SEXUAL HARASSMENT

INFORMATION

Attached for Board of Education consideration is a new policy: ***Sexual Harassment (0110)***. As a result of changes to New York State Law, this new policy replaces the District's existing policies, *0110.1 Sexual Harassment of Staff* and *0110.2 Sexual Harassment of Students*, both adopted in 1995 and amended in 2003, in order to be in compliance with the minimum standards set forth by the New York State Department of Labor. The new policy incorporates and maintains the District's existing principles and practices with regard to the proscription of sexual harassment, while aligning it with the recently enacted legal requirements. In addition, a revised form *0110-E Complaint of Alleged Sexual Harassment* is also being submitted. The amended form has been adapted from a model provided by the New York State Insurance Reciprocal (NYSIR). The policy and accompanying exhibit are being submitted for a first of three readings. No Board action will be taken at this time.

SEXUAL HARASSMENT

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality and that is free from all forms of sexual harassment. The Board recognizes that harassment of students, employees (including all staff, applicants for employment, both paid and unpaid interns, exempt and non-exempt status, part-time, seasonal, and temporary workers, regardless of immigration status) and certain "non-employees" (which includes contractors, subcontractors, vendors, consultant and other persons providing services pursuant to a contract, or their employees, Board of Education members and volunteers) on the basis of sex, gender and/or sexual orientation is abusive and illegal behavior. The Board further recognizes that preventing and remedying such harassment is essential to ensuring a healthy, nondiscriminatory environment in which students can learn and employees and "non-employees" can work productively.

Sexual harassment is a form of sex discrimination and is unlawful under Federal, New York State, and (where applicable) local law. Sexual harassment includes harassment on the basis of actual or perceived or self-identified sex, sexual orientation, gender identity, gender expression, and transgender status. Sexual harassment can occur between persons of all ages and genders.

Sexual harassment includes unwelcome conduct that is either of a sexual nature, or which is directed at an individual because of that individual's sex, when:

- a. submission to that conduct is made either explicitly or implicitly a term or condition of an individual's employment or a student's education;
- b. submission to or rejection of such conduct is used as the basis for decisions affecting an individual's employment or a student's education; or
- c. the conduct has the purpose or effect of unreasonably interfering with an employee's or "non-employee's" work or student's school performance or creating an intimidating, hostile or offensive work or educational environment, even if the complaining individual is not the intended target of the sexual harassment;

Sexual harassment can consist of unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature, or verbal, nonverbal or physical aggression, intimidation or hostility that is based on actual or perceived gender and sexual stereotypes. The foregoing includes favoritism between a supervisor and subordinate.

The Board condemns and strictly prohibits all forms of sexual harassment on school grounds, school buses and at all school-sponsored activities, programs and events, including those that take place at locations outside the District, or outside the school setting if the harassment impacts the individual's education or employment in a way that violates their legal rights. This includes when employees and "non-employees" travel on District business, or when harassment is done by electronic means (including on social media). For employees, sexual harassment is considered a form of employee misconduct. Sanctions shall be enforced against all those who engage in sexual harassment, and against supervisory and managerial personnel who knowingly allow such behavior to continue or engage in retaliation.

Under various New York State and Federal laws, students, employees and "non-employees" have legal protections against sexual harassment in the above described school environment. Additionally, local laws may apply to the District. The District's Code of Conduct (*Policy 5300*) also addresses appropriate behavior in the school environment. Incidents of sexual harassment may subject the District to liability. Harassers may be individually subject to civil liability if sued in a court of law or criminal liability if prosecuted.

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that any targets of sexual harassment and persons with knowledge of sexual harassment report the harassment immediately to his/her immediate supervisor, building principal, assistant superintendent, Superintendent of Schools, the District's Title IX Compliance Officer(s) (as listed in the District calendar and website) or the Board of Education. Any person who receives such a complaint shall immediately notify a Title IX Compliance Officer. Filing a grievance or otherwise reporting sexual harassment shall not reflect on the individual's status, nor shall it affect future employment or work assignments. The District shall promptly investigate all complaints of sexual harassment, either formal or informal, verbal or written. To the extent possible, all complaints shall be treated in a confidential manner. Limited disclosure may be necessary to complete a thorough investigation. If the complainant reports that they feel unsafe at school due to the nature of the complaint, the District shall determine if accommodations need to be made until the issue is resolved.

If, after appropriate investigation, the District finds that a student, an employee, "non-employee" or a third party has violated this policy, prompt corrective action shall be taken in accordance with District policy and New York State law.

