INTERNET PUBLISHING

INFORMATION

Attached for Board of Education consideration is a revised policy: ***Internet Publishing (5221)***. The revision addresses a request received from building principals to allow photographs and videos that visually identify students in grades 3 – 8 to be published online for public access unless a parent/guardian provides written direction to the contrary rather than requiring prior written consent. Similarly, the policy will now allow last names of students in grades 6 – 8 to be published online for public access unless a parent/guardian provides written direction to the contrary. This revised policy is being submitted for the first of three readings. No Board action will be taken at this time.

INTERNET PUBLISHING

This policy is intended to ensure that District-sponsored Internet content supports the educational mission of the District and disseminates appropriate and timely information to the local and global community without compromising the safety and privacy of our students and staff. Teachers and students are encouraged to take advantage of educational opportunities beyond the four walls of the classroom and embrace the benefits of twenty-first century learning.

The Board of Education authorizes District-sponsored Internet publishing because it offers an educational activity through which students gain experience in responsible use of the Internet. The rights of students to express their views online shall be limited solely by those restrictions imposed on all citizens generally and those specifically designed to protect children and youth in a school setting. District-sponsored Internet publications, including online student newspapers, are intended to provide an opportunity for student expression, but they are not public forums. The Board of Education is ultimately responsible for the content published on the Internet through activities sponsored by, or affiliated with, the Great Neck Public Schools.

Guidelines: All guidelines for posting District-sponsored online content, whether hosted on the official Great Neck Public Schools (GNPS) Web site or through another Web hosting service, including official GNPS social media, shall be consistent with this and all other district policies, including but not limited to *Policy 4526 Computer Network and Internet Acceptable Use*, *Policy 5220 District-Sponsored Student Publications*, and *Policy 5300 Code of Conduct*.

Photographs and Videos:

1. Photographs and videos that visually identify students may be published online if access is secure and limited to the parent/guardian, student, or staff or partnering institution as a component of a collaborative educational project that has been approved by the building principal or designee. ~~Otherwise,~~ Photographs and videos that visually identify students in Grades Pre-K – 2 will not be published online for public access for safety and security reasons. Exceptions for students in Grades Pre-K – 2 ~~will~~ may be granted with written parental permission and upon the recommendation of the building principal to the Superintendent of Schools. In Grades 3 - 8, they may be published online for public access only ~~only with prior written parent/guardian consent unless the parent/guardian provides written direction to the contrary~~. In Grades 9 – 12, they may be published online for public access with consent of the student unless the parent/guardian provides written direction to the contrary.
2. Photographs and videos that do not visually identify students may be published online.
3. Photographs and videos of staff members may be published online only with their prior consent.

4. Photographs and videos of facilities, instructional objects, or student projects may be published online.
5. Audio recordings of performances and narration done by students may be published online subject to applicable copyright laws.

Personal Information:

1. No student's last name shall be published online for public access in Grades PreK – 5 unless access is secure and limited to the parent/guardian, student, ~~or staff~~ or partnering institution as a component of a collaborative educational project that has been approved by the building principal or designee. Exceptions for students in Grades Pre-K - 5 will be granted upon the recommendation of the building principal to the Superintendent with written parental permission. In Grades 6 - 8, last names of students may be published online ~~only with prior written parent/guardian consent~~ unless the parent/guardian provides written direction to the contrary. In grades 9 – 12 last names be published online with consent of the student unless the parent/guardian provides written direction to the contrary.
2. In grades Pre-K – 5 student names and photographs will not be posted together.
3. Notwithstanding the above provisions, any other personal student information may not be published online unless access is secure and limited to the parent/guardian, the student or designated staff or partnering institution as a component of a collaborative educational project that has been approved by the building principal or designee.
4. Notwithstanding the above provisions, textual, artistic, photographic or video work attributed to a student may be published online. For students in Grades Pre-K-5, prior written parent/guardian consent is required. In Grades 6-12, student work may be published online with the consent of the student.

Web Pages and Internet Links:

1. Staff members and affiliated parent organizations may upload content online for a school, department, grade level, class, club, team, ~~or~~ parent organization web site or on official GNPS social media as long as they adhere to all provisions in this policy. These staff members and affiliated parent organizations have the primary responsibility for complying with this policy and all applicable laws.
2. School web sites and affiliated parent organization web sites shall include a prominent link back to the school and/or the District home page. Department, grade level, class, club, or team web sites shall include a prominent link back to the school home page.

3. The content of web pages must conform to all District policies and state and federal laws and cannot:
 - a. promote illegal activities
 - b. promote any form of discrimination
 - c. violate copyright laws
 - d. plagiarize, in part or whole, the intellectual property of others
 - e. campaign for the election of candidates for any public political office
 - f. contain commercial advertising
 - g. disparage, insult or demean any individual or group
 - h. be used to transmit viruses
 - i. include public electronic forums that facilitate immediate and/or unmediated posted messages

4. Students may create new web pages, modify existing web pages or upload content directly to a web site, as part of a classroom or club activity but only with the authorization and supervision of a designated staff member.

5. Links to externally published web pages are based solely on their educational relevance and should be reviewed periodically by the web page designer due to the transient nature of the medium.

6. Links to personal home pages or personal email accounts of students or staff members are not permitted.

7. Links for advertising or profit-making purposes are not permitted unless they are directly related to a District, school, PTA or District/school-endorsed fund-raiser.

HIGH SCHOOL STUDENT COURSE LOAD

INFORMATION

Attached for Board of Education consideration is a revised policy: ***High School Student Course Load (4240)***. The revision addresses the District's ability to accommodate students who may need greater flexibility in order to complete their requirements for graduation. This revised policy is being submitted for a second of three readings, and there have been no changes since its first reading on 11/13/17. No Board action will be taken at this time.

HIGH SCHOOL STUDENT COURSE LOAD

The minimum student course load requirement for grades 9, 10, 11 and 12 is six (6) units plus physical education.

These requirements may be met through regular class attendance, independent study, academic support assignments, or other approved alternatives.

Any exception to this policy shall require the building principal's recommendation and the approval of the Superintendent of Schools or designee.

STUDENT HEALTH SERVICES

INFORMATION

Attached for Board of Education consideration is a revised policy ***Student Health Services (5240)***. The revisions address an update received from the New York State School Boards Association (NYSSBA) regarding changes to New York State Public Health Law requiring health exams for students in pre-k, kindergarten, first, third, fifth, seventh, ninth and eleventh grades. In addition, new language is being added to ensure that the District is in compliance with the McKinney-Vento Homeless Education Assistance Act with regard to the admission of homeless students even if they cannot produce health or immunization records. This revised policy is being submitted for a second of three readings, and there have been no changes since its first reading on 11/13/17. No Board action will be taken at this time.

