offered yearly to expand cultural horizons, develop mind and body, and increase one's understanding of today's complex world. Faculty members are carefully selected for their ability to meet the needs of the students. Programs are offered day and night, Monday through Thursday, and during the day on Friday, Saturday, and occasional Sundays, at the Cumberland Center. Other Community Education school sites include South Middle and the Great Neck Social Center.

Beyond Great Neck, programs are offered in galleries, museums, restaurants, theaters, and other places of interest in New York, New Jersey, and other surrounding areas.

Fees for enrichment courses cover all direct instructional and materials costs, plus a substantial share of administrative costs. Scholarships are available to residents who would otherwise be

unable to enroll. Adults who do not live in the school district may enroll on a space-available basis and must pay the full fee and a nonresident surcharge.

Additionally, there are opportunities for secondary students such as SAT, PSAT, and ACT preparation for high school students, and Driver Education.

Each year, the Board of Education appoints residents to the Community Education Advisory Committee which consists of some 16 people (resident students and staff members) who make a three-year commitment to oversee the Program and advise on policy and curriculum.

TRANSPORTATION

OBJECTIVES OF THE TRANSPORTATION PROGRAM

The following major objectives serve as a guide in the management of the district transportation program:

1. To apply and enforce safety standards in all aspects of school bus transportation.
2. To furnish transportation to those pupils whose health or distance from the school makes this service essential.
3. To operate transportation efficiently and economically.
4. To adapt transportation to the requirements of the instructional program.
5. To maintain conditions on the buses which are conducive to the best interest of the pupils.
6. To receive, evaluate, and implement suggestions about school bus transportation that are feasible and within the guidelines and policies approved by the Board of Education.

TRANSPORTATION

School Bus Safety

School bus safety is a continuous program involving training, evaluation, and review. Many safety regulations exist with regard to drivers and buses through agencies such as the State Education Department, Department of Transportation, and the Department of Motor Vehicles. The Great Neck Board of Education in its concern for safe school bus transportation has added regulations that exceed legal statutes. Safety regulations that have particular significance are as follows:

1. All buses used to service this district shall have a current inspection by the Department of Transportation. To supplement this, the school district sends its own trained personnel to inspect the buses periodically throughout the school year.
2. Each regular and substitute driver shall satisfactorily complete an annual physical examination as prescribed by the Commissioner of Education prior to the start of service.
3. Each regular and substitute driver shall submit three character reference letters.
4. A driving record abstract of each regular and substitute driver shall be obtained from the Motor Vehicle Department for review and approval.
5. Initially, each regular and substitute driver shall complete a basic school bus driver course approved by the State Education Department. Thereafter, refresher instruction in school bus safety practices shall be required twice each school year.
6. Each driver for the district shall be periodically observed and evaluated by a school staff member. An unsatisfactory rating in driving skills or failure to follow the safety precautions outlined in the contractor's specifications shall be the basis for initiating a dismissal action of a driver.
7. Each school bus driver shall be properly secured with a seat belt while transporting students.
8. All bus seats and stanchions shall have an energy absorption system for protection against exposed metal frames and bars.
9. Three school bus safety drills shall be conducted throughout the school year in accordance with the regulation of the Commissioner of Education. The first shall be conducted during the first seven days of school, the second between November 1st and December 31st, and the third between March 1st and April 30th.
10. Every contractor shall comply with Article 19A of the Motor Vehicle Law. Essentially, this law sets standards for driver selection, disqualification, periodic review and evaluation.
11. Bus speed limits are limited to 35 mph on all common roads except where reduced speeds are posted and there are existing hazards, and 45 mph on limited access highways.
12. All buses must be equipped with two-way radios.
13. All buses must be equipped with stop arms.
14. All buses must be equipped with seat belts.
15. The Board of Education has authorized the use of electronic surveillance in school buses to ensure the safety of all passengers.

TRANSPORTATION

Pupils Attending Public and Nonpublic Schools Within the School District

Free school bus transportation is provided for pupils in grades Kindergarten-5, who live one-half mile or more; for grades 6-8 three-quarters of a mile or more and for grades 9-12 one mile or more from the school attended.

Distances for each grade level are measured along the shortest route between home and school.

Children who require bus transportation because of a temporary physical disability or other illness must submit a written physician's diagnosis to the school nurse. Final approval for granting bus passes for medical reasons rests with the school physician.