All complainants and those who participate in sexual harassment complaints or the investigation of a complaint of sexual harassment have the right to be free from retaliation of any kind, when they believe in good faith that sexual harassment has occurred (*Policy 9645 Whistleblower*). Such prohibited retaliation can include, but is not limited to, discipline, discrimination, demotion, denial of privileges, or any action that would keep a person from coming forward to make or support a sexual harassment claim. Such actions need not be job- or education-related, or occur in the workplace or educational environment, to constitute unlawful retaliation.

In order to raise awareness of the issues surrounding sexual harassment and to implement preventative measures to help reduce incidents of sexual harassment, the District requires annual training programs for employees.

This policy shall be made available in each District facility, on the District's website and other appropriate school publications.

SEXUAL HARASSMENT OF STAFF

INFORMATION

Attached for Board of Education consideration is deletion of the policy: **Sexual Harassment of Staff (0110.1)**. This policy, first adopted in 1995 and amended in 2003, addresses the District's prohibition of sexual harassment of staff. As a result of recent changes to New York State law, it is recommended that it be replaced by a new policy, **0110 Sexual Harassment**, that conforms to the current requirements set forth by the New York State Department of Labor. This policy deletion is being submitted for the first of three readings in tandem with the first reading of the newly proposed policy. No Board action will be taken at this time.

SEXUAL HARASSMENT OF STAFF

It is the policy of the Great Neck Public Schools to maintain a learning and working environment that is free from sexual harassment. When a staff member (male or female) is subjected to unwelcome behavior that is sexual in nature, it is "sexual harassment" and is inappropriate, harmful and against the law. Sexual harassment may originate from a person of either sex and may be directed against persons of the same sex or the opposite sex.

I. POLICY

- A. No employee in the District shall be subjected to sexual harassment. It shall be a violation of this policy for any member of the Great Neck Public Schools staff to harass other staff members through conduct or communication of a sexual nature as defined in Section II. It shall also be a violation of this policy for students to harass staff members through conduct or communication of a sexual nature as defined in Section II.
- B. Each administrator shall be responsible for promoting understanding and acceptance of, and assuring compliance with, state and federal laws and Board of Education policy and procedures governing sexual harassment within his/her school or office.
- C. Violations of this policy or procedures will be cause for disciplinary action.

II. DEFINITION

- A. Sexual harassment means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:
 - 1. Submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment, advancement, or participation in school programs or activities; or
 - 2. Submission to or rejection of such conduct by an employee is used as the basis for decisions affecting the employee; or
 - 3. Such conduct has the purpose or effect of unreasonably interfering with an employee's performance or creating an intimidating, hostile or offensive work environment.

B. Sexual harassment as set forth in Section II.A. may include, but is not limited to, the following:

1. Verbal harassment or abuse
2. Pressure for sexual activities
3. Repeated remarks with sexual or demeaning implications
4. Unwelcome touching
5. Sexual jokes, posters, etc.
6. Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one's evaluation, opportunities, promotion, or other benefits of employment.

III. PROCEDURES FOR REPORTING HARASSMENT

Any staff member who alleges sexual harassment by another staff member or student in the School District may complain directly to his/her immediate supervisor, building principal, assistant superintendent, Superintendent, the District's Title IX Compliance Officer* (see School Telephone Directory), or the Board of Education. Any person who receives such a complaint will immediately notify the Title IX Compliance Officer. Filing a grievance or otherwise reporting sexual harassment will not reflect on the individual's status, nor will it affect future employment or work assignments. Any act of retaliation against the complainant is a violation of human rights law.

- A. **Informal Conference** - Prior to filing a formal complaint, a staff member may arrange to meet informally with the Title IX Compliance Officer. The purpose of such a meeting will be to discuss the allegations and to explore possible ways to resolve the situation. In an effort to achieve resolution, meetings may also be held with the alleged harasser. No written records will be kept.
- B. **Formal Complaint** - A formal complaint may be submitted either to report an allegation of sexual harassment or as a follow-up to an unsatisfactory resolution. A formal complaint shall be made in writing by completing the District's *Complaint of Alleged Sexual Harassment* form (0110-E), which shall be available in all District offices. Upon receipt, a formal complaint will be immediately forwarded to the Title IX Compliance Officer.
- C. **Unreported Complaint** - In the absence of a victim's complaint, the Board will ensure that an investigation is commenced upon learning of or having reason to suspect the occurrence of sexual harassment.

*Pursuant to Title IX of the Education Amendments of 1972, the Title IX Compliance Officer is the district official responsible for ensuring that the school system does not discriminate on the basis of sex in the educational or employment opportunities extended to students or staff.