STUDENT HEALTH SERVICES

The Board of Education recognizes that good student health is vital to successful learning and acknowledges its responsibility, along with that of parent(s) or guardian(s), to protect and foster a safe and healthful environment for students.

The school shall work closely with students' families to provide detection and preventive health services. In accordance with law, the school will provide vision, hearing and scoliosis screening. ~~Problems~~ Results shall be referred provided to the parent(s) or guardian(s) who shall be encouraged to seek appropriate medical care.

Upon entering ~~second, fourth, seventh and tenth~~ pre-k, kindergarten, first, third, fifth, seventh, ninth and eleventh grades a student must have a health exam by a New York State licensed health care provider and submit a certificate of health examination a health certificate within 30 days of entering school. The examination, which must conform to state requirements, must have been conducted no more than 12 months before the first day of the school year in question. If a student is unable to furnish the health certificate, the school will provide a physical examination by a licensed provider. A request for exemption from the physical examination, or the requirement to provide a health certificate, must be made in writing to the school principal or designee, who may require documents supporting the request. The only basis for exemption is a claim that the physical examination is in conflict with the parent or guardian's genuine and sincere religious belief.

In order to maintain enrollment in school, students must furnish documentation of required immunizations against certain communicable diseases, as set forth in state law and regulations, unless exempted from immunizations for medical or religious reasons as permitted by state law and regulation.

Homeless students shall be admitted to school even if they do not have the required health or immunization records, but may be temporarily excluded if they show actual symptoms of a communicable disease that poses a significant risk of transmission to others.

The State of New York may authorize and require the collection of data from health certificates in furtherance of tracking and understanding health care issues that affect children.

A permanent student health record shall be part of a student's cumulative school record, and should follow the student from grade to grade and school to school along with his/her academic record. The health record shall be maintained by the school nurse.

Schools shall respond to students in accidental or unexpected medical situations. Each school in the district will include in its emergency plan a protocol for responding to health care emergencies, including anaphylaxis (see *Policy 5420.3 Food Induced Anaphylaxis*), and head injury (see *Policy 5600 Concussion Management*.) Parents/guardians will be notified of any emergency medical situation as soon as is practicable. In addition, parents/guardians will receive notification of non-emergent medical situations that have been reported to the nurse in a timely manner.

Communicable Diseases

It is the responsibility of the Board to provide all students with a safe and healthy school environment. To meet this responsibility, it is sometimes necessary to exclude students with contagious and infectious diseases from attendance in school.

During an outbreak of these communicable diseases, if the New York State Commissioner of Health or his/her designee so orders, the District will exclude students from school who have an exemption from immunization or who are in the process of obtaining immunization.

It is the responsibility of the Superintendent of Schools or his/her designee, working through District health personnel, to enforce this policy and to contact the county or local health department when a reportable case of a communicable disease is identified in the student or staff population.

Administering Medication to Students

Neither the Board nor District staff members shall be responsible for the diagnosis or treatment of student illness. The administration of prescribed medication to a student during school hours shall be permitted only when failure to take such medicine would jeopardize the health of the student, or the student would not be able to attend school if the medicine were not made available to him/her during school hours, or where it is done pursuant to law requiring accommodation to a student's special medical needs (e.g., Section 504 of the Rehabilitation Act of 1973).

Before any medication may be administered to or by any student during school hours, the Board requires:

1. the written request of the parent(s) or guardian(s), which shall give permission for such administration, and relieve the Board and its employees of liability for administration of medication; and
2. the written order of the prescribing authorized medical provider, which will include the purpose of the medication, the dosage, the time at which or the special circumstances under which medication shall be administered, the period for which medication is prescribed; and

3. that in order for a student to carry and use a rescue inhaler, an epinephrine auto-injector, insulin, or glucagon and associated testing supplies, written permission must be provided both by the parent and the prescribing authorized medical provider in accordance with New York State law and regulation.

Students are allowed to carry and apply parentally provided sunscreen without a prescription from an authorized medical provider, assuming that the sunscreen is FDA approved and that the sunscreen is not treating a medical condition. Parents need to provide the district with written permission for students to use sunscreen.

Permission slips and medical orders shall be kept on file in the office of the school nurse.

The District shall make a nebulizer available on site in school buildings where nursing services are provided. Students with a patient specific order shall have access to the nebulizer. The District will ensure that it is maintained in working order. Students are required to supply their own medication and administration sets.

Training

Training to support the fulfillment of staff responsibilities in regard to student health services will be provided as part of the District's ongoing professional development plan and in conformity with the Commissioner's Regulations.

Regulations

The Superintendent of Schools or his/her designee shall develop comprehensive regulations governing student health services. Those regulations shall include the provision of all health services required by law, procedures for the maintenance of health records, and procedures for the administering of medication to students. The Superintendent or his/her designee shall also develop protocols, in consultation with the District Physician and other appropriate District staff, for the management of injury, with particular attention to concussion.

STUDENT HEALTH SERVICES REGULATION

INFORMATION

Attached for Board of Education consideration is a revised regulation: ***Student Health Services Regulation (5240-R)***. The revision updates Section B, Administering Medication to Students in School, in order to comport with the proposed amendment of ***Policy 4531 Field Trips*** regarding accommodations for students who must take prescribed medication during a field trip, and adds new language to Section C Student Medical Exams to reflect changes to New York State Public Health Law that amends the grades for which health exams and certificates are required to Pre access unless a parent/guardian provides written direction to the contrary - K, K, 1, 3, 5, 7, 9 and 11. There have been no changes since its second reading on 11/13/17, and this revised regulation is being submitted for a third reading, and possible adoption.

STUDENT HEALTH SERVICES REGULATION

A. Immunization Against Communicable Diseases

Under state Public Health Law 2164, in order to be enrolled in or attend District schools, children must be fully immunized against certain communicable diseases. Those diseases are: poliomyelitis, mumps, measles, diphtheria, rubella, varicella (chicken pox), Haemophilus influenzae type b (Hib), pertussis, tetanus, pneumococcal disease, and hepatitis B.

“Fully immunized” means that the child has either:

1. received the required vaccinations for these diseases as set forth in state regulations;
2. for measles, mumps, rubella, hepatitis B, poliomyelitis, or varicella only, shown immunity with a positive blood test for those disease antibodies; or
3. for varicella only, has had the disease, verified by a physician, nurse practitioner, or physician’s assistant.

