Bus conduct forms must be submitted to the building principal's office as soon as possible after an infraction. The principal/designee will notify the bus driver of the outcome of the review as soon as possible.

(i) Pupils shall be taken on and discharged from the bus only at designated stops and at the extreme right of the road or other location as designated by the District. No pupils shall be permitted to get on or off the bus while it is in motion. No school bus driver shall start the bus, or signal the driver of any vehicle who has stopped in compliance with the provision of Section 3208 of the School Laws of Pennsylvania to proceed, until after each child on the vehicle has been safely seated, or when exiting, has reached a place of safety.

(j) No school bus shall be loaded beyond the seating capacity as set forth in the minimum standards as indicated on "Approved School Bus Sticker." All other public conveyances, when transporting school children under contract, shall provide adequate seating for each student with no standees permitted.

(k) Use of tobacco, drugs or alcoholic beverages in the buses or on school property is prohibited at all times. Contractors will enforce Lakeview School District policies including the requirement that there is no smoking allowed at any time on school buses used in the School District. Refer to Board Policy - #323.

(l) In the event the School District would institute any additional safety standards for the transportation of students, the Contractor agrees to install and/or implement such safety enhancements.

15. PUPIL SUPERVISION

(a) The District delegates to the contractor the necessary authority to supervise and control students on buses and vans in accordance with District policies. Authorization shall not include corporal punishment, or the right to eject any offender under circumstances other than those which present an immediate danger likely to result in injury. Contractor shall take all reasonable precautionary measures to ensure the safety of the ejected student if such an emergency situation arises. Contractor must immediately contact the Transportation Supervisor in the event any student voluntarily exits the bus or is ejected from the bus for safety reasons from the bus at a location other than the bus stop at which the student typically exits the bus. Bus conduct reports must be completed by the driver and given to the student's building administrator with a copy forwarded to the Transportation Supervisor.

(b) Pupils shall be taken on and discharged from the bus only at designated stops and at the extreme right of the road or other location as designated by the District. No pupils shall be permitted to get on or off the bus while it is in motion. No school bus operator shall start the bus, or signal the driver of any vehicle who has stopped in compliance with the provision of Section 3208 of the School Laws of Pennsylvania to proceed, until after each child on the vehicle has been safely seated, or when exiting, has reached a place of safety.

(c) No person other than a school pupil shall be transported in a school vehicle except in an emergency or when designed by the Superintendent or his/her designee. Nothing except passenger's belongings shall be transported in the school vehicle while it is engaged in transporting pupils to and from school. Exceptions to this section include the transportation of driver instructors, supervisors, and aids.

16. STUDENTS WITH SPECIAL NEEDS

Drivers assigned to transport disabled, special education, and early intervention program students shall be given special training concerning the techniques of handling such children. The School District reserves the right to place its own personnel on these vehicles to assist these students for physical, emotional, or disciplinary reasons. Any revision to the transportation assignment of a student who has been identified with a disability under IDEA, Section 504 of the Rehabilitation Act and any other applicable law shall be made by that student's multidisciplinary team, IEP team, Section 504 team or other authorized officials. Contractor and its drivers are expressly not authorized to make any decisions regarding the transportation of these students.

17. SCHOOL CANCELLATION OR DELAYED START OF SCHOOL

The Superintendent, or designee, shall have the sole responsibility of altering, delaying or canceling bus service during inclement weather. The contractor agrees to advise the District of road conditions when requested. The contractor further agrees to abide by the decision of the Superintendent, or designee, and operate on the assigned schedules and routes.

18. REGULATIONS AND COMPLIANCE

The contractor must comply with the regulations of the Pennsylvania Department of Education, the laws of the Commonwealth of Pennsylvania, the regulations of the Pennsylvania Department

of Transportation, any pertinent federal laws and the policies, rules and regulations of the Lakeview School District.

19. NON-TRANSFERABLE CONTRACT

The contract shall not be transferred, subcontracted or assigned without the prior approval in writing of the Lakeview School District Board of Directors. Such approval shall not be unreasonably withheld.

20. DISPUTE

Any dispute or breach of any of the terms of this Agreement that cannot be resolved by the parties hereto that may constitute a cause for termination of said Agreement shall be submitted to the company president in writing, who will within ten (10) days of receiving said notice be responsible for submitting an action plan that meets District approval. If the Contractor fails to comply with the approved action plan within 30 days thereafter to the satisfaction of the School Board, the District then has the right to terminate this Agreement.

21. FORFEITURE

(a) If the contractor materially fails to perform satisfactorily, or to furnish safe and adequate personnel and equipment, or otherwise fails to comply with the terms of the contract, including home to school transportation, athletic/band trips, and field trips, and additional routes, the School District may cancel the contract by written notice after providing 30 days to cure unsatisfactory performance and procure services elsewhere. The School District may in its sole discretion offset subsequent payments.

(b) If the contractor fails to perform satisfactorily any of the transportation services required under the provisions of the contract; the contractor shall not be paid for those days in which it fails to provide transportation services or continuously fails to meet the required time schedule. Should the School District be able to obtain such transportation services elsewhere, the contractor shall additionally be liable and, upon submission of any invoice by the School District, pay the additional cost to the School District of obtaining the transportation services above the contractual rate in effect between the contractor and the Lakeview School District. This paragraph is in effect and applies to any period of time during which the contractor fails to perform satisfactorily the services required under this Agreement, including any 30 day cure period described in Paragraph (a) of this Section.

22. HUMAN RELATIONS ACT

The provisions of the Pennsylvania Human Relations Act, Act 222 of October 27, 1995 P.L. 744 (43 P.S. Section 951, et. Seq.) of the Commonwealth of Pennsylvania prohibit discrimination because of race, religious creed, ancestry, age, sex, national origin, handicap or disability by employers, employment agencies, labor organizations, contractors and others. The contractor shall agree to comply with the provisions of the Act as amended that are made part of this specification.

23. CHANGES IN APPLICABLE LAW

In the event there are any revisions under any applicable law, or the promulgation of any new Pennsylvania, federal or any other law or regulation pertaining to the transportation of students or any other aspect of this Agreement, the Parties agree to negotiate in good faith the effect that new or revised law has on the provision of services and payment for those services under this Agreement and shall revise this Agreement if necessary.
