Academic Deadlines

Important Academic Deadlines for Seniors Related to Participation in Graduation Ceremonies

1. All coursework in a credit recovery / Edgenuity / Odysseyware format must be successfully completed by seniors **prior to 11:59 p.m. on May 20th**. Failure to meet this deadline will result in non-completion of the course and the student will not be allowed to participate in graduation exercises.
2. If a teacher does not accept late work, all work must be turned in by the deadlines instituted by the teacher.
3. If a teacher does accept late work, all of that work must be completed and submitted by 3:45 p.m. on Friday, May 24 to be accepted for credit. Work submitted after that time will not be graded.
4. Teachers of seniors may have a semester exam/project. These will have due dates and deadlines during the final week of school for seniors, May 28 & 29. The submission of the final exam/project will be the only coursework accepted for grading the week of graduation. These submissions will only be accepted through the last day of scheduled classes.
5. If a senior fails a course required for graduation in the 2nd semester of their final year of school, the student can begin credit recovery work in that course on the Monday following graduation. A student in this situation will not be allowed to participate in graduation exercises.