Children who are not fully immunized may only be admitted to school if they can document that:

1. they are in the process of receiving immunization or obtaining blood tests; or
2. they have been granted a medical or religious exemption.

Requests for such exemptions shall be directed to the building principal.

Medical exemptions may be issued if immunization is detrimental to a child’s health as per the contra-indications identified by the United States Centers for Disease Control and Prevention (CDC). Medical exemptions must either be:

1. the medical exemption form issued by the New York State Department of Health or the New York City Department of Health and Mental Hygiene, or
2. a statement signed by a physician licensed to practice medicine in New York State indicating the specific immunization, the medical contraindication, and the length of time the exemption is for. Medical exemptions must be reviewed and accepted by the District physician or his/her designee, and reissued annually to remain valid.

Religious exemptions may be granted by the District upon either:

1. a signed and completed Request for Religious Exemption to Immunization created by the New York State Education Department (NYSED), or

5420-R/2

2. a written and signed statement from a parent/guardian stating an objection to immunization because of genuine and sincere religious beliefs which prohibit immunization. The Building Principal may require supporting documents for religious exemptions.

All students must present appropriate documentation of their immunization status, as set forth in the Regulations of the New York State Commissioner of Health 10 NYCRR Subpart 66-1.

The building principal may permit students without adequate documentation to attend school up to 14 calendar days while the parent/guardian furnishes the necessary documents. This time period may be extended to 30 days for students transferring from another state or country, as long as they show a good faith effort to obtain the necessary documentation.

District schools may access the New York State Immunization Information System (NYSIIS) or the New York City Citywide Immunization Registry (CIR) to verify the immunization history of students entering or registered in that school.

When a child is excluded from school for immunization reasons, the building principal shall notify the parent/guardian of their responsibility to have the child immunized, and the resources available for doing so. The principal shall also notify the local health authority of the child's name and address and the immunization(s) the child lacks, and shall cooperate with that authority to provide a time and place for the required immunization(s) to be administered.

The District will maintain a list of all students who have been exempted from immunization for medical or religious reasons, or who are in the process of receiving immunization, and shall exclude such students from school when so ordered by the New York State Commissioner of Health in the event of an outbreak in school of the vaccine-preventable diseases listed in Public Health Law 2164 and the first paragraph of this section.

When a student transfers out of the District, the parent/guardian will be provided with an immunization transfer record, if needed, showing the student's current immunization status that will be signed by the school nursing personnel or the school physician. A transcript or photocopy of the immunization portion of the District health record will be provided to the new educational institution upon request.

B. Administering Medication to Students in School

The administration of prescribed medication to a student during school hours is permitted only when the medication is necessary to allow the student to attend school or failure to administer the medication would seriously affect the student's health.

Parent(s) or guardian(s) must present the following information:

1. A written order from a NYS licensed health care provider (e.g. physician, nurse practitioner or physician assistant) containing the following information: student's name, the date and name of the medicine, dosage and time to be administered. A list of possible side effects may be required.
2. A written note from the parent/guardian giving appropriate licensed school personnel permission to administer the medication to their child during school or for trained medically unlicensed personnel to assist their child in taking their own medication.

Students who may carry and use certain medications

Students are permitted to self-administer medication under certain circumstances, in accordance with New York State law and regulation. A student is authorized to carry and use the following medications: rescue inhaler, epinephrine auto-injector, insulin, glucagon (and associated diabetes testing supplies), if the following conditions are met:

1. An authorized medical provider must provide written permission that includes an attestation that the student's diagnosis requires the medication; the student has demonstrated that he/she can self-administer the prescribed medication effectively; the name of the medication, the dose, the times when it is to be taken, the circumstances which may warrant use and the length of time during which the student may use it.
2. Written parental permission.

If a student is authorized to carry and use medication as described above, the parent/guardian is permitted to give extra medication and supplies that the District will maintain in accordance with the written directions submitted by the authorized medical provider.

All documents pertaining to student medication will be kept on file in the nurse's office.

The school nurse shall develop procedures for the administration of medication, which require that:

1. all medications shall be brought to school by the parent(s) or guardian(s);
2. all medications will be administered by a medically licensed person unless the child is self-directed;
3. medications shall be securely stored in the office and kept in their original labeled container, which specifies the type of medication, the amount to be given and the times of administration; the school nurse shall maintain a record of the name of the student to whom medication may be administered, the prescribing physician, the dosage and timing of medication, and a notation of each instance of administration;
4. all medications shall be picked up by the parent(s) or guardian(s) at the end of the school year, or the end of the period of medication, whichever is earlier. If not picked up within five days of the period of medication, the medication shall be discarded.

An adult must bring the medication to school in the original container. The administering staff member should clearly label the medication with the time to be given and dosage.

Sunscreen

Students are permitted to carry and apply sunscreen without a medical provider's order under the following conditions:

1. The sunscreen is used to avoid overexposure to the sun and not for medical treatment of an injury or illness, if sunscreen is required to treat a medical condition, the procedures for administering medication (above) apply;
2. The sunscreen is FDA approved for over the counter use;
3. The student's parents or guardians provide written permission annually for the student to carry and use the sunscreen.

The school nurse will keep written permission for students on file and develop procedures pertaining to this policy.

Administering medication on field trips and at before- and after-school activities.

Taking medication on field trips and at before- and after-school activities is permitted if a student is self-directed in administering their own medication. On field trips or at other before- and after-school activities, teachers or other school staff may carry the medication so that the self-directed student can take it at the proper time.

If a student is going on a field trip but is not self-directed (i.e., fully aware and capable of understanding the need and assuming responsibility for taking medicine), then the District may:

- Permit the parent or guardian to attend the activity and administer the medication.
- Permit the parent to personally request another adult who is not employed by the school to voluntarily administer the medication on the field trip or activity and inform the school district in writing of such request.
- Allow the student's health care provider to be consulted and, if he/she permits, order the medication time to be adjusted or the dose eliminated.

~~If no other alternative can be found, a school nurse or licensed person must administer the medication. If no District staff or other appropriate adult is available and if the medication schedule cannot be adjusted by the student's prescriber, a field trip will either be rescheduled or canceled.~~

Administering epinephrine by auto-injection in emergency situations.

The administration of epinephrine by auto-injector has become an accepted and extremely beneficial practice in protecting individuals subject to serious allergic reactions.

Pursuant to New York State Commissioner of Education's regulations, registered professional nurses may carry and administer agents used in non-patient specific emergency treatment of anaphylaxis.

In addition, pursuant to NYSED guidelines, school nurses may provide training to medically unlicensed school staff in administering epinephrine auto-injectors, prescribed by a licensed prescriber, to a child who has been diagnosed with the potential for a severe reaction, in the event of the onset of a serious allergic reaction when a nurse is not available.

