Pre-School Lead Screening Requirement

Date: _____

Dear Parent:

New York State Public Health Law requires all Pre-School children have a lead screening completed and on file in the health office.

This notice is only being sent to the parents of children for whom we have not received documentation of Lead Screening. If your child has already had a lead screening, written proof indicating the level, complete with doctor's signature, must be provided to the school nurse and must be submitted now. If your child has not had a lead screening done, please make an appointment immediately and submit the results on the form below.

If you have any questions please call your child's school nurse:

School Nurse

Please have your doctor fill out this form & return it to the Health Office

Students Name: _____