Pupils living less than the distances listed above may obtain a "courtesy" pass. If there are existing bus routes with available riding space and scheduled stops in the area, each school office will accept requests, select the students to receive passes according to a prescribed criteria and distribute the passes as soon as possible. "Courtesy" passes may be withdrawn at any time to provide room for new eligible riders or for students requiring medical bus passes. PLEASE NOTE: No new stops are created for courtesy passes.

Public school age regulations govern all transportation eligibility.

Pupils Attending Nonpublic Schools Outside the District

Students who live in Great Neck and choose to attend nonpublic schools located outside the school district, are eligible to receive free transportation under the same distances governing students attending schools within the district, provided the schools they attend are less than 15 miles from home. Parents of students attending or planning to attend out-of-district schools must apply for free transportation in writing by April 1, for the following school year. This date, set by State Education Law, provides the district sufficient time to seek transportation contracts through competitive bids, estimate costs for budget purposes, and to submit the required forms for State Education Department approval. Families who move into the school district after April 1, must submit a transportation request no later than 30 days after establishing residence. Requests made after these dates must be accompanied with an explanation for the delay. An application for only one school per pupil will be accepted. The Superintendent of Schools is authorized to modify the provisions provided space is available on an existing route and no additional cost is incurred.

None of the above applies to a pupil with disabilities or a student approved for a special education program.

Public school age regulations govern all transportation eligibility.

TRANSPORTATION

Scope of School Bus Transportation

During the 2018-19 school year there were 7,903 students “eligible” for school bus services to 110 locations. This included public, private, parochial, residential and special educational schools. In addition, when requested, courtesy bus passes were issued according to Board policy.

	<u>Schools</u>	<u>Students</u>
Public Schools	11	5,920
Private Schools	72	1,893
Special Education	15	27
BOCES Education	7	58
Residential Schools	<u>5</u>	<u>5</u>
	110	7,903

IN-DISTRICT TRANSPORTATION

A 5540-4039-450

Currently 62 full size buses are used for the elementary, middle and high schools. This time schedule utilizes the school buses most efficiently by assigning each bus driver a maximum number of 3 morning and 3 afternoon trips.

The following chart shows the number of eligible riders for the present year:

	<u>2018-19</u>
E. M. Baker	572
J.F. Kennedy	436
Lakeville	719
Parkville	132
Saddle Rock	464
North Middle	745
South Middle	769

South High	1,191
Village School	19
SEAL Academy	17
North Shore Hebrew Academy	753
Notre Dame	6
St. Mary's	14
Other Private & Parochial	1,120
Special Schools & BOCES	<u>90</u>
TOTAL:	7,903

TRANSPORTATION

Private and Parochial School Transportation

A 5540-4039-451

The State law requires the district to provide transportation to private and parochial schools up to 15 miles from a student's residence. This makes many schools located in portions of Nassau County, Queens, and Manhattan accessible to Great Neck residences.

During the 2018-19 school year, 1,893 students received transportation to 72 private and parochial schools utilizing 64 school bus vans and one full size school bus.

Special Education Transportation

A 5540-4039-452

The placement of students in programs to meet individual needs is in schools located in New York City and throughout Nassau and Suffolk counties. This also requires special transportation arrangements, which account for higher costs.

Currently 85 students are being transported to 22 out of District Special Education and BOCES schools utilizing 21 mini-buses.

Fuel

A 5530-4570

The school district allocates the fuel used by the bus company for the in-district transportation. The allowance given to the contractor is based on the total allowable route mileage for the school year at a consumption rate of 7 miles per gallon. A State contract is used for the best competitive price. In other instances where transportation to out-of-district private, parochial and special schools is required, bus contractors must purchase their own fuel.

RECREATION

2019 marks the 76th year in which the Great Neck Board of Education has sponsored recreation programs primarily for children of school age. In Great Neck, recreation and education complement each other in terms of broad purposes and specific content. A school sponsored recreation program makes it possible to provide carry-over activities based on curricular experiences and to extend the school's influences beyond class hours. School authorities control most of the playgrounds, buildings, and special facilities available in the community for recreation. With a reservoir of professionally trained teachers from which to draw, the Board of Education continues to be the most logical public entity under which to offer these programs. Through the courtesy and cooperation of the Commissioners of the Great Neck Park District, specific park facilities are used for several recreation programs.