Use of Glucagon

Pursuant to SED guidelines, glucagon may be carried by students, and school nurses may provide training to medically unlicensed school staff in administering glucagon prescribed by a licensed prescriber, to a child who has been diagnosed with the potential of for a severe hypoglycemic reaction, in the event that the nurse is not available.

C. Student Medical Exams

In accordance with Sections 903 and 904 of the state Education Law, each student shall have a physical exam given by the District physician or New York State licensed health provider (including a physician, physician assistant or nurse practitioner) upon entrance to school and at grades pre-kindergarten, or kindergarten, ~~two, four, one, three, five, seven, nine and ten~~ eleven. Findings are to be kept on record at the school on forms that can be obtained from the school nurse. In addition, the school will request a dental health certificate according to the same schedule.

A student may be excluded from the medical examination requirements because the child's parent/guardian holds a genuine and sincere religious belief that is contrary to medical examinations. The request for exemption must be in writing to the principal or his/her designee.

In the event that the student's medical history reveals that they have a known life-threatening allergy, the school nurse, in conjunction with the family, student, child's teacher, and other appropriate staff, will develop and implement an individual health care plan that will guide prevention and response.

D. Illness or Injury in School

If a student becomes ill or injured in school:

1. The nurse will determine if the student should receive further medical attention, remain in the dispensary or return to class.

2. The nurse will call the parent, guardian or designated emergency contact if he/she feels that the student should go home so that such arrangements can be made.
3. If no parent, guardian or designated emergency contact picks up the student at school, or if no parent/guardian or designated emergency contact will be home, the student will remain in the nurse's office until the end of the school day when a determination will be made in consultation with the building principal or other parties as necessary to determine an appropriate course of action.
4. If the nurse determines that the child can return to class the nurse may notify the parent.
5. The nurse will maintain appropriate records of all student visits.

E. Emergency Contact Information

All students shall have on file emergency contact information that shall state the name and preferred telephone numbers of the following:

1. The student's parent(s) or guardian(s) at home and work;
2. An emergency contact;
3. The student's licensed health care provider;

F. Student Return to School after Illness/Injury

In general, students should be symptom-free before returning to school. In some instances, students may be asked to provide a note from their licensed health care provider before they return to school or participate in the full range of school activities. In some cases, the final decision to permit participation may rest with the District physician. The Superintendent of Schools or his/her designee, in consultation with the District physician, school nurse and other appropriate staff, will develop protocols to address a student's return to activities when there has been a serious illness or injury.

FIELD TRIPS

INFORMATION

Attached for Board of Education consideration is a revised policy: ***Field Trips (4531)***. The revision addresses guidance received from the New York State Department of Education with respect to changes in New York State Education Law regarding students' medication needs on field trips. As such, the policy has been amended to specify that the District shall accommodate those students who must take prescribed medication during a field trip, and that if acceptable accommodations cannot be made, the field trip shall either be rescheduled or canceled. Language has been added to require the permission of a parent/guardian in order to contact a student's health care provider to allow for adjustment or elimination of a medication dose. In addition, the following permission forms: ***Elementary - 4531-E7, Secondary - 4531-E8, and Local/Walking - 4531-E9***, have been updated to include a student's medication requirements. There have been no changes since its second reading on 11/13/17, and this revised policy is being submitted for a third reading and possible adoption.

FIELD TRIPS

The Board recognizes that firsthand learning experiences provided by field trips can be effective and worthwhile. In planning and authorizing field trips, primary consideration will be given to the safety and welfare of the students involved, as well as to the educational value to be derived. Student behavior on field trips is governed by the District's Code of Conduct, Policy 5300.

Approval

All requests for field trips must be approved in writing prior to embarking on a trip. The Teacher-In-Charge must submit to the principal the following documents:

1. A *Request for Field Trip – Day* [Exhibit 4531-E5] or a *Request for Field Trip – Overnight* [Exhibit 4531-E6]
2. A copy of the permission slip that will be distributed to students [Exhibit 4531-E7, 4531-E8 or 4531-E9]
3. A trip itinerary
4. A detailed supervisory plan (Overnight or Out-Of-Country)
5. A *Transportation Request* form, if applicable
6. A *Request for Approval of Non-Conference Business/Travel Expenses* form for each staff member, if applicable

The Field Trip request and all pertaining documents must be submitted as a single packet in the order noted above. The following chart indicates the submission timeline for trip approvals:

Type of Trip	Submit to Principal	Submit to Superintendent	Submit to Board of Education
Day	40 days prior	N/A	N/A
Overnight	75 days prior	60 days prior	15 days prior to a Board meeting*
Out of Country	225 days prior	210 days prior	180 days prior

*Approval of specific recurring academically related overnight trips may be granted at the Board's Annual Organizational Meeting in July. Such approval is dependent upon submission of all required paper work to, and approval by, the Superintendent of Schools.

Any exception to these time limits requires the approval of the Superintendent.

Written parental permission must be obtained for every student in advance of the trip using forms 4531-E7, 4531-E8 or 4531-E9. The permission form will include a section for the parent/guardian to identify student health concerns. Signed forms will be kept on file in each school for one calendar year.

The Principal and/or the Superintendent or his/her designee have the right to cancel a trip for any reason.

Field Trip records for trips that do not require busing or Requests for Approval of Non-Conference Business/Travel Expenses will be maintained in each school. All other field trip records will be maintained in the Transportation Office. Overnight & Out-of-Country trip records will also be maintained in the Office of Instruction.

Transportation

The Transportation Office will establish and administer procedures for the ordering and scheduling of buses for field trips. Public transportation may be authorized when appropriate. Private vehicles may not be used to transport students on field trips. An exception may be made for a parent/guardian to drive his/her own child to a field trip location when there are special circumstances and with prior approval of the building principal.

When school/coach buses are used, the Teacher-In-Charge will submit a signed and completed *Pre-Trip Report* [Exhibit 4531-E1] to the Principal prior to departure, and completed *Post-Trip Report* [Exhibit 4531-E2] to the Principal upon return. Copies of both reports are to be sent to the Transportation Office and will be kept on file for one calendar year.

No trip involving a stay of one or more days away from home will depart unless the Teacher-In-Charge is in possession of all necessary documentation for the travel arrangements. This includes train or plane tickets for all participants, and written confirmation of hotel, restaurant and other reservations, where applicable.

Scheduling

Every effort will be made to return students to school from day trips in time for regular dismissal.

