

IMPORTANT REMINDER

Meningococcal Vaccine (MenACWY or MCV4)

Dear Parent/guardian,

All 12th grade students must have received a dose on or after their 16th birthday regardless of the number of doses received before 16 years of age for September 2018. (Required by New York State Department of Health)

Please contact your child's physician, as soon as possible, to determine if your child needs this vaccination. **You must submit an updated vaccination record or proof of immunization from your physician, to attend school for September 2018-2019 school year.** (If your child is due for a physical, bring this letter with you to show your pediatrician.)

Please submit this record of vaccination, by September 5, 2018 in order for your child to remain in school.

Thank you for your cooperation in this very important matter. If you have any questions, please call my office, during summer hours. (listed on my website.)

Edith McCaffrey RN