IV. INVESTIGATION

- A. Upon receipt of a formal or informal complaint, a prompt, thorough investigation of the allegations will be made by an appropriate authority designated by the Title IX Compliance Officer. This investigation is to be conducted diligently and the complainant is to be notified of the outcome. Should it become necessary to interview any students in the course of the investigation, their parents will be notified and afforded the opportunity to be present.
- B. All complaints will be treated as confidential and only those persons necessary for the conduct of the investigation will be involved in the process.
- C. In the case of a formal complaint only, the results of the investigation will appear in the form of a written report that will be placed in a confidential file kept by the Title IX Compliance Officer. Copies of the report and conclusions will be transmitted to the staff member who made the complaint, the person against whom the complaint was made (and his/her parents if a student), and the Superintendent of Schools.

V. DISCIPLINARY ACTIONS

- A. If a staff member is found guilty of sexual harassment, the Superintendent of Schools will impose appropriate sanctions in a manner consistent with any applicable law, District policies and regulations, and collective bargaining agreements. Depending on the gravity of the misconduct, sanctions may range from a reprimand up to and including dismissal.
- B. If a student is found guilty of sexual harassment, the principal of the school will impose appropriate sanctions in a manner consistent with any applicable law and the District's Code of Conduct (see 5300). The Superintendent will review the matter and determine whether further action should be taken.
- C. The Superintendent of Schools will determine whether the findings of sexual harassment warrant turning the report and conclusions over to the Police Department for action. The individual harassed is, of course, free to file a complaint with the Police Department in any case.
- D. Anyone subjecting complainants or witnesses to any form of retaliation will also be subject to disciplinary action in the manner prescribed above.

- E. Because of the damage that can be done to someone falsely accused, any individual who in bad faith knowingly makes a false complaint or report of harassment will be subject to disciplinary action in the manner prescribed above.
- F. Pursuant to this policy, any official or employee of the District who receives a complaint of sexual harassment and who does not follow the procedures outlined in this policy will be held accountable and disciplined accordingly.

VI APPEALS

Any complainant or accused party who wishes to appeal the procedures which the District followed in investigating a written complaint filed under this Policy, may do so within ten (10) days of receipt of the appellant's notification of the investigation outcome. Untimely submissions shall not receive consideration. Such appeal must be made in writing to the Board of Education by submission to the District Clerk. The appellant shall be entitled to present evidence as to why the investigation procedures were flawed, improper, or otherwise not in compliance with this Policy. The Board's consideration and review of any such appeal shall be conducted confidentially in executive session. Following a review of that evidence, as well as the information obtained in the investigation process and conclusions derived there from, the Board of Education, or its designee, shall render a decision. The Board's decision shall be final. The appellant shall be notified of the decision in writing.

VII. NOTIFICATION AND TRAINING

- A. Copies of this policy will be distributed to all schools and departments of the Great Neck Public Schools, incorporated in teacher and student handbooks, and the school district calendar will include a summary.
- B. Each school will develop a training program for staff and students to raise awareness of the issues surrounding sexual harassment and to implement preventive measures to help reduce incidents of sexual harassment. The program will provide for a review of policy, procedures and prevention at least once a year for each group.

ANNUAL RISK ASSESSMENT
PERTAINING TO THE INTERNAL CONTROLS
OF DISTRICT OPERATIONS – JUNE 2018

INFORMATION

Pursuant to Chapter 263 of the Laws of New York 2005, all school districts and BOCES were required to establish an Internal Audit function. At a minimum the Internal Audit function established should result in the District's Internal Auditor developing a risk assessment of District operations after reviewing financial policies, procedures and practices. The risk assessment developed will need to be reviewed and updated annually. This consists of yearly evaluating one or more areas of District operations and the testing of their related internal controls; preparation of reports which assess significant risk assessment findings, and recommendations for strengthening controls and reducing the risks identified. The District will then develop a corrective action plan to implement the necessary policies and procedures to correct the adverse findings. The Internal Auditor performed certain internal audit procedures in the timeframe starting July 1, 2017 through June 30, 2018. District staff is in the process of developing a Corrective Action Plan addressing each finding that will be presented to the Board of Education for approval and submission to the New York State Education Department.

RECOMMENDATION

It is recommended that the Board of Education accept the Internal Audit Report Annual Risk Assessment Update June 2018 from Certified Public Accountant Nawrocki Smith, LLP for the fiscal year 2017-2018 and authorize transmittal of such reports along with Administration's Corrective Action Plan to the State Education Department and the Office of the New York State Comptroller.