Principals will be responsible for establishing clear procedures for communicating with parents in the event of a delay in returning from a field trip.

Medications

The District shall accommodate the needs of students who must take medications during a field trip. In accordance with *Student Health Services Regulation 5420-R*, if a student is going on a field trip but is not self-directed (i.e., fully aware and capable of understanding the need and assuming responsibility for taking medicine), District staff or other appropriate adults may need to be available during the trip for assistance. Teachers or other District staff may carry medication so that a self-directed student can take it at the proper time. If no District staff or other appropriate adult is available for students who are not self-directed, the District may:

- Permit the parent or guardian to attend the activity and administer the medication.
- Permit the parent to personally request another adult who is not employed by the school to voluntarily administer the medication on the field trip and inform the school district in writing of such request.
- With the consent of a parent/guardian, allow the student's health care provider to be consulted and, if the provider permits, order the medication time to be adjusted or the dose eliminated.

If no District staff or other appropriate adult is available and if the medication schedule cannot be adjusted by the student's prescriber, the trip will either be rescheduled or canceled.

Supervision

Appropriate and adequate supervision will be provided on all field trips, taking into account the nature of the event, the age of the students involved, the activities, and the geographical location. Along with every request for an overnight trip, a supervisory plan must be prepared and submitted for approval as noted above. The plan shall include, but not be limited to, provisions for overseeing students' activities during the day, and monitoring students' sleeping quarters throughout the night. Supervision may be provided by Great Neck staff or other supervisory staff assigned at the site of the trip. The plan should be accompanied by a detailed schedule of events and activities, and the ratio of students to supervisors at these events and activities. The Principal will make a determination regarding the adequacy and appropriateness of supervision based upon a review of the plan, and may recommend assignment of additional supervisors.

Accompanying adults, in addition to the Teacher-In-Charge, will be assigned according to the following ratios:

- | | |
|--------------|------------------------------|
| Grades K-2 | -- One adult per 10 students |
| Grades 3-12* | -- One adult per 15 students |

All students on a field trip will return to the school with the group. A student may be released to a parent/guardian or other authorized person at the place of departure only upon prior written notification and approval of the Principal.

Should a student be unable for any reason to return from a field trip with the group, a certified staff member of the District will remain with the student until he/she can be released to a parent or other authorized person.

Should a student be required to be transported home prior to the conclusion of a field trip, it will be the parents'/guardians' responsibility to make appropriate arrangements for such transportation. In the event that a student's disqualification or departure prevents other participants from partaking in the activity to its conclusion, the District may seek reimbursement of all costs associated with the trip from that student and/or his/her family.

*On overnight Outdoor Education trips, the ratio of one adult per 15 students will include the teacher.

Parent Notification

The Teacher-In-Charge must use the *Permission Slip* form [4531-E7, 4531-E8 or 4531-E9] to provide parents/guardians with the trip details at least one week prior to the trip. The form will include the following: costs, arrival and departure time, mode of transportation (e.g., school or coach bus, railroad), lodging arrangements (if applicable), emergency telephone number, activities, itinerary, and the name of the Teacher-In-Charge. Other information may be attached if necessary.

Following a Field Trip

At the conclusion of each field trip, the Teacher-In-Charge will provide the Principal with a:

1. *Post Trip Report* [Exhibit 4531-E2]
2. *Trip summary Report* [Exhibit 4531-E3]
3. *Trip Incident Report* [Exhibit 4531-E4] if an incident affecting the health, safety or morals of one or more students occurred in which case this report is to be completed within 24 hours of return and a copy of such sent to the Superintendent.

These forms will be kept on file for one calendar year.

Financial Considerations

All field trips funded by the District must fit within the school's budget allocation for such activity. The Principal will ascertain funds availability prior to approving Field Trip requests. Any expenses for which students are responsible must be paid in advance of the trip.

Prior to approving a trip, the Principal will ensure that no student will be denied participation for financial reasons.

Teachers and other district employees who supervise field trips will be compensated by the District in accordance with the prevailing collective bargaining agreement. No employee will accept compensation from any outside source in relation to any field trips arranged or supervised.

In the event a trip is cancelled for any reason, the District will not be responsible for refunds.

Implementation

Principals will be responsible for ensuring that every Teacher-In-Charge has reviewed a copy of this policy. Confirmation of this can be found on the *Field Trip Request* form [Exhibit 4531-E5 or Exhibit 4531-E6] completed by the Teacher-In-Charge.

Principals will also be responsible for developing internal procedures at the school level to ensure effective and timely implementation of this policy.

COLD WAR VETERANS PROPERTY TAX EXEMPTION

WHEREAS, the New York State Legislature amended the New York State Real Property Tax Law (RPTL) to authorize school districts to provide a real property tax exemption from school district taxation for Cold War veterans under RPTL§458-b; and

WHEREAS, state legislation was intended to provide Cold War veterans with real property tax exemptions similar to tax exemptions given to other war time veterans; and

WHEREAS, the Board of Education of the Great Neck Union Free School District (Board of Education) desires by this resolution to extend similar real property tax exemptions to Cold War veterans who are eligible and qualified property owners pursuant to RPTL§458-b; and

WHEREAS, a public hearing was held on December 6, 2017 in Great Neck, New York; **now, therefore BE IT RESOLVED, as follows:**

- I. The Board of Education hereby adopts the definitions of "qualified owner," "qualified residential real property" and "Cold War veteran" as provided in the RPTL§458-b(1); and
- II. Eligible recipients shall be entitled to the exemption provided under RPTL§458-b(2)(a) to a maximum of ten percent of the assessed value of such property; provided however, that such exemption shall not exceed eight thousand dollars multiplied by the latest state equalization rate of the assessing unit, or, in the case of a special assessing unit, the latest class ratio, whichever is less; and
- III. Eligible recipients shall be entitled to the exemption provided under RPTL§458-b(2)(b) to the extent of the product of the assessed value of such property, multiplied by fifty percent of the Cold War veteran disability rating; provided, however, that such exemption shall not exceed forty thousand dollars multiplied by the latest state equalization rate for the assessing unit, or, in the case of a special assessing unit, the latest class ratio, whichever is less; and
- IV. Tenant-stockholders of eligible cooperative corporations, shall be eligible to receive such exemptions as provided in RPTL§458-b(7), and
- V. If a Cold War veteran receives an exemption under section 458 or 458-a of the New York State Real Property Tax Law, the Cold War veteran shall not be eligible to receive the exemption provided by this resolution; and
- VI. The exemption provided under paragraph II of this resolution shall be granted for a period of ten (10) years, the commencement, measurement and expiration of which shall be governed pursuant to RPTL§458-b(2)(c)(iii).
- VII. Application for the exemption shall be made by the owner, or all of the owners, of the qualified residential real property on a form prescribed by the state.
- VIII. This resolution may be repealed by the Board of Education. Any such repeal shall occur at least ninety (90) days prior to the taxable status date of the County of Nassau.