Brief descriptions of the recreation programs follow:

Summer Camp Recreation Program: The day program is a six-week program, open to all district students in grades K-8, and the evening program is a four-week program offered to district students in grades 7-12. During the summer of 2018, 778 students were registered in the day program. In addition, 92 students were registered in the evening camp program bringing the total registration to 870 students. The program was staffed with 56 professionals and 97 counselors who provided supervision at the various camp locations. Activities are geared to the age of the participants, and cover a wide range of interests. Activities include swimming, soccer, tennis, badminton, basketball, arts and crafts, science, computers, music, dance and many more recreational events and activities.

Recreation Programs, September to June, registers approximately 1,500 children. Programs Include: Chess, Learn to Swim, Evening (Thursday/Friday) Recreation Programs, Self-Defense, Special Needs Recreation Program, Table Tennis, Tennis, Lego Robotics, Coding, MathPlay, and Wresting. There are a variety of programs that are available to children in grades K-12. Programs are staffed with professional supervisors/Instructors, and student counselors.

Chess: This program is available to students in grades K-8. This is an instructional program where beginner students learn chess fundamentals and experienced players learn game strategies and tactics.

Coding-: This program is available to students in grades 3-8. This instructional program provides a foundation in game design. Students learn how to code their own video games or stories using a block-based coding language.

Learn to Swim: This program is available to students in grades K-12. This is an instructional program to help students gain confidence in the water and learn proper swimming techniques. The program is designed to progress students through the five swim levels at their own pace.

Lego Robotics: This program is available to students in grades K-5. This instructional program is a hands-on class where students build machines, buildings, vehicles and other structures out of LEGO Bricks. Students work as a team, building new projects and explore principles of engineering, architecture, physics and more.

MathPlay: This program is available to students in grades K-5. This instructional program helps students develop their interest in Math, enhance their problem solving skills, and understand Math concepts from different angles by playing various Math games.

Self -Defense: This program is available to students in grades K-8. This instructional program is designed to incorporate a variety of martial arts, allowing students to learn technique while teaching them how to avoid/or defend themselves in potential dangerous situations.

Special Needs Recreation Program: This program is available to special needs district children in grades K-2, is offered at Parkville School and includes gym activities, cooperative play, board games, and snack time.

Table Tennis: This program is available to students in grades 3-12. This instructional program is designed for both students who want to have fun with table tennis, and students who seriously want to learn, improve and compete in tournaments. The program will include footwork, forehand & backhand techniques.

Tennis: This program is available to students in grades K-5. This instructional program introduces students to tennis in a comfortable setting where the emphasis is on fun. With kids-sized equipment, adapted courts, and slower-moving & lower-bouncing tennis balls, the youth tennis format allows kids to rally and play easier right from the start.

Thursday/Friday Night (Middle School/High School) Recreation Programs: The Thursday Night Basketball Program is available to district students in grades 6-12 and is conducted at the North Middle School. The Friday Night Badminton Recreation Program is available to district students in grades 6-12 and is conducted at the South Middle School.

Wrestling Program: This program is available to students in grades 3-8. This instructional program teaches basic and effective wrestling techniques and strategies.

EMPLOYEE BENEFITS

A9020-8010 - New York State Employees' Retirement System

The 2019-2020 appropriation covers the salaries paid to civil service employees for the period April 1, 2019, through March 31, 2020. Based on the estimated salaries to be paid to our employees during this period of time and based on an estimated average rate of 14.6% as determined by the Employees Retirement System, we anticipate that the 2019-2020 appropriation should be \$3,103,015.

A9020-8020 - District's Contribution to N.Y. State Teachers' Retirement System

The computation of the 2019-2020 appropriation is based on salaries paid to administrative and instructional staff for the period July 1, 2019, through June 30, 2020. Based on the estimated salaries to be paid to our employees during this period of time and based on an estimated rate of 8.86% as determined by the Teachers Retirement System, we anticipate that the 2019-2020 appropriation should be \$9,398,928

A9020-8030 - District's Contribution to Social Security Agency

The 2019-2020 appropriation is based on a 6.20% rate applied to a maximum wage base of \$132,900 for 2019, and an estimated \$136,821 for 2020. In addition the Medicare tax is 1.45% of each employee's total wages.

A9020-8060 - District's Contribution to Group Health Insurance

The 2019-2020 budget provides for an estimated blended increase in health insurance rates of approximately 5.38%. The amount appropriated has been offset by approximately \$5,190,000, which is the estimated contribution to be paid by our employees.