VOLUNTEER FIREFIGHTER AND VOLUNTEER AMBULANCE

WORKER TAX EXEMPTION

INFORMATION

On July 19, 2005 the New York State Legislature amended Section 466-c of the Real Property Tax Law, enabling school districts to offer a property tax exemption to volunteer firefighters and volunteer ambulance workers. The legislation includes strict guidelines for applicants to qualify for the tax assessment exemption. The exemption will be ten percent of the qualified applicant's real property assessed value. The Board of Education has, since 2005, adopted a resolution to extend this exemption to the Volunteer Firefighters and Volunteer Ambulance Workers.

RECOMMENDATION

It is recommended that the Board of Education continue to approve the Volunteer Firefighter and Volunteer Ambulance Worker Tax Exemption in accordance with Section 466-c of the Real Property Tax Law and that the Nassau County Department of Assessment be notified of this approval.

December 6, 2017

GOLD STAR PARENT OF VETERAN TAX EXEMPTION

Whereas, the Board wishes to extend a real property tax exemption to the parent(s) of a child who died in the line of duty while serving in the United States armed forces during a period of war as permitted by Real Property Tax Law, section 485-a(7), **now, therefore**

Be it resolved that the Board of Education of the Great Neck U.F.S.D., hereby adopts the definitions of "Gold Star Parent" as provided in the Real Property Tax Law, section 485-a(7)(a), and

Be it further resolved that such a Gold Star Parent shall be entitled to the exemptions provided pursuant to Real Property Tax Law, section 485-a(7), to a combined maximum of twenty thousand dollars, and as limited by Real Property Tax Law, section 485-a(7)(c).

ESTABLISHMENT OF FOUR ELECTION DISTRICTS

INFORMATION

Great Neck Union Free School District is currently divided into two election districts, namely: Election District No. 1, whose residents reside North of the Long Island Railroad and vote at the E.M. Baker School, 69 Baker Hill Road, Great Neck, New York; and Election District No. 2, whose residents reside South of the Long Island Railroad and vote at the Great Neck South Senior High School, 341 Lakeville Road, Great Neck, New York.

The District is desirous of increasing voter participation in District elections. It is believed that realigning the two current election districts into four election districts will provide most registered voters the ability to vote in a polling place closer to their homes.

RECOMMENDATION

BE IT HEREBY RESOLVED, THAT pursuant to the provisions of Section 2017 of the Education Law, the District's current election Districts and places of voting shall be reconfigured into four (4) election districts from the current two election districts, according to the following boundaries, attached map and attached list of streets:

Lakeville School (New Location)

- Southern Boundary:** Long Island Expressway (LIE) from the NYC/Queens Border to Lakeville Road.
Eastern Boundary: Lakeville Road and South Middle Neck Road from the Long Island Expressway (LIE) to the Long Island Rail Road Tracks (LIRR).
Western Boundary: NYC/Queens Border from the Long Island Expressway (LIE) to the Long Island Rail Road Tracks (LIRR).
Northern Boundary: The Long Island Rail Road Tracks (LIRR) from the NYC/Queens Border to South Middle Neck Road.

South High School (Existing Location Reconfigured)

- Northern Boundary:** Long Island Rail Road Tracks (LIRR) from South Middle Neck Road to East Shore Road.
Western Boundary: Stewart Avenue from Hillside Avenue along the NYC/Queens Border to the Long Island Expressway (LIE) to Lakeville Road to South Middle Neck Road to the Long Island Railroad Tracks (LIRR).
Eastern Boundary: New Hyde Park Border from Hillside Avenue to Union Turnpike to Continental Drive and the Herricks Border to the Manhasset Border to the Long Island Rail Road Tracks (LIRR).
Southern Boundary: Hillside Avenue from Stewart Avenue to the Herricks border.

EM Baker School (Existing Location Reconfigured)

- Western Boundary:** Middle Neck Road from Long Island Rail Road Tracks (LIRR) to Wildwood Road, to Cherry Lane, to Horizon Way to the Long Island Sound to the Long Island Sound.
- Southern Boundary:** Long Island Rail Road Tracks (LIRR) from Middle Neck Road to East Shore Road.
- Eastern Boundary:** East Shore Road and Manhasset Bay to the Long Island Sound.
- Northern Boundary:** Long Island Sound.

Saddle Rock (New Location)

- Northern Boundary:** Horizon Way to Cherry Lane to Wildwood Road from The Long Island Sound to Middle Neck Road.
- Southern Boundary:** Long Island Rail Road (LIRR) tracks from Little Neck Bay to Middle Neck Road.
- Western Boundary:** Little Neck Bay/Long Island Sound from the Long Island Rail Road Tracks (LIRR) to Horizon Way.
- Eastern Boundary:** Middle Neck Road from the Long Island Rail Road Tracks (LIRR) to Wildwood Road.

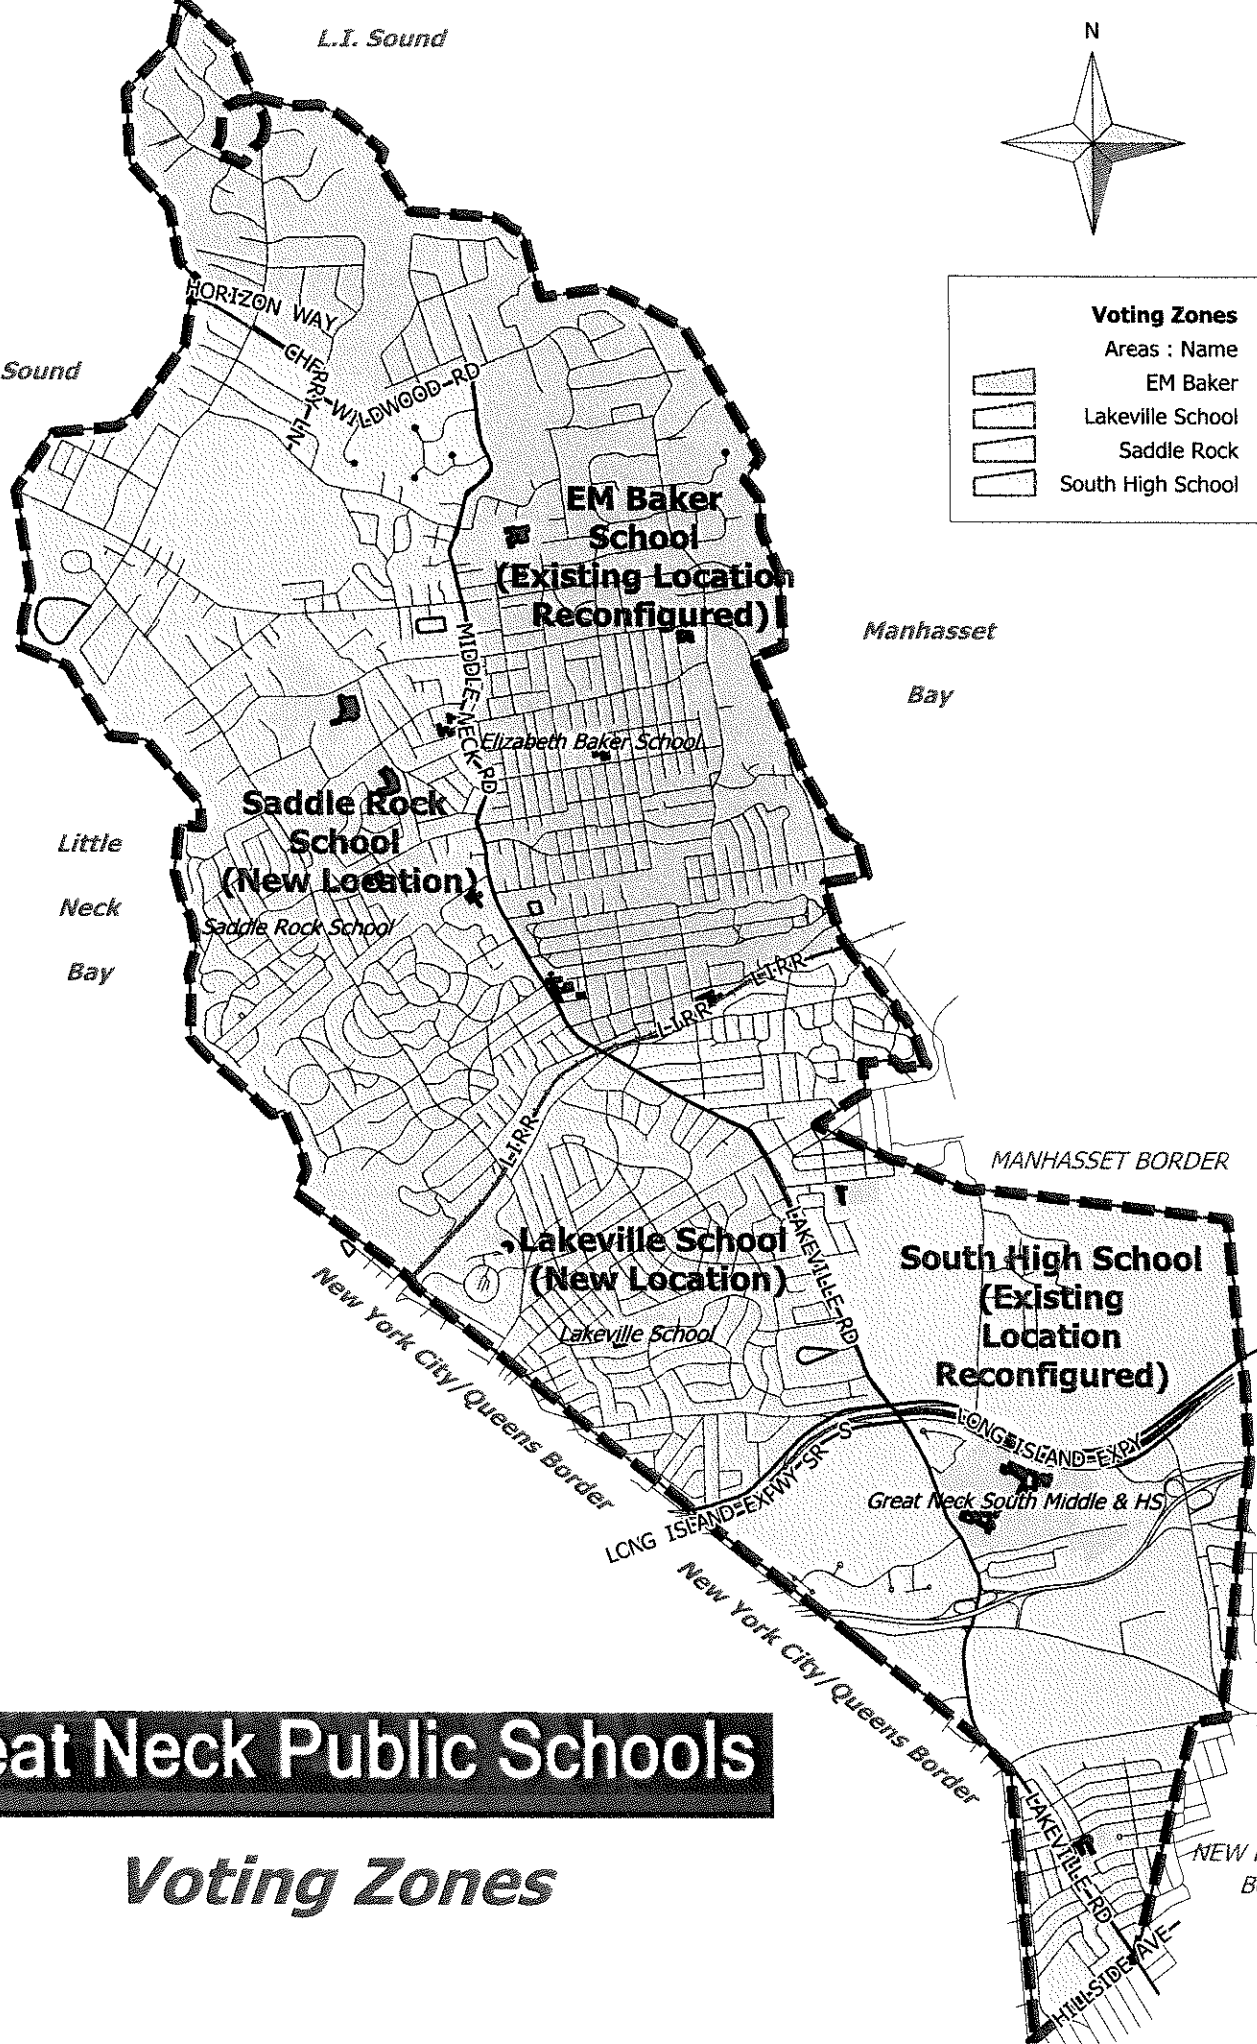

NOTE: The attached list of addresses will specify where each home in the District will be assigned to vote. The attached list will be the determining document when delineating where each registered voter is required to vote because in some instance streets are not completely congruent with election district boundaries.

BE IT HEREBY FURTHER RESOLVED THAT this change to four (4) election districts for the purposes of voting on School District elections shall be effective within 30 days of the date of this Resolution

RESIDENCY APPEAL

December 6, 2017

ESTABLISHMENT OF THE
Christa Fulton Memorial Teacher Award

INFORMATION

A private grant-making foundation would like to establish the Christa Fulton Memorial Teacher Award as detailed on the attached pages. (The foundation's name has been shared with the Board of Education under separate cover because the donor wishes to remain anonymous.) Ms. Fulton was known for her selfless ability to make a difference in the lives of her students. Two \$5,000 annual awards will be presented to teachers who exhibit this quality, one nominated by a John L. Miller—Great Neck North High School graduate and one nominated by a William A. Shine—Great Neck South High School graduate. Village School graduate nominees will be viewed as North High School or South High School based on the middle school that the student attended or the school zone in which the graduate resided.

Winners will be selected by a five member committee comprising:

- one representative from the Great Neck Teachers Association
- one administrator from the Great Neck Public Schools
- one trustee from the Board of Education
- one representative designated by the grant-making foundation
- one family member of the late Christa Fulton

Awarded teachers (elementary, secondary, guidance counselor, psychologist, or social worker) must have worked or be working as full-time teachers in the Great Neck Public Schools. Members of the award committee and their relatives are ineligible to receive the award in a year in which they serve on the committee. Children of the donors are not eligible to submit nominations.

RECOMMENDATION

It is recommended that the Board of Education authorize the establishment of the "Christa Fulton Memorial Teacher Award." A \$5,000 award will be presented annually to two teachers based on the specified criteria and selection process detailed in the attachment.

The Christa Fulton
Memorial Teacher Award

The Christa Fulton Memorial Teacher Award was initiated by the [REDACTED] Foundation in honor of Christa Fulton, a retired public school teacher who made a difference in the donor's life.

A. AWARD TERMS

1. The Award is intended to fund the Great Neck Public Schools.
2. The Award shall be granted to the department or extracurricular activity (e.g. Science, Math, Language, sports team, school club etc.) of the winner's choice.
3. The Award shall be awarded from the corpus of and interest on funds raised for this purpose by the [REDACTED] Foundation with an initial contribution of \$100,000.
4. Two (2x) \$5,000-Awards shall be offered annually until the corpus and all interest earned are expended. No more than two Awards shall be given in any year.
5. The Awards shall fund the school(s) of the two teacher winners, \$5,000 for the teacher being honored by a North High graduate and \$5,000 for the teacher being honored by a South High graduate. The same teacher may not be honored twice in the same year. If the winning essay comes from a Village School graduate, the award will be counted as being from either South or North, depending on the middle school that this graduate attended or the school zone in which the graduate resided.

B. AWARD WINNER ELIGIBILITY

1. The awarded teacher must have worked or is working as a full-time teacher in the Great Neck Public Schools. The teacher can be an elementary teacher, a secondary school teacher, a guidance counselor, a psychologist, or a social worker.
2. Members of the Award Committee are ineligible to receive the Award during a year in which they serve on the Award Committee.
3. The Award shall be given in full compliance with the non-discrimination laws of the state of New York and of the United States.
4. Criteria shall include only the merit of the proposed teacher to further fulfill his/her duty to "make a difference in his/her student(s) life."

C. AWARD COMMITTEE

The Award Committee shall comprise five (5) members.

1. One representative from the Great Neck Teacher's Association
2. One administrator of the Great Neck Public Schools
3. One trustee from the Board of Education
4. One representative chosen by the anonymous donors
5. One family member of Christa Fulton

D. ADDITIONAL INFORMATION

1. Alumni of Great Neck South High School, Great Neck North High School, and Great Neck Village School who were residents in the Great Neck Union Free School District at the time of their graduation may submit applications by January 31 starting the year AFTER graduation. Class of 2017 and graduates from prior years may submit an essay by January 31 2018.
2. The children of the donors, students [REDACTED] and [REDACTED] are not eligible to submit nominations.
3. Applications may be submitted in the form of an essay or a letter, detailing how the selected teacher has had an impact on the alumnus' life.
4. The essay or letter is to be identified with GNPS student number and submit to christafultonaward@gmail.com. **Please include (1) GNPS Student number (2) Class year (3) North / South High School. Village School graduate please indicate which middle school you attended.**
5. The Award Committee will review each application and select the best application in terms of perceived impact the teacher has had on the student.
6. The 2 teachers (one from North and one from South) mentioned in the 2 winning applications will receive the award funds for the department, school, or extracurricular activity of his/her choice.
7. If the winning teacher has left the District and is unable to accept the honor, the current principal of the school where the teacher made a difference in the alumnus' life will choose the department or extracurricular activity to receive the award.

SURPLUS EQUIPMENT AND SUPPLIES
2017-2018-1

INFORMATION

The attached list specifies equipment and supplies that are no longer functional or can no longer be successfully used in the Great Neck Public Schools. An invitation to bid on these items will be published in local newspapers. Proceeds of such sales will be deposited in the appropriate general fund account, and the district will dispose of any unsold surplus items in the manner required.

RECOMMENDATION

It is recommended that the Board of Education accept the above recommendation to approve and advertise the attached list of Surplus Equipment and Supplies.

RECEIVED

NOV - 6 2017

Superintendent's Office

Ms. Barbara Berkowitz, President
Board of Education
Great Neck Public Schools
345 Lakeville Road
Great Neck, NY 11020

Dear Ms. Berkowitz and Members of the Board,

The Parkville PTO would like to make a donation to Parkville School. The items purchased include:

Equipment for the indoor playscape:

1. Kidnastic Wavy Step
2. FH DLX 2 FT Panel FLD Mat 5x14
3. Highlands Climber
4. Foam Steps
5. Jungle Jumparoo

Alternative seating for classroom use:

1. Plastic scoop rocker (quantity 18)

It was recommended by staff and administration that replacement of old equipment and the addition of some new pieces would enhance the indoor play area. The alternative seating was requested in order to help some children get the support they need to perform at their optimal potential in the classroom.

We appreciate your consideration and look forward to your response.

Sincerely,

Maria Condello
Parkville PTO Co-President

Debra Shalom Principal
